Lisa Thompson returns to the world of *The Goldfish Boy* in her new novel. Melody Bird has discovered an abandoned old building in the corner of the graveyard... Though it's dark and creepy, she can't resist its pull. When she goes to explore, she finds a mysterious boy hiding out there. Hal tells Melody that he's a spy, using the house as a base for his undercover surveillance of a nearby suspected criminal. He's very secretive about the details, but Melody comes to trust him and starts helping him with his mission. Melody is determined to decode the strange riddles Hal finds hidden in the graveyard, but her friends Matthew and Jake question Hal's story. They decide to turn the tables and find out the truth about him, uncovering the biggest mystery of all... This extraordinary novel set in the world of *The Goldfish Boy* is a page-turning mystery with a sensitive story about friendship and trust at its core.

The vibrant and enigmatic Exeter Riddles (ca. 960-980) are among the most compelling texts in the field of medieval studies, in part because they lack textually supplied solutions. Indeed, these ninety-five Old English riddles have become so popular that they have even been featured on posters for the London Underground and have inspired a sculpture in downtown Exeter. Modern scholars have responded enthusiastically to the challenge of solving the Riddles, but have generally examined them individually. Few have considered the collection as a whole or in a broader context. In this book, Patrick Murphy takes an innovative approach, arguing that in order to understand the Riddles more fully, we must step back from the individual

puzzles and consider the group in light of the textual and oral traditions from which they emerged. He offers fresh insights into the nature of the Exeter Riddles' complexity, their intellectual foundations, and their lively use of metaphor.

Unriddling the Exeter Riddles Scholastic Inc.

Historians have long relied on Bede's Ecclesiastical History for their narrative of early Christian Anglo-Saxon England, but what material lay behind Bede's own narrative? What were his sources and how reliable were they? How much was based on contemporary material? How much on later evidence? What was rhetoric? What represents his own agendas, deductions or even inventions? This book represents the first systematic attempt to answer these questions for Bede's History, taking as a test case the coherent narrative of the Gregorian mission and the early Church in Kent.

Through this critique, it becomes possible, for the first time, to catalogue Bede's sources and assess their origins, provenance and value - even reconstructing the original shape of many that are now lost. The striking paucity of his primary sources for the period emerges clearly. This study explains the reason why this was the case. At the same time, Bede is shown to have had access to a greater variety of texts, especially documentary, than has previously been realised. This volume thus reveals Bede the historian at work, with implications for understanding his monastery, library and intellectual milieu together with the world in which he lived and worked. It also showcases what can be achieved using a similar methodology for the rest of the Ecclesiastical History and for other contemporary works. Most importantly, thanks to this study, it is now feasible - indeed necessary - for subsequent historians to base their reconstructions of the events of c.600 not on Bede but on his sources. As a result, this book lays the foundations for future work on the conversion of Anglo-Saxon England and offers the prospect of replacing and not merely refining Bede's narrative of the history of early Christian Kent.

Elements of Language Manchester University Press

"In the past two decades, scholarly assessment of the Bayeux Tapestry has begun to consider issues beyond its sources and analogues, dating, origin and purpose, and site of display." "This volume demonstrates the utility of more recent interpretive approaches to this famous artefact, especially with regard to newer concepts of gender, materiality, reception theory, cultural criticism, performativity, spatial narrative, New Historicism, and post-structuralism." "The essays frame vital issues for the future of Tapestry scholarship: they provide original perspectives, and engage with myriad critical concerns: the (New-) historical layering of meaning, representational systems of gender difference, visibility, memory and architecture, modern obsessions with author-like patronage, post-colonial notions of territory and saintly relics, and the function of historiography and media." "A bibliography of three centuries of critical writings completes the work." --Book Jacket.

The Anglo-Saxon period, stretching from the fifth to the late eleventh century, begins with the Roman retreat from the Western world and ends with the Norman takeover of England. Between these epochal events, many of the contours and patterns of English life that would endure for the next millennium were shaped. In this authoritative work, N. J. Higham and M. J. Ryan reexamine Anglo-Saxon England in the light of new research in disciplines as wide ranging as historical genetics, paleobotany, archaeology, literary studies, art history, and numismatics. The result is the definitive introduction to the Anglo-Saxon world, enhanced with a rich array of photographs, maps, genealogies, and other illustrations. The Anglo-Saxon period witnessed the birth of the English people, the establishment of Christianity, and the development of the English language. With an extraordinary cast of characters (Alfred the Great, the Venerable Bede, King Cnut), a long list of artistic and cultural achievements (Beowulf, the Sutton Hoo ship-burial finds, the Bayeux Tapestry), and multiple dramatic events (the Viking invasions, the Battle of Hastings), the Anglo-Saxon era lays legitimate claim to having been one of the most important in Western history.

The Anglo-Saxon World Bloomsbury Publishing USA

From the best-selling author of *The Seven Daughters of Eve*, a perfect book for anyone interested in the genetic history of Britain, Ireland, and America. One of the world's leading geneticists, Bryan Sykes has helped thousands find their ancestry in the British Isles. Saxons, Vikings, and Celts, which resulted from a systematic ten-year DNA survey of more than 10,000 volunteers, traces the true genetic makeup of the British Isles and its descendants, taking readers from the Pontnewydd cave in North Wales to the resting place of the Red Lady of Paviland and the tomb of King Arthur. This illuminating guide provides a much-needed introduction to the genetic history of the people of the British Isles and their descendants throughout the world.

Discover how to: Lead all students to deeper learning, grounded in critical thinking, creative problem solving, communication, collaboration—and the “5th C,” cultural awareness Support the latest standards for college and career readiness and English Language Proficiency/Development Incorporate technology into teaching and learning in innovative ways, adaptable to varying resource levels Implement K-12 lesson plans that support individualized, project-based learning

Domesday Book and Beyond Elizabeth Springer

This new edition of an established text provides a succinct and up-to-date historical overview of the story of English literature. Focusing on how writing both reflects and challenges the periods in which it is produced, John Peck and Martin Coyle combine close readings of key texts with recent critical thinking on the interaction of literary works and culture. Providing a lively introductory guide to English literature from Beowulf to the present day, the authors write in their characteristically lucid and accessible style. A true masterpiece of clarity and compression, this is essential reading for undergraduate students coming across the vast areas of English literature for the first time and looking for a way of making critical sense of the texts being studied. In addition, the concise nature and narrative structure of this book makes it excellent reading for general readers. New to this Edition: - Revised chapter on twentieth century literature - Complete new chapter on twenty-first century literature - Updated Chronology and Further Reading section

The History of the English Church and People BoD - Books on Demand

Sonichu #0 is the first issue of Christian Weston Chandler's magnum opus. At this initial stage, the comic was almost entirely about Sonichu and Rosechu, although bits of Chris's life still managed to find their way in. The "hand-drawn premiere issue" is a special zero issue. In the comics industry, zero issues are used as either a sales-enhancing gimmick (Image Comics is a notable user of this) or a special preview of work that will not truly begin until issue #1. Given that it previews nothing, which one Chris was going for is probably the former, though given that it's not legally able to be sold, it fails even that. The comic consists of Sonichu's first three adventures. In "Sonichu's Origin", the core cast of the series is introduced as Sonichu and Rosechu are created. Then, in "Genesis of the Lovehogs", the two protagonists meet and immediately fall in love. Finally, in "Sonichu vs. Naitsirhc", our yellow hero does battle with his first real villain, who but foreshadows the challenges awaiting the hedgehogs in the following issue. Bonus material in Sonichu #0 includes various advertisements for imaginary Sonichu products, "classic" Sonichu comic strips drawn outside of the narrative of the main comic book, and the first "Sub-Episode".

Beowulf Laurel Leaf

England, AD 879. Called away from his own wedding to accompany his brother on an urgent diplomatic mission for King Alfred of Wessex, the young royal official Lord Edwin of Wimborne becomes suspicious of an "accidental" death that occurs during their stay in neighboring Mercia. As Edwin investigates, he uncovers a tangle of deadly ambitions around the Mercian kingship. Back at home, Edwin's bride Molly becomes embroiled in events that may have far-reaching consequences as well. Can Edwin unravel the true course of events in time to save an innocent man and foil a disastrous political plot bolstered by a band of renegade Vikings? When Molly finds the royal estate of Wimborne prey to neglect, embezzlers and seething local discontent, can she turn the tide and make it safe for King Alfred? **Anglo-Saxon Mystery**

Leechdoms, Wortcunning, and Starcraft of Early England Hodder Education

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

The Anglo-Saxon Age Corwin Press

The discovery of the Staffordshire Hoard in 2009 has captured the imagination and stimulated renewed interest in the history and culture of the Anglo-Saxons. The discovery poses some interesting questions. Who owned the treasure and how did they acquire it? Was it made locally or did it originate elsewhere? Why was it buried in an obscure field in the Staffordshire countryside? To answer these questions, Martin Wall takes us on a journey into a period that still remains mysterious, into regions and countries long forgotten, such as Mercia and Northumbria. This is a story of the 'Dark Ages' and the people who lived in them, but darkness is in the eye of the beholder. This book challenges our notions of these times as barbaric and backward to reveal a civilization as complex, sophisticated and diverse as our own.

Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

On Early English Pronunciation, with Especial Reference to Shakespeare and Chaucer Routledge

He comes out of the darkness, moving in on his victims in deadly silence. When he leaves, a trail of blood is all that remains. He is a monster, Grendel, and all who know of him live in fear. Hrothgar, the king of the Danes, knows something must be done to stop Grendel. But who will guard the

great hall he has built, where so many men have lost their lives to the monster while keeping watch? Only one man dares to stand up to Grendel's fury --Beowulf.
