helps readers sort out
key views on the most
important debated

issues in New
Testament studies.
Well-known New
Testament scholar
Nijay Gupta fairly
presents the spectrum
of viewpoints on
thirteen topics and
offers reflections on
why scholars disagree
on these matters.
Written to be
accessible to students

advanced training in New Testament studies, this book will serve as an excellent supplementary text for New Testament introduction courses. Luke 1:1-9:20, Volume 35A Wipf and Stock Publishers

Achieving a PhD in Biblical Studies raises questions about different stages of the process commonly encountered by those who venture into the academic world. In *Prepare, Succeed, Advance*, Nijay K. Gupta divides the procedure into three specific phases: Prepare, which focusses on choosing the right doctoral programme and applying for it; Succeed, which deals with the delicate challenge of writing a defensible thesis; and

Advance, in which he gives advice on how to face issues with success in career development in the academic field. Gupta offers discussions of and answers to the most pertinent and pressing questions that prospective and current doctoral students come in contact with in a guidebook that tackles any doubts from an authoritative perspective with a remarkable amount of personal experience.

Cosmology and New Testament Theology
Wipf and Stock Publishers

This volume brings together respected biblical scholars to evaluate the turn toward "empire criticism" in recent New Testament scholarship. While

praising the movement for its deconstruction of Roman statecraft and ideology, the contributors also provide a salient critique of the anti-imperialist rhetoric pervading much of the current literature.

[Luke 9:21-18:34, Volume 35B](#) Bloomsbury Publishing The seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text. Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism, followed by sections of essays on these topics:

definitions of key terms; critiques of current theory and method; methods of establishing textual relationships; studies of the papyri with respect to text-critical method; and guidelines for the use of patristic evidence. --From publisher's description.

**Purity and
Worldview in the
Epistle of James**

InterVarsity Press
Arguing against restricting the meaning of purity language to the individual moral sphere (as many commentaries do), the central argument of *Purity and Worldview in the Epistle of James* is that purity language both articulates and constructs the worldview in James's epistle. Lockett offers a taxonomy of purity language, applied as a

heuristic guide to understand the function of purity and pollution in the epistle. Through this analysis the study concludes that James is not calling for sectarian separation, but rather demonstrates a degree of cultural accommodation while calling forth specific socio-cultural boundaries between the readers and the world.

In the Word: a Journal for Deeper Bible Study
Zondervan Academic
Troubling Jeremiah presents essays by Jeremiah scholars who are troubled by the biblical book and give the scholarship on Jeremiah trouble in turn. Essays seek to move beyond the Duhm-Mowinckel source criticism of the book to address

matters of metaphor, final form, intertextuality, and the relationship of the book to various audiences of readers. Taken together, the 24 essays in this volume press for an end to 'innocent' readings of Jeremiah inasmuch as current models prove inadequate for troubling the very Jeremiah they have already helped to reveal.

Baker Academic Ex Auditu began as the journal incorporating the papers of the Fredrick Neumann Symposium of Princeton Theological Seminary. After the first four volumes the journal began publishing the papers from the North Park Symposium on the Theological Interpretation of

Scripture. The intent from the first has been to provide a forum for doing interdisciplinary theology from a biblical perspective for the benefit of the Church. Each annual publication focuses on a topic crucial to the life of today's Church. Additionally, each issue contains an annotated bibliography and a sermon, which makes it a practical guide for pastors. New Testament Studies. An International Journal Published Quarterly Under the Auspices of Studiorum Novi Testamenti Societas
 A&C Black
 One of the daunting challenges facing the New Testament interpreter is achieving familiarity with the immense corpus of related literatures. Scholars and students alike must have a fundamental understanding of the content, provenance, and utility for New Testament interpretation of a wide range of pagan, Jewish, and diversely Christian documents. Now in paperback, this thoroughly revised and significantly expanded edition of *Noncanonical Writings and New*

Testament Interpretation examines a vast range of ancient literature, masterfully distilling details of date, language, text, and translation into an eminently usable handbook. Craig Evans evaluates the materials' relevance for interpreting the New Testament and provides essential biographies.

 The *Word Biblical Commentary* delivers the best in biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is

judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization
 Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes:
 Pericope

Bibliography—a helpful resource containing the most important works that pertain to each particular pericope.

Translation—the author's own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation.

Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the

origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope.

Rhetorical or compositional features important to understanding the passage are also introduced here.

Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research.

Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in

the entire canon; (4) theological relevance to broader OT or NT issues. General Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

Journal of Biblical and Theological Studies
Paternoster

This is the first of a series of monograph supplements to the journal *New Testament Studies*. The main purpose of the series is to make possible publication of work which is too long for inclusion in the journal. The monographs will be published in either English, French or German: the present one is in English. Dr Gärtner's purpose is to follow in detail the parallels between the

New Testament and Qumran writings in their concept of the community - Christian or Essene - as a spiritual temple. The whole complex of relationships between Qumran and the early Church is studied with the purpose of extending our knowledge of the Jewish background of the New Testament. Dr Gärtner's conclusions lend strong support to the view that it is from this Qumran type of Judaism that the Christian Church arose.

In this revised and expanded edition of *Elements of Biblical Exegesis: A Basic Guide for Students and Ministers*, Michael J. Gorman presents a straightforward

approach to the complex task of biblical exegesis. Designed for students, teachers, and ministers, this hands-on guide breaks the task down into seven distinct elements. For each of these, Gorman supplies a clear explanation, practical hints, and suggested exercises to help the reader develop exegetical proficiency. The new edition addresses more fully the meaning of theological interpretation and provides updated print and internet resources for those who want to pursue further study in any aspect of exegesis. Appendixes offer three sample exegesis papers and practical guidelines for writing a research exegesis paper.

Apollos

J. Arthur Baird is the author of several important books in

New Testament studies, his best known perhaps being his Audience Criticism and the Historical Jesus. At his untimely death, he left a nearly complete manuscript, now published here. In this timely and relevant manuscript, Baird offers first a critical introduction to the historical paradigm, pointing out its limitations in terms of tracing the paradigm of New Testament formation. He then traces this development himself, beginning with the starting point of the Holy Word and noting its development through the context, theological interpretation, and application, to its manifestation in the apostles, schools and fathers. He concludes

with comments on its current implications. This book represents the last and lasting final thoughts of a scholar who was very much devoted to the importance of the Holy Word.
