Conflicting Visions Heinemann Educational Publishers

From the war on terror to the global financial crisis, traditional concepts of world politics are being challenged on a daily basis. In these uncertain times, the study of international relations and the forces that shape them have never been more important. Written specifically for students who are approaching this subject for the first time, *World Politics* is the most accessible, coherent and up-to-date account of the field available. It covers the historical backdrop to today's political situations, the complex interactions of states and non-state actors, the role of political economy, human security in all its forms, and the ways in which culture, religion and identity influence events. *World Politics* takes a new approach that challenges traditional interpretations, and will equip students with the knowledge and the confidence needed to tackle the big issues.

The World in the 20th Century Inter-American Development Bank

'Penguin Readers' are simplified texts designed in association with Longman to provide a step-by-step approach to the joys of reading for pleasure.

State of Silence Alfred A. Knopf

During the Cold War, Radio Free Europe and Radio Liberty broadcast uncensored news and commentary to people living in communist nations. As critical elements of the CIA's early covert activities against communist regimes in Eastern Europe, the Munich-based stations drew a large audience despite efforts to jam the broadcasts and ban citizens from listening to them. This history of the stations in the Cold War era reveals the perils their staff faced from the Soviet Union, Bulgaria, Romania and other communist states. It recounts in detail the murder of writer Georgi Markov, the 1981 bombing of the stations by "Carlos the Jackal," infiltration by KGB agent Oleg Tumanov and other events. Appendices include security reports, letters between Carlos the Jackal and German terrorist Johannes Weinrich and other documents, many of which have never been published.

Access to History: The Cold War 1941-95 Third Edition CHANGDER OUTLINE

Chicago Whispers illuminates a colorful and vibrant record of lesbian, gay, bisexual, and transgendered people who lived and loved in Chicago from the city's beginnings in the 1670s as a fur-trading post to the end of the 1960s. Journalist St. Sukie de la Croix, drawing on years of archival research and personal interviews, reclaims Chicago's LGBT past that had been forgotten, suppressed, or overlooked. Included here are Jane Addams, the pioneer of American social work; blues legend Ma Rainey, who recorded "Sissy Blues" in Chicago in 1926; commercial artist J. C. Leyendecker, who used his lover as the model for "The Arrow Collar Man" advertisements; and celebrated playwright Lorraine Hansberry, author of *A Raisin in the Sun*. Here, too, are accounts of vice dens during the Civil War and classy gentlemen's clubs; the wild and gaudy First Ward Ball that was held annually from 1896 to 1908; gender-crossing performers in cabarets and at carnival sideshows; rights activists like Henry Gerber in the 1920s; authors of lesbian pulp novels and

publishers of "physique magazines"; and evidence of thousands of nameless queer Chicagoans who worked as artists and musicians, in the factories, offices, and shops, at theaters and in hotels. *Chicago Whispers* offers a diverse collection of alternately hip and heart-wrenching accounts that crackle with vitality.

World History Open Road Media

In 1974, India shocked the world by detonating a nuclear device. In the diplomatic controversy that ensued, the Canadian government expressed outrage that India had extracted plutonium from a Canadian reactor donated only for peaceful purposes. In the aftermath, relations between the two nations cooled considerably. As *Conflicting Visions* reveals, Canada and India's relationship was turbulent long before the first bomb blast. From the time of India's independence from Britain, Ottawa sought to build bridges between Indian and the West through dialogue and foreign aid. New Delhi, however, had a different vision for its future, and throughout the Cold War mistrust between the two nations deepened. Ryan Touhey draws on archival records, personal papers, and interviews from Canada, India, the United States, and Britain to trace the breakdown of this complicated bilateral relationship. In the process, he deepens our understanding of the history of Canadian foreign aid and international relations during the Cold War.

Grey is the Color of Hope Copyright Office, Library of Congress

This major new handbook provides the definitive and comprehensive analysis of the UN and will be an essential point of reference for all those working on or in the organization.

Canada and the Cold War Basic Books

Featuring 170 striking photographs, *Abandoned Cold War Places* is a fascinating visual history of the relics left behind by both sides from the late 1940s to the collapse of the Soviet Union in 1991. *The World Wide Military Command and Control System evolution and effectiveness* Prentice Hall *Cold War Warriors* tells the little-known story of the operations by the Royal Australian Air Force's P-3 Orions during the latter years of the Cold War. The aircraft's largely low-profile missions, usually flown far from their base, were often shrouded by confidentiality. Now, access to declassified documents has allowed this story to be told. From the lead-up to their delivery in 1968, to the end of the Cold War in 1991; from the intrigues associated with the procurement of the aircraft and subsequent upgrades, to perilous moments experienced by the aircraft and their crews while conducting operations; and from triumphs to tragedies; *Cold War Warriors* documents the P-3's service in the RAAF in the context of the unfolding domestic and international events that shaped the aircraft's evolving missions. As well as being a story of the RAAF Orions and their growing capabilities, *Cold War Warriors* is also the story of the crews who flew the aircraft. Using their words, *Cold War Warriors* faithfully describes a number of incidents, both on the ground, and in the air, to provide a sense of the enormous breadth of service the P-3 Orion has provided to the Royal Australian Air Force, to Australia and to our allies.

The Cold War: a Very Short Introduction Hodder Education

This paper focuses on the formulation of doctrine since World War II. In no comparable period in

history have the dimensions of the battlefield been so altered by rapid technological changes. The need for the tactical doctrines of the Army to remain correspondingly abreast of these changes is thus more pressing than ever before. Future conflicts are not likely to develop in the leisurely fashions of the past where tactical doctrines could be refined on the battlefield itself. It is, therefore, imperative that we apprehend future problems with as much accuracy as possible. One means of doing so is to pay particular attention to the business of how the Army's doctrine has developed historically, with a view to improving methods of future development.

Ritchie Owendale's study of the roots of the Arab-Israeli conflicts first appeared in 1984 before being reissued as a Second Edition in 1992.

The Silent War DIANE Publishing

This book presents a comprehensive, systematic analysis of Russia- Iran relations in the period following the collapse of the Soviet Union in 1991. It discusses the key areas - such as trade, arms sales, nuclear developments, and potential areas of friction in the Caspian Sea - where co-operation is possible; charts different phases of increasing and declining co-operation; and relates these changes to security considerations and domestic factors in both countries. Throughout, the book argues that the potential for co-operation between the two countries is much greater than people realize, and it concludes by assessing how Russia-Iran relations are likely to develop in future.

Cold War Test Pilot UBC Press

Riveting accounts of the Cold War power struggles from the New York Times-bestselling author and "nation's leading presidential historian" (Newsweek). The Crisis Years: A national bestseller on the complex relationship between President John F. Kennedy and Soviet Premier Nikita Khrushchev, this "definitive" history covers the tumultuous period from 1960 through 1963 when the Berlin Wall was built, and the Bay of Pigs invasion and the Cuban Missile Crisis brought the United States and Soviet Union to the brink of nuclear war (David Remnick, The New Yorker). "Impressively researched and engrossingly narrated." —Los Angeles Times Mayday: On May Day 1960, Soviet forces downed a CIA U-2 spy plane flown by Francis Gary Powers, two weeks before a crucial summit. This forced President Dwight Eisenhower to decide whether to admit to Nikita Khrushchev—and the world—that he had secretly ordered the flight. Drawing on previously unavailable CIA documents, diaries, and letters, as well as the recollections of Eisenhower's aides, Beschloss reveals the full high-stakes drama. "One of the best stories yet written about just how those grand men of diplomacy and intrigue conducted our business." —Time At the Highest Levels: Cowritten with Strobe Talbott, At the Highest Levels exposes the complex negotiations between President George Bush and Soviet Premier Mikhail Gorbachev. In December 1989, the Berlin Wall had fallen, millions across the Eastern Bloc were enjoying new freedoms, and the USSR was crumbling. But a peaceful end to the Cold War was far from assured, requiring an unlikely partnership, as the leaders of rival superpowers had to look beyond the animosities of the past and embrace an uncertain future. "Intimate and utterly absorbing." —The New York Times

Transparent Governance in an Age of Abundance Lorimer

Canada and the Cold War is a fascinating historical overview of a key period in Canadian history. The focus is on how Canada and Canadians responded to the Soviet Union -- and to America's demands on its northern neighbour.
