What happens when the person you find most impossible becomes impossible to resist? The Hating Game meets The West Wing in this hilarious across-the-aisle romantic comedy debut about America's least likely couple. There's just one thing standing between liberal Senate staffer Kate Adams and passage of the landmark legislation she's been fighting for all year: Ben Mackenzie, intimidating gatekeeper for one of DC's most powerful conservative senators. After Kate and Ben lock horns in a meet-not-so-cute, they vow to take each other down—by any means necessary. Their ensuing power struggle gives new meaning to the term office politics: prank mail, spying, bets gone awry—nothing's off limits in their battle of wills. She thinks he's arrogant (and doesn't deserve those gorgeous green eyes). He thinks she's too quick to judge (and irresistibly distracting). But as their endless game of one-upmanship becomes Kate's favorite part of the day, she starts to wonder if her feelings for Ben are closer to attraction than animosity...and maybe their sparring is flirting. When Kate realizes there's more to Ben than meets the eye, she's forced to confront her biggest fear: In her sworn enemy, she may have found her perfect match. Perfect for fans of Sally Thorne and Jasmine Guillory, *Meet You in the Middle* is a modern, heartfelt and hopeful romance that hilariously explores what happens when you fall in love with your political polar opposite.

Enjoy a FREE taste of the Ivy Years Series! A blind date. A nervous sorority girl. A mean-spirited fraternity prank. What could go wrong? As a sorority pledge, there are commandments that Katie Vickery must live by. One: thou shalt not show up for the party without a date. Two: the guy shall be an athlete, preferably an upperclassman. Unfortunately, Katie just broke up with her jerkface football player boyfriend. Even worse, her last encounter with him resulted in utter humiliation. She'd rather hide under the bed than attend a party where he'll be. Yet staying home would mean letting him win. Enjoying herself tonight was out of the question. She could only hope to get through the evening without her blind date noticing that he was spending the evening with a crazy person. Andrew Baschnagel is living proof that nice guys don't finish first. He's had his eye on Katie since the moment her long legs waltzed into his art history class. So when her roommate sets Andy up to be Katie's date, he'd be crazy to say no. Unfortunately, he doesn't have a lot of practice with either girls or parties. Yet. Discover the New York Times bestseller that SLJ called "A fantastic plot that makes readers think about the blurred lines between right and wrong." After a brutal nuclear war, the United States was left decimated. A small group of survivors eventually banded together, but only after more conflict over which family would govern the new nation. The Westfalls lost. Fifty years later, peace and control are maintained by marrying the daughters of the losing side to the sons of the winning group in a yearly ritual. This year, it is my turn. My name is Ivy Westfall, and my mission is simple: to kill the president's son—my soon-to-be husband—and return the Westfall family to power. But Bishop Lattimer is either a very skilled actor or he's not the cruel, heartless boy my family warned me to expect. He might even be the one person in this world who truly understands me. But there is no escape from my fate. I am the only one who can restore the Westfall legacy. Because Bishop must die. And I must be the one to kill him... Bestselling authors Sarina Bowen and Lauren Blakely team up for the first time in an enemies-to-lovers, opposites-attract, irresistibly sexy standalone romance between the best man and the other best man! In my defense, I was left alone with a bottle of single-malt and a life-long penchant for protecting my baby sister. Still, that's no excuse to send ten drunk-texts on why her hasty marriage would be a mistake. If only I had just texted my sister. But nope. I accidentally sent the message to her, her groom, and his super hot wingman. I also used the phrase "super hot wingman," so I'd like to die now. Instead, I have to plan a wedding with the aforementioned hottie and share a too-small guesthouse in steamy Miami. Three days in the sun with the cocky, charming former athlete who likes to push my buttons? Fine, two can play at that let's-infuriate-each-other game. Until Asher ups

the stakes with one wildly sexy suggestion. A no-strings fling, then I go back to my single dad life in New York, and he returns to his star-studded one. Sign me up. But the more nights I spend with the other best man, the more I want days too, and that just can't happen. Especially when I find out the real reason why... Contents Include: First times, a secret to-do list, champion-level flirting, fast cars, #eggplants, and two men who look good in formal wear.

Lachlan and Keegan managed to get themselves caught by Adriel, the big bad lamia who murders and hunts Sentinels. Time is running out, and if my Chosen and I can't get battle ready, then we're destined to become more names on the list of the missing. It's time to meet the lamia who's been coming for me my whole life. It's time to do what no one else has been able to do. It's time to cut the fucker's head off. Wanted: One roommate to share a 3-bedroom house, split the rent, and ideally not be the guy I can't stop thinking about. I'm a man with too many secrets, so the last thing I need is a new roommate with a sexy smile and blue eyes that see right through me. Eight years ago, Roderick left town after high school. We're not friends. I owe him nothing. But back then, I let one of my secrets slip, and he's the only one who noticed. Part of me knows I should run far, far away. But the other part wants him to come upstairs and spend the night. But if I let him in, I could lose everything. Seeking: a room to rent in town. I'm tidy, have no pets, and I will feed you homemade bread. I should probably add: Gay AF, and has no filter. It's no wonder my new landlord is so wary of me. A smarter man would ignore those hot glances from Kieran Shipley. The broody lumberjack wants more from me than another homemade pretzel, but if I push my luck, I'll end up back on the street. Too bad I've never been smart with my heart... Passionate, sexy, and emotional, Roommate brings all the feels and all the delicious heat! Freshman Lianne Challice is known to millions of fans as Princess Vindi. But sometimes a silver screen sorceress just wants to hang up her wand, tell her manager to shove it, and become a normal college student. Too bad that's harder than it looks. She's never lived a normal life. She hasn't been to school since kindergarten. And getting close to anyone is just too risky -- the last boy she kissed sold the story to a British tabloid. But she can't resist trying to get close to Daniel "DJ" Trevi, the hot,

broody guy who spins tunes for hockey games in the arena. Something's haunting his dark eyes, and she needs to know more. DJ's genius is for expressing the mood of the crowd with a ten second song snippet. With just a click and a fade, he can spread hope, pathos or elation among six thousand screaming fans. Too bad his college career is about to experience the same quick fade-out as one of his songs. He can't get close to Lianne, and he can't tell her why. And the fact that she seems to like him at all? Incredible.

Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the Cult of Smart is destroyed.

A thoughtful, poignant novel that explores the creation of Artificial Intelligence—illuminating the very human need for communication, connection, and understanding. In a narrative that spans geography and time, from the Atlantic Ocean in the seventeenth century, to a correctional institute in Texas in the near future, and told from the perspectives of five very different characters, Speak considers what it means to be human, and what it means to be less than fully alive. A young Puritan woman travels to the New World with her unwanted new husband. Alan Turing, the renowned mathematician and code breaker, writes letters to his best friend's mother. A Jewish refugee and professor of computer science struggles to reconnect with his increasingly detached wife. An isolated and traumatized young girl exchanges messages with an intelligent software program. A former Silicon Valley Wunderkind is imprisoned for creating illegal lifelike dolls. Each of these characters is attempting to communicate across gaps—to estranged spouses, lost friends, future

readers, or a computer program that may or may not understand them. In dazzling and electrifying prose, Louisa Hall explores how the chasm between computer and human—shrinking rapidly with today’s technological advances—echoes the gaps that exist between ordinary people. Though each speaks from a distinct place and moment in time, all five characters share the need to express themselves while simultaneously wondering if they will ever be heard, or understood.
