The Girl I Used to Be
Harper Collins
“The forensic thriller meets a formidable slice of history....A riveting mystery with an intricately emotional conclusion.”
—Washington Post
Bones of Betrayal is the fourth heart-racing

“Body Farm” thriller from the world’s top forensic anthropologist. Kathy Reichs calls author Jefferson Bass, “the real deal,” and his hero Bill Brockton has already taken his rightful place alongside Patricia Cornwell’s Kay Scarpetta and the investigators on TV’s “C.S.I.” In *Bones of Betrayal*, a hideous murder has links that connect it to World War

Two's Manhattan Project and the development of the atomic bomb—adding a fascinating historical element that enriches an already superior crime series.

Where the Red Fern Grows Random House

A series of strange cold-case ritual murders leads Maui detective Kali Māhoe on a trail of legendary vengeful spirits and more human monsters in paradise. Kali Māhoe, Hawaiian cultural expert and detective with the Maui Police Department, has been called to a bizarre crime scene. In the recesses of a deep trench on Lana'i Island, a derelict refrigerator has been unearthed. Entombed inside are the skeletal remains of someone buried decades ago.

Identification is a challenge. The body is headless, the skull replaced with a chilling adornment: a large, ornately carved wooden pineapple. The old field soon yields more long-buried secrets, and Kali is led along an increasingly winding path that brings to light an unlikely suspect, an illegal cock-fighting organization, and a strange symbol connected to a long-disbanded religious cult. Her task is to dispel the dark shadows lingering over the Palawai Basin plains, and to solve a puzzle that no one wants exposed by the bright, hot tropical light. To discover the answer, Kali will be drawn deeper in the mysteries of the island's ancient

legends—stories that tell of an enraged rooster god and man-eating monsters. For Kali, a detective of sound logic and reason, it's not easy to consider the unknown for explanations for what appears to be a series of illogical links in a twisting chain of deadly events. Or safe. Because the dormant pineapple fields of Lana'i have yet to give up their darkest and most terrifying secrets. *The Devil's Bones* W. W. Norton & Company 'If you like Kathy Reichs, you'll like Jefferson Bass' The Times. Early summer brings warm weather to the Body Farm in East Tennessee, but Dr Bill Brockton's about to get more heat than he's bargained for. A former student who's now an agent with the

Florida Department of Law Enforcement seeks his help in identifying a partial skull found in the woods in rural Florida. The victim appears to have been a young male who died from lethal blows to the head. While leading a search for the remaining bones, Brockton and his graduate assistant Miranda Lovelady find a series of shallow graves on the overgrown grounds of a shuttered reform school for boys. According to local lore, the school's poor, troubled students understood that one wrong move could land them in their own plot in the de facto cemetery. As Brockton and his team close in on the truth, they find skeletons in some

surprisingly prominent closets... and learn that the ghosts of the past are ever present.

In the most suspenseful installment of the New York Times bestselling Body Farm series to date, forensic anthropologist Dr. Bill Brockton investigates a bizarre murder—and confronts a deadly enemy he thought he'd put behind bars for good. Forensic anthropologist Bill Brockton has spent twenty-five years solving brutal murders—but none so bizarre and merciless as his latest case: A ravaged set of skeletal remains is found chained to a tree on a remote mountainside. As Brockton and his assistant Miranda dig deeper, they uncover warning signs of a

deadly eruption of hatred and violence. But the shocking case is only the beginning of Brockton's trials. Mid-case, the unthinkable happens: The deadliest criminal Brockton has ever foiled—the sadistic serial killer Nick Satterfield—escapes from prison, bent on vengeance. But simply killing Brockton isn't enough. Satterfield wants to make him suffer first, by destroying everything he holds dear: Brockton's son, daughter-in-law, grandsons; even Miranda, his longtime graduate assistant, now on the verge of completing her Ph.D. and launching a forensic career of her own. The dangers from all directions force Brockton to question

two things on which he's based his entire career—the justice system, and the quality of mercy—and to wonder: can the two co-exist? If not, which will Brockton choose in his ultimate moment of truth?

The haunting novel of love and survival that inspired Mexico's official submission for International Feature Film—now shortlisted for the 94th Academy Awards® and streaming on Netflix “Prayers for the Stolen gives us words for what we haven't had words for before, like something translated from a dream in a secret language. . . . Beguiling, and even crazily enchanting.”—Francisc

o Goldman, New York Times Book Review FINALIST FOR THE PEN/FAULKNER PRIZE • AN IRISH TIMES BOOK OF THE YEAR Ladydi Garcia Martínez is fierce, funny, and smart. She was born into a world where being a girl is a dangerous thing. In the mountains of Guerrero, Mexico, women must fend for themselves, as their men have left to seek opportunities elsewhere. Here in the shadow of the drug war, bodies turn up on the outskirts of the village to be taken back to the earth by scorpions and snakes. School is held sporadically, when a volunteer can be coerced away from the big city for a semester. In Guerrero the drug lords are kings, and mothers disguise their

daughters as sons, or when that fails they “make them ugly”—cropping their hair, blackening their teeth, anything to protect them from the rapacious grasp of the cartels. And when the black SUVs roll through town, Ladydi and her friends burrow into holes in their backyards like animals, tucked safely out of sight. While her mother waits in vain for her husband’s return, Ladydi and her friends dream of a future that holds more promise than mere survival, finding humor, solidarity, and fun in the face of so much tragedy. When Ladydi is offered work as a nanny for a wealthy family in Acapulco, she seizes the chance, and finds her first taste of love with a young

caretaker there. But when a local murder tied to the cartel implicates a friend, Ladydi’s future takes a dark turn. Despite the odds against her, this spirited heroine’s resilience and resolve bring hope to otherwise heartbreaking conditions. An illuminating and affecting portrait of women in rural Mexico, and a stunning exploration of the hidden consequences of an unjust war, *Prayers for the Stolen* is an unforgettable story of friendship, family, and determination.

A Body Farm Novel

A burned car sits on a Tennessee hilltop, a woman's lifeless, charred body seated inside. Forensic anthropologist Bill Brockton's job is to discover the truth hidden in the fire-desecrated corpse. Was the woman's death accidental . . . or was she incinerated to cover up her murder? But his research into the effect of flame on

flesh and bone is about to collide with reality like a lit match meeting spilled gasoline. The arrival of a mysterious package—a set of suspiciously unnatural cremated remains—is pulling Brockton toward a nightmare too inhuman to imagine. And an old nemesis is waiting in the shadows to put him to the ultimate test, one that could reduce Brockton's life to smoldering ruins.
