Pseudoscience: A Critical Encyclopedia Career Examination
 He's a down-on-his-luck janitor with aspirations of writing the great American trash novel. She's the spoiled, sharp-tongued boss's daughter, always looking for a creative way to spice up her boring life. Normally, these two would never meet, but a higher power has different plans for both of them. The major motion picture from 20th Century Fox starring Ewan McGregor, Cameron Diaz and Holly Hunter hits the box office in October.

 What the @\$%&! just happened to America? That's the question that Monica Crowley, bestselling author, Fox News political analyst, columnist, and popular nationally syndicated radio host, asks—and answers—in this fast-paced, funny, and sharply argued tour of the country's disastrous years under Barack Obama, and an exuberant call for the great American comeback. What the @\$%&! just happened? What just happened to America? What happened to our strength and greatness? What happened to our constitutionally limited government? What happened to our powerful free-market system? What happened to our traditional rocket path of growth? What happened to American jobs? What happened to our prosperity? What happened to the greatest health care system in the world? What happened to our superpower status? What happened to our ability to be respected and feared? What's up with unprecedented spending and record-breaking deficits? Sixteen trillion dollars in debt? What the

@\$%&! just happened? In *What the (Bleep) Just Happened?*

Monica Crowley offers a rollicking, high-octane, and hilarious view of the damage caused by Barack Obama's extremist agenda. But she also sets the stage for the inevitable conservative comeback, calling for a return to the joyful spirit of the Reaganesque "Happy Warrior." She will have you on your feet—cheering for America and what has always made it great—as she rallies us to get our exceptionalist groove back.

Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of *Greek Revival from the Garden: Growing and Cooking for Life*, offers a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time.

Swords of Ice Anchor

In the 21st century, reality television and the Internet have fed public interest in ghosts, UFOs, cryptozoology and other unusual phenomena. By 2010, roughly 2000 amateur research and investigation groups formed in the U.S.--ghost hunters, Bigfoot chasers and UFO researchers, using an array of (supposedly) scientific equipment and methods to prove the existence of the paranormal. American culture's honorific regard for science,

coupled with the public's unfamiliarity with scientific methods, created a niche for self-styled paranormal experts to achieve national renown without scientific training or credentials. The author provides a comprehensive examination of the ideas, missions and methods promoted by these passionate amateurs. *Twelve Dreams* Createspace Independent Publishing Platform

Shelsky supplies compelling evidence our moon is a recent arrival—and it was no accident!

The novel follows Mikasa, a street dog who recounts a tale of tragic wartime love at a kennel where he finds solace in storytelling and cigarettes. A book that took the Turkish literary world by storm, Kemal Varol's *Wüf* tackles universal themes of love and loss with both humor and pathos. One of our most beloved comedians, the brilliantly witty and outspoken star of *The View*, hits the most unpopular President ever elected where it hurts—and makes us laugh and cheer—in this hilarious alphabetical guide to everything that's wrong with the "Orange One," Donald Trump. Put down the knife, lock away the gun, lay aside the noose, Joy Behar is here to save you from suicide as she hot walks you through the next four years (two if we are lucky, less if liberal dreams come true). Besides despair, the sane response to the insanity in the White House is laughter. On her hit ABC daytime show *The View*, Joy has been blunt in her condemnation of the comb over-in-chief, and her words have electrified and inspired millions in the resistance for whom #notmypresident has become a rallying cry. The Great Gasbag is Joy's answer to the hell that is the Trump Orange House. Structured as an A-Z guide (G is for Gold . . . en shower; P is for Pence and pussy-grabbing; T is for Tweets; Twits, and Twats, etc.), Joy, joined by New York Times bestselling humor author Larry Amoros, offers much-needed doses of levity and humor for everyone determined to #resist. With a major network television profile and a social media audience in the millions, this fearlessly confident star has a powerful platform to entertain Americans of all stripes—from Never Trumpers to fired-up progressives—as she takes on the worst president since . . . well, since ever.
