 Ant Anstead's Building a Special brings the Haynes story full  
 circle, coming 61 years after the original Building a 750 Special  
 was written by John Haynes, Haynes Publishing's founder, when  
 he was still a schoolboy. This book is a TV tie-in, following the 12-  
 part TV series Ant Anstead Master Mechanic, aired on Motor  
 Trend, part of the Discover Network in the US and UK, following  
 Ant Anstead's build of his own-design 'special' car, taking

inspiration from the Alfa 158 - the first World Championship-  
 winning F1 car, which raced from the 1930s until the 1950s. The  
 12-part TV series followed Ant's build of the car, from the first  
 design ideas, through the construction, culminating in the debut  
 of the car during the 2019 US Grand Prix weekend in Austin,  
 Texas. The book follows Ant's personal build of the car, from the  
 selection of the donor MG TD for the chassis, and Alfa Romeo  
 Spider for the engine and gearbox, through modifying the  
 chassis, building the suspension, steering, brakes, bodywork and  
 interior, and putting all the components together to produce a  
 finished one-off 'special.' Content includes: Introduction The  
 history of specials Planning Donor car Chassis, suspension,  
 steering, rear axle Engine, fuel system, cooling system,  
 ancillaries, exhaust Gearbox Bodywork Braking system Cockpit  
 Wiring Preparation and painting Testing Setting up and Making  
 road legal.
