**Buffettology** Touchstone Books

Trading and Investing is not only about the Profit-Loss, Figures, Technical and Fundamental Analysis but much more than that. In this book, you will have an all-round experience for life on what it takes to be a Complete Trader or Investor contemplating: 1. Magical money management 2. Formula no. 21 3. The EPW Model 4. The Discipline Factor and Discipline Survey 5. 212° The Spiritual Trader 6. Bull, Bear and Pig phases Till 211 degrees, water is hot and after reaching 212°, it starts boiling. And with the boiling water, comes steam, and with steam, you can empower even a train! In any profession, it's that one Extra Degree that makes a difference of being a Winner or a follower, and that extra degree can be attained through this book. Irrespective of whether you are a novice, professional Trader/Investor or a Business man, this book will change your perspective about Life, Money and, of course, will lead you on the successful path of trading & investing with a level of Serenity. It isn't what the book costs. It's what it will cost you if you don't read it. – Jim Rohn

**The Classic 1937 Edition** Harper Collins

Luminous essays on translation and self-translation by the award-winning writer and literary translator *Translating Myself and Others* is a collection of candid and disarmingly personal essays by Pulitzer Prize-winning author Jhumpa Lahiri, who reflects on her emerging identity as a translator as well as a writer in two languages. With subtlety and emotional immediacy, Lahiri draws on Ovid's myth of Echo and Narcissus to explore the distinction between writing and translating, and provides a close reading of passages from Aristotle's *Poetics* to talk more broadly about writing, desire, and freedom. She traces the theme of translation in Antonio Gramsci's *Prison Notebooks* and takes up the question of Italo Calvino's popularity as a translated author. Lahiri considers the unique challenge of translating her own work from Italian to English, the question "Why Italian?," and the singular pleasures of translating contemporary and ancient writers. Featuring essays originally written in Italian and published in English for the first time, as well as essays written in English, *Translating Myself and Others* brings together Lahiri's most lyrical and eloquently observed meditations on the translator's art as a sublime act of both linguistic and personal metamorphosis.

*Investing* Harvard Business Press

Why do good teams fail? Very often, argue Deborah Ancona and Henrik Bresman, it is because they are looking inward instead of outward. Based on years of research examining teams across many industries, Ancona and Bresman show that traditional team models are falling short, and that what's

needed—and what works—is a new brand of team that emphasizes external outreach to stakeholders, extensive ties, expandable tiers, and flexible membership. The authors highlight that X-teams not only are able to adapt in ways that traditional teams aren't, but that they actually improve an organization's ability to produce creative ideas and execute them—increasing the entrepreneurial and innovative capacity within the firm. What's more, the new environment demands what the authors call "distributed leadership," and the book highlights how X-teams powerfully embody this idea.

*The "dean" of Small-cap Stocks Explains how to Invest in Small, Rapidly Growing Companies Whose Stocks Represent Good Values* John Wiley & Sons

Legendary money manager Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful investment portfolio. Develop a Winning Investment Strategy—with Expert Advice from "The Nation's #1 Money Manager." Peter Lynch's "invest in what you know" strategy has made him a household name with investors both big and small. An important key to investing, Lynch says, is to remember that stocks are not lottery tickets. There's a company behind every stock and a reason companies—and their stocks—perform the way they do. In this book, Peter Lynch shows you how you can become an expert in a company and how you can build a profitable investment portfolio, based on your own experience and insights and on straightforward do-it-yourself research. In *Beating the Street*, Lynch for the first time explains how to devise a mutual fund strategy, shows his step-by-step strategies for picking stock, and describes how the individual investor can improve his or her investment performance to rival that of the experts. There's no reason the individual investor can't match wits with the experts, and this book will show you how.

Penguin Random House India Private Limited

Praise for *THE SMALL-CAP INVESTOR* "The great rewards of investing in the best small-cap companies are matched only by the risks of investing in the worst. Ian Wyatt is one of the few who not only shows you how to find the hidden gems, but also how to avoid the flea-ridden dogs. His new book is a must-read for all small-cap investors, especially in today's turbulent times." —Martin D. Weiss, author of the New York Times bestseller *The Ultimate Depression Survival Guide* "Small-cap stocks are now the best source of wealth-building because there is now little to zero research on them—use Ian's stock discovery methods and find the ten-bagger innovative companies underneath Wall Street's radar." —Tobin Smith, founder of ChangeWave Research and costar of the Fox News show *Bulls & Bears* "I love small-cap stocks. Why invest for 10% returns when you can find ten-baggers? But no one said it was easy. There are a zillion names and every one of them sounds like a winner. Ian Wyatt, in his very informative book, *The Small-Cap Investor*, shows you how to find them, analyze them, and ride them for all they're worth." —Andy Kessler, New York Times columnist and bestselling author of *Running Money* and *Wall Street Meat* "Ian has written the essential guide for anybody who wants to understand how to make big money in the stock market. His eight-step program shows how to identify and invest in the small companies that will become tomorrow's mega-winners." —Michael Moe, cofounder and CEO of NeXt Asset Management and author of *Finding*

the Next Starbucks "The one area of the entire financial markets where the individual investor can actually have an edge on the institutional investor is small-cap stocks. Ian Wyatt's book, *The Small-Cap Investor*, is your field manual for big profits. His strategies could help you find the big winners of tomorrow, perhaps even the next Cisco, Dell, Microsoft, or Wal-Mart." —Dr. Stephen Leeb, editor of *The Complete Investor* and author of *The Coming Economic Collapse: How You Can Thrive When Oil Costs \$200 a Barrel*

**How to Beat the Market Using History's Best Investment Strategies** Charisma Media  
India's economy has tripled in size over the past twenty years. And yet, the generation that propelled this growth is facing rising levels of stress and depression. Furthermore, the new generation entering the workforce today dreams big but faces a highly competitive work environment. How can both these generations fire on all cylinders and lead fulfilling lives? This book attempts to answer this question by using the principles of Simplicity, Specialization, Creativity and Collaboration. It delves into a treasure trove of material from global gurus as well as from highly successful Indian and American professionals, and it draws on the authors' own careers to show how readers can apply these principles to the fields of business and investment, even to life itself. *The Victory Project* is the ultimate guide to surviving and thriving in the professional and social domains, which are increasingly becoming tough, competitive, often cutthroat and deeply political.

*How To Use What You Already Know To Make Money In The Market* Lyle Stuart

BOOK DESCRIPTION Goans are presently experiencing the last generation of Poskim— young children taken in by wealthy families and retained most often as servants. In a narrative that spans Portuguese Goa to post the liberation of India's golden state, *Poskim: Goans in the Shadows* takes the reader to locales from Bombay to Lyon, Pune to Paris, and into the world of the Poskim people and Goan recipes. Through happiness and hope, despair and delusion, Rodricks writes of an unspoken, unheard of and shamefully silenced world of the last generation of a people that would soon be forgotten but for this book preserving their story for posterity.

*Getting Investing Right* Skyhorse

WHY THIS BOOK IS A MUST READ? This book opens doors to learning more about the following: 1. Earn money without sitting in front of the computer all day during market hours. 2. Identify multi baggers at an early stage and reap maximum profit. 3. Tackling delisted shares that are not traded in the stock exchange. 4. Selling naked options and increasing your chances of winning. 5. Information about IPO and how to get IPO funding. 6. Dematerialising physical shares. 7. The low-down on what BeES is and if it is a safe investment option. 8. Introduction to stock screeners. 9. Different types of scams to impact the stock market. 10. Saving income tax by forming a HUF. Packed with practical and easy to follow advice, everything is explained in simple language. This book is all you need to make a fortune out of the stock market, in a relaxed way.

*Secrets You Never Knew About Stock Market Investing and Trading* John Wiley & Sons

*One Up On Wall Street* How To Use What You Already Know To Make Money In The Market Simon and Schuster

*The Little Book That Builds Wealth* John Wiley & Sons

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000

copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, *The Little Book that Still Beats the Market* updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone "knows" it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, "Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there."

**The Knockout Formula for Finding Great Investments** John Wiley & Sons

Most people invest in the usual assets: real estate, gold, mutual funds, fixed deposits and stock markets. It's always the same four or five instruments. All they end up making is a measly 8 to 12 per cent per annum. Those who are exceptionally unfortunate get stuck in the middle of a crash and end up losing a lot of money. What if there was another way? What if you could make not 10 not 15 but 20 per cent compound annual growth rate (CAGR) on your investments? What if there was a way to grow your money four to five times whilst taking half the risk compared to the overall market? Bestselling author of *Gurus of Chaos* and *The Unusual Billionaires*, Saurabh Mukherjea puts his money where his mouth is. Saurabh follows the Coffee Can approach to high-quality, low-risk investing. His firm, Ambit Capital, is one the largest wealth managers in India which invests with this approach and delivers stupendous returns. In *Coffee Can Investing*, Saurabh will show you how to go about low-risk investments that generate great returns.

*The Republic of India* Penguin UK

Value investing is not just a system for success in the market. It is also an intellectual toolkit for achieving a deeper understanding of the world. In *The Joys of Compounding*, the value investor Gautam Baid builds a holistic approach to value investing and philosophy from his wide-ranging reading, combining practical approaches, self-cultivation, and business wisdom. Distilling investment and life lessons into a comprehensive guide, Baid integrates the strategies and wisdom of preeminent figures whose teachings have stood the test of time. Drawing on the work of investing greats like Warren Buffett, Charlie Munger, and Ben Graham, as well as philosophers and scholars, he artfully interweaves the lessons learned from his many teachers. Baid demonstrates their

practical applications in the areas of business, investing, and decision making and also shows that these ideas can be applied to one's own life with just as much reward. A celebration of the value investing discipline, this book also recounts Baid's personal experiences, testifying to his belief that the best investment you can make is an investment in yourself. The Joys of Compounding offers curated reflections on life and learning for all investors, investment enthusiasts, and readers seeking a dose of practical wisdom. This revised and updated edition highlights Baid's distinctive voice.

**The Little Book That Still Beats the Market** Notion Press

New York Times Best Seller! Over 2,700 5-Star Reviews From the author that brought you NEW YORK TIMES best sellers *The Book of Mysteries*, *The Harbinger*, and *The Paradigm* with over 3 MILLION copies sold "Rabbi Jonathan Cahn is a Jewish prophet who has been chosen to reveal end-time mysteries—vital material to put the last-days puzzle together!" —Sid Roth | Host, *It's Supernatural!* "The *Mystery of the Shemitah* is a detailed, compelling, and provocative book for anyone seeking answers to the future of America and the world." —Marcus D. Lamb | Founder, president, Daystar Television Network "The *Mystery of the Shemitah* is the most amazing thing I have ever read! *Secrets to Winning Big with Small-Cap Stocks* Wetland Business

"This timely book reminds us that innovation is agnostic about where it's created." —Satya Nadella, CEO, Microsoft Over and over, we see big legacy businesses getting beaten to the punch by energetic little start-ups. It seems like innovation can come from only the bottom up or from the outside in. But tech experts Vivek Wadhwa and Ismail Amla are here to tell you that "big equals slow and stodgy" is a myth. Based on decades of experience working with both the world's leading brands and disruptive start-ups, this book explores the opportunity legacy companies have to create new markets, supercharge growth, and remake their businesses by combining the mindset and tool belt of start-ups with the benefits of incumbency: boatloads of customer data, decades of brand equity, robust distribution channels, enormous financial asserts, and more. Wadhwa and Amla go deeply into why the pace and dynamics of innovation have changed so dramatically in recent years and show how companies can overcome obstacles like the Eight Deadly Sins of Stasis. Equally important, they provide a playbook on how to use their insights in your own company, team, or career. This fast-paced, anecdote-rich story rethinks modern innovation—a book every manager, executive, and ambitious employee will want to read.

*A Zebra in Lion Country* □□□□□□□□□□

How I Made 2,00,000 In The Stock Market Nicholas Darvas, author of *How I Made 2,000,000 in the Stock Market*, concluded that Wall Street was nothing more than a huge gambling casino. It bristled with dealers, croupiers and touts—and he explained all of this in a later highly successful book, *Wall Street: The Other Las Vegas*. *How I Made 2,000,000 in the Stock Market* is an extraordinary book. It tells one of the most unusual success stories in the history of the stock market. Darvas was not a

stock market professional trading on inside information. He was one half of the highest paid dance team in show business. Ye he was able to make himself a millionaire several times over by his unique investment approach. Unlike other so-called systems, it worked regardless of whether the market rose or fell. When news of Darvas' fantastic profits and methods leaked out, he was featured in *Time Magazine*. He then was persuaded to write a book which became an instant hit, selling nearly 200,00 copies in eight weeks. Many of the companies talked about in this book no longer exist. Many of the stocks are no longer traded. Nevertheless, the basic principles are as sound as ever.

Shares ways of spotting the trends that move markets and explains how to choose investments

*Iris Grace* Columbia University Press

Insightful, interesting and a lot of fun' Ravi Subramanian 'An honest and extremely detailed recounting of the evolution of the market' BusinessLine 'A delightful book on the stock markets' Free Press Journal A rip-roaring history of the Indian stock market post liberalization. The wise and wily Lalchand Gupta takes you on an exciting journey through Dalal Street in this comprehensive history of the stock market since 1991. From tech booms and tax evasion to banks and money laundering; scams and crashes to fixers and investors, Lala has seen it all. Bringing the story up to the present, this special fifth anniversary edition also makes keen observations about the developments on the trading floor of the Bombay Stock Exchange in more recent times and doles out smart investing hacks in Lala's inimitable style. *Bulls, Bears and Other Beasts* is a must-read for anyone interested in the financial health of the country as well as those who want to know about the sensational events that led up to the far more sterile stock-market operations of the present day.

*Consistent Compounding for Extraordinary Wealth Creation* Random House

In *The Little Book That Builds Wealth*, author Pat Dorsey—the Director of Equity Research for leading independent investment research provider Morningstar, Inc.—reveals why competitive advantages, or economic moats, are such strong indicators of great long-term investments and examines four of their most common sources: intangible assets, cost advantages, customer-switching costs, and network economics. Along the way, he skillfully outlines this proven approach and reveals how you can effectively apply it to your own investment endeavors.

**The Unusual Billionaires** Notion Press

Indian family food with heart This book is a joyful celebration of the universal power of food to restore, and to comfort. It is a tribute to Ammu, Asma's mother, to the simple home cooking from her kitchen in Calcutta, and an exploration of the inextricable link between food and love. These dishes will bring warmth to your kitchen when you need a meal or dish to share with your family and friends - from quick-and-easy Baghare Aloo and Shahi Paneer, a vegetarian staple all ages love, to Ammu's Chicken Biryani the much-requested Darjeeling Express favourite. With over 100 recipes, easy-to-follow instructions and a photograph for every dish Ammu is an essential book for anyone wanting to make Indian comfort food at home. 'This is the food I cook for my family every day, meals to restore and nourish. I give these recipes to you, with love.' - Asma
