Nobel Peace Prize Laureate Aung San Suu Kyi—known to the world as an icon for democracy and nonviolent dissent in oppressed Burma, and to her followers as simply “The Lady”—has recently returned to international headlines. Now, this major new biography offers essential reading at a moment when Burma, after decades of stagnation, is once again in flux. Suu Kyi’s remarkable life begins with that of her father, Aung San. The architect of Burma’s independence, he was assassinated when she was only two. Suu Kyi grew up in India (where her mother served as ambassador), studied at Oxford, and worked for three years at the UN in New York. In 1972, she married Michael Aris, a British scholar. They had two sons, and for several years she lived as a self-described “housewife”—but she never forgot that she was the daughter of Burma’s national hero. In April 1988, Suu Kyi returned to Burma to nurse her sick mother. Within six months, she was leading the largest popular revolt in the country’s history. She was put under house arrest by the regime, but her party won a landslide victory in the 1990 elections, which the regime refused to recognize. In 1991, still under arrest, she received the Nobel Peace Prize. Altogether, she has spent over fifteen years in detention and narrowly escaped assassination twice. Peter Popham distills five years of research—including covert trips to Burma, meetings with Suu Kyi and her friends and family, and extracts from the unpublished diaries of her co-campaigner and former confidante Ma Thanegi—into this vivid portrait of Aung San Suu Kyi, illuminating her public successes and private sorrows, her intellect and enduring sense of humor, her commitment to peaceful revolution, and the extreme price she has paid for it.

For fans of Patricia Gibney, Angela Marsons, Robert Dugoni and Alex Barclay, Little Bones introduces Cathy Connolly, a bright young heroine set to take the world of crime fiction by storm. Attending what seems to be a routine break-in, troubled Detective Garda Cathy Connolly makes a grisly discovery: an old wedding dress - and, concealed in its hem, a baby's bones. And then the dress's original owner, Lavinia Grant, is found dead in a Dublin suburb. Searching for answers, Cathy is drawn deep into a complex web of secrets and lies spun by three generations of women. Meanwhile, a fugitive killer has already left two dead in execution style killings across the Atlantic - and now he's in Dublin with old scores to settle. Will the team track him down before he kills again? Struggling with her own secrets, Cathy doesn't know dangerous - and personal - this case is about to become... 'Instantly gripping, perfectly paced, and filled with a brilliant cast of characters' Alex Barclay

Great thinkers A-Z brings together 101 lively and concise snapshots of the people who have shaped Western thought from ancient times to today. The key figures from all major Western philosophical traditions and periods are here. Also included are other major thinkers, such as Freud, Darwin and Einstein. Who, while not philosophers themselves, have nevertheless had a major impact on philosophy. Together, these snapshots offer a full and fascinating overview of Western philosophy. Each entry locates a philosopher in their historical and intellectual context: provides a clear account of their principal writings and ideas: assesses their impact and importance; illustrates how they influenced, and were influenced by other, other philosophers; and gives suggestions for further reading. Great Thinkers A-Z is the ideal book for anyone interested in the history of Western thought and a valuable reference resource for students of philosophy and related disciplines.

The poems of the Epic Cycle are assumed to be the reworking of myths and narratives which had their roots in an oral tradition predating that of many of the myths and narratives which took their present form in the Iliad and the Odyssey. The remains of these texts allow us to investigate diachronic aspects of epic diction as well as the extent of variation within it on the part of individual authors - two of the most important questions in modern research on archaic epic. They also help to illuminate the early history of Greek mythology. Access to the poems, however, has been thwarted by their current fragmentary state. This volume provides the scholarly community and graduate students with a thorough critical foundation for reading and interpreting them.

With her debut novel, Thien-Kim Lam serves up a sexy second-chance romance about exes with unfinished business. When working together reignites their passion, will these former flames sizzle or get burned all over again? Trixie Nguyen is determined to make her sex toy business a success, proving to her traditional Vietnamese parents that she can succeed in a nontraditional career. She's made a fresh start in Washington DC, and her first pop-up event is going well—until she runs into the ex who dumped her. With a Post-it note. The last person Andre Walker expected to see in his soul food restaurant was the woman he left behind in New Orleans. Their chemistry is still scorching, but he's desperately trying to save his family restaurant from gentrifying developers. The solution? Partnering with his ex to turn Mama Hazel's into a vibrator pop-up shop for hungry and horny clients. Thanks to their steamy truce, both businesses start to sizzle and their red-hot desire soon reignites deeper feelings. But when Trixie receives an incredible career opportunity, will pride ruin their second chance at happiness?
