Autonomous Horizons  
Harvard Business Press  
Part of International  
Trade Centre's (ITC's)

Trade Secrets series,  
this book provides  
extensive information,  
resources and advice  
on electronic  
commerce. The guide's  
question and answer  
format allows users to  
focus on areas of  
particular interest,

while at the same time covering the myriad issues linked to selling and buying via the Internet.

Handbook on Electronic Commerce  
SAGE Publications

Grounded in experiential learning with modern cases and examples,

*Management Today: Best Practices for the Modern Workplace* cuts through the noise by introducing students to evidence-based management theories, models, and strategies.

*Congressional Record*  
IGI Global

With the rollback of net neutrality, platform cooperativism becomes even more pressing: In one volume, some of the most cogent thinkers and doers on the subject of the cooptation of the

Internet, and how we can resist and reverse the process.

*The Network Reshapes the Library*

Irwin/McGraw-Hill

Tomorrow's professionals need a practical, customer-centric understanding of marketing's role in business and critical thinking skills to help their organizations succeed. *Applied Marketing, 1st Canadian Edition* helps students learn practical, modern marketing concepts appropriate for the principles of marketing course by applying them to the latest business scenarios of relatable brands like This Bar Saves Lives and GoPro. This comprehensive yet concise text is co-authored by Professors Rochelle Grayson and

Daniel Padgett and practitioner Andrew Loos, and blends current academic theory with an agency-owner perspective to help students get an insider's look at how top businesses operate. With many Canadian specific examples created specifically for this course, students can relate concepts learned in the classroom to marketing topics and events taking place in their backyard.

**E-Business,  
International Edition**

Thomson South-Western  
Introduction to E-commerce discusses the foundations and key aspects of E-commerce while focusing on the latest developments in the E-commerce industry. Practical case studies

offer a useful reference for dealing with various issues in E-commerce such as latest applications, management techniques, or psychological methods. Dr. Zheng Qin is currently Director of the E-Commerce Institute of Xi'an Jiaotong University.

**The Ecology of Commerce** MIT Press

There are extensive illustrations on various issues and E-commerce models, which provide a direction in the process of universal E-commerce. It is a complete guide to a business manager. Introduction to E-commerce CRC Press  
Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines,

highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompany: 9781423903055 .

Electronic Commerce: Concepts, Methodologies, Tools, and Applications Excel Books India

An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

The Complete E-Commerce Book CRC Press

Digital transformation is not about technology--it's about change. In the rapidly changing digital economy, you can't succeed by merely tweaking management practices that led to past success. And yet, while many leaders

and managers recognize the threat from digital--and the potential opportunity--they lack a common language and compelling framework to help them assess it and guide them in responding. They don't know how to think about their digital business model. In this concise, practical book, MIT digital research leaders Peter Weill and Stephanie Woerner provide a powerful yet straightforward framework that has been field-tested globally with dozens of senior management teams. Based on years of study at the MIT Center for Information Systems Research (CISR), the authors find that digitization is moving companies' business models on two dimensions: from

value chains to digital ecosystems, and from a fuzzy understanding of the needs of end customers to a sharper one. Looking at these dimensions in combination results in four distinct business models, each with different capabilities. The book then sets out six driving questions, in separate chapters, that help managers and executives clarify where they are currently in an increasingly digital business landscape and highlight what's needed to move toward a higher-value digital business model. Filled with straightforward self-assessments, motivating examples, and sharp financial analyses of where profits are made, this smart book will help

you tackle the threats, leverage the opportunities, and create winning digital strategies.

Electronic Commerce

Berrett-Koehler  
Publishers

Part of the New Perspectives Series, this text provides an excellent introduction to e-commerce. Using a case-based approach, students learn the fundamentals of e-commerce through real-life business scenarios.

*E-Commerce* American  
Library Association

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873.

Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

*Digital Media, Youth, and Credibility* Springer  
Science & Business  
Media

Dr. Greg Zacharias, former Chief Scientist of the United States Air Force (2015-18), explores next steps in autonomous systems (AS) development, fielding, and training. Rapid advances in AS development and artificial intelligence (AI) research will change how we think about machines, whether they are individual vehicle

platforms or networked enterprises. The payoff will be considerable, affording the US military significant protection for aviators, greater effectiveness in employment, and unlimited opportunities for novel and disruptive concepts of operations.

**Autonomous Horizons: The Way Forward** identifies issues and makes recommendations for the Air Force to take full advantage of this transformational technology.

[Outlines and Highlights for Electronic Commerce by Gary Schneider, ISBN](#)  
Springer Science & Business Media

As the number and size of projects continue to increase, there is a growing demand for effective project

managers. **Project Management: A Risk-Management Approach** prepares students to successfully navigate the many challenges, factors, and situations that project managers face. Authors Ted Klasterin and Gary Mitchell emphasize the importance of mitigating risk at every stage, helping students avoid common pitfalls that lead to project failures, compromised schedules, or incurred costs. Real-world examples, cases, solved problems, and practice problems help bring methodologies to life. Readers will be equipped with the tools they need to plan, schedule, and monitor even the most complex projects in a variety of market sectors. Included with this title: The password-

protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides.

**E-Commerce** Springer

There are a lot of e-business security concerns. Knowing about e-business security issues will likely help overcome them. Keep in mind, companies that have control over their e-business are likely to prosper most. In other words, setting up and maintaining a secure e-business is essential and important to business growth. This book covers state-of-the-art practices in e-business security, including privacy, trust, security of transactions, big data,

cloud computing, social network, and distributed systems.

*The Greenhouse Gas Protocol* UN

The GHG Protocol Corporate Accounting and Reporting Standard helps

companies and other organizations to identify, calculate, and report GHG emissions. It is designed to set the standard for accurate, complete, consistent, relevant and transparent accounting and reporting of GHG emissions.

**Economic Development**

**Finance** Thomson South-Western E-BUSINESS, 9e, International Edition continues to have a dramatic impact on virtually every aspect of business. And following the Global Economic Crisis, its

role is even more critical. Packed with the most cutting-edge coverage available, E-BUSINESS, 9e, International Edition equips students with a solid understanding of the dynamics of this fast-paced industry. It delivers comprehensive coverage of emerging online technologies and trends and their influence on the electronic commerce marketplace. By detailing how the landscape of online commerce is evolving, this market-leading text reflects changes in the economy and how business and society are responding to those changes. Balancing technological issues with the strategic business aspects of successful e-

commerce, the new edition includes expanded coverage of international issues, social networking, mobile commerce, Web 2.0 technologies, and updates on spam, phishing, and identity theft.

Handbook on the Anti-Drug Abuse Act of 1986 Cengage

Learning

Paul Hawken believes that the impending ecological catastrophe cannot be prevented by individuals - only big business is powerful and influential enough to reverse the present trend. In this book he sets out to show the need for a new relationship between governments and businesses, believing that their present collusion against the public is undemocratic.
