TOMMY KEELY

The Angel Experiment Scholastic Inc.
A desperate child escapes from hiding only to face new dangers in the New York Times–bestselling author’s near future YA adventure series. In a world where the Population Police wield terrifying power, Luke Garner is an illegal third child. After spending his entire life in hiding, he’s found a way to escape—by assuming the identity of a deceased child. But living

among other people isn’t going at all how he imagined. Luke now attends Hendricks School for Boys, a windowless building with cruel classmates and oblivious teachers. He knows he has to blend in, but he lives in constant fear that his behavior will betray him. Then one day Luke discovers a door to the outside. He knows that beyond the walls of Hendricks lie the secrets he is desperate to uncover. What he doesn’t know is whom he can trust—and where the answers to his questions may lead him.

The Predators Picador

Hailed for its lucid presentation, TSK blends reasoning and experiential inquiry to offer a unique path of transformation. A deeply exhilarating book, TSK gives readers a language to ask the questions that conventional training teaches us to ignore. Thirty-five exercises reunite philosophy with direct experience.

Among the Impostors Simon and Schuster

Max, Fang, Iggy, Nudge, the Gasman and Angel. Six kids who are pretty normal except they grew up in a laboratory - and can fly. Now they want to track down their

missing parents - and save the world.

Heir of Fire Laurel Leaf

This open access textbook provides the background needed to correctly use, interpret and understand statistics and statistical data in diverse settings. Part I makes key concepts in statistics readily clear. Parts I and II give an overview of the most common tests (t-test, ANOVA, correlations) and work out their statistical principles. Part III provides insight into meta-statistics (statistics of statistics) and demonstrates why experiments often do not replicate. Finally, the textbook shows how complex statistics can be avoided by using clever experimental design. Both non-scientists and students in Biology, Biomedicine and Engineering will benefit from the book by learning the statistical basis of scientific claims and by discovering ways to evaluate the quality of scientific reports in academic journals and news outlets.

Out of Position Grand Central Publishing

What happens when an unstoppable force meets an immovable object in the field of death? In the dark underbelly of the mob, Tristan Caine has been an anomaly. As the only non-blooded member in the high

circle of the Tenebrae Outfit, he is an enigma to all - his skills unparalleled, his morality questionable, and his motives unknown. He is lethal and he knows it. As does Morana Vitalio, the genius extraordinaire daughter of the rival family. What Caine does with weapons, Morana does with computers. When a twenty-year old mystery resurfaces, Morana infiltrates Caine's house, intent on killing him, unaware of a tie that binds them together. Hate, heat, and history clash together with unexpected sparks. But something bigger, something worse is happening in their world. And despite their animosity, only they can fight it down. The Predator is an enemies-to-lovers, dark, contemporary romance set in a fictional universe with mafia, passion and incredible storytelling. Stargirl Basic Books

Return to the world of Mortal Engines in this new book of three short stories about the rebellious young aviatrix, Anna Fang, illustrated by Ian McQue. A key character in the Mortal Engines book and film, this is your chance to learn more of her past. Night Flights includes Traction City, the 2011 World Book Day Book by Philip Reeve.

It's Complicated Scholastic

In the distant future, when cities move about and consume smaller towns, a fifteen-year-old apprentice is pushed out of London by the man he most admires and must seek answers in the perilous Out-Country, aided by one girl and the memory of another.

Seriously...I'm Kidding Stein & Day Pub

Dev is a football player at Forester University, a small liberal arts college where he and his teammates get to strut around and have their pick of the girls on Friday nights. That's as good as it gets - until he meets Lee, a fox with a quick wit and an attractive body. Problem is, Lee's not a girl. He's a gay fox, an activist who never dreamed he'd fall for a football player. As their attraction deepens into romance, it's hard enough for them to handle each other, let alone their inquisitive friends, family, and co-workers. And if school is bad, the hyper-masculine world of professional sports that awaits Dev after graduation will be a hundred times worse. Going it alone would make everything easier. If only they could stop fighting long enough to break up.

Winner of the Governor General's Award A Library Journal Best Book of 2001 Part autobiography and part social history, Nega Mezlekia's *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the 1970s and '80s, an era of civil war, widespread famine, and mass execution. "We children lived like the donkey," Mezlekia remembers, "careful not to wander off the beaten trail and end up in the hyena's belly." His memoir sheds light not only on the violence and disorder that beset his native country, but on the rich spiritual and cultural life of Ethiopia itself. Throughout, he portrays the careful divisions in dress, language, and culture between the Muslims and Christians of the Ethiopian landscape. Mezlekia also explores the struggle between western European interests and communist influences that caused the collapse of Ethiopia's social and political structure—and that forced him, at age 18, to join a guerrilla army. Through droughts, floods, imprisonment, and killing sprees at the hands of military juntas, Mezlekia survived, eventually emigrating to Canada. In *Notes from the Hyena's Belly*

he bears witness to a time and place that few Westerners have understood.

Ninety-five days, and then I'll be safe. I wonder whether the procedure will hurt. I want to get it over with. It's hard to be patient. It's hard not to be afraid while I'm still uncured, though so far the deliria hasn't touched me yet. Still, I worry. They say that in the old days, love drove people to madness. The deadliest of all deadly things: It kills you both when you have it and when you don't. Lauren Oliver astonished readers with her stunning debut, *Before I Fall*. In a starred review, *Publishers Weekly* called it "raw, emotional, and, at times, beautiful. An end as brave as it is heartbreaking." Her much-awaited second novel fulfills her promise as an exceptionally talented and versatile writer.

Here Lies Arthur Little, Brown

The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions in a very short time, in a humorous account of greed and epic folly.

~b~>With the winning, upbeat candor that has made her show on of the most popular and honored daytime shows on the air, beloved talk show host and comedian Ellen DeGeneres shares her views on life, love, and *American Idol*. "I've

experienced a whole lot the last few years and I have a lot to share. So I hope that you'll take a moment to sit back, relax and enjoy the words I've put together for you in this book. I think you'll find I've left no stone unturned, no door unopened, no window unbroken, no rug unvacuumed, no ivories untickled. What I'm saying is, let us begin, shall we?" Seriously... I'm Kidding is a lively, hilarious, and often sweetly poignant look at the life of the much-loved entertainer as she opens up about her personal life, her talk show, and more. PRAISE FOR Seriously... I'm Kidding "DeGeneres's amiably oddball riffs on everything from kale to catwalks to Jesus will make fans smile." -- People "Whatever the topic, DeGeneres's compulsively readable style will appeal to fans old and new." - Publishers Weekly "Fans will not be disappointed...[DeGeneres's] trademark wit and openness shine through and through." -- Kirkus/DIVspan

Mortal Engines Tim Duggan Books
 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has

helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your

creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

Notes from the Hyena's Belly Dharma Publications

INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a "compulsively readable parable for the 21st century" (Vanity Fair). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan

office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Night Flights Scholastic UK

The birds are teaching Arlo to fly...In a faraway corner of a ruined world, a mysterious boy is building a flying machine, aided in his research by birds who can talk. Then, into the extraordinary crater city of Mayda, where buildings ascend the cliffs on funicular rails, comes a refugee: a beautiful, brilliant, half-human engineer called Fever Crumb. Fever is just the engineer that Arlo needs to get his invention off the ground. But ruthless enemies stalk them, who will kill to possess their secrets - either to steal their revolutionary machine, or to destroy the secrets of flight forever. In this breathtaking story from the awesome world of *Mortal Engines*, Philip Reeve creates an extraordinary new landscape of moving buildings, outlandish creatures, sinister villains and groundbreaking scientific discoveries.

The 5AM Club HarperCollins

#1 NEW YORK TIMES BESTSELLER • “The Uninhabitable Earth hits you like a comet,

with an overflow of insanely lyrical prose about our pending Armageddon.”—Andrew Solomon, author of *The Noonday Demon*
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • The New York Times Book Review • Time • NPR • The Economist • The Paris Review • Toronto Star • GQ • The Times Literary Supplement • The New York Public Library • Kirkus Reviews It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An “epoch-defining book” (The Guardian) and “this generation’s *Silent Spring*” (The Washington Post), *The Uninhabitable Earth* is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. *The Uninhabitable Earth* is also an impassioned call to action. For just as the world was

brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation—today's. **ONGLISTED FOR THE PEN/E.O. WILSON LITERARY SCIENCE WRITING AWARD** "The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet."—Farhad Manjoo, *The New York Times* "Riveting. . . . Some readers will find Mr. Wallace-Wells's outline of possible futures alarmist. He is indeed alarmed. You should be, too."—*The Economist* "Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the 'eerily banal language of climatology' in favor of lush, rolling prose."—Jennifer Szalai, *The New York Times* "The book has potential to be this generation's *Silent Spring*."—*The Washington Post* "The Uninhabitable Earth, which has become a

best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book."—Alan Weisman, *The New York Review of Books*

You Are Not So Smart Scholastic UK Explains how self-delusion is part of a person's psychological defense system, identifying common misconceptions people have on topics such as caffeine withdrawal, hindsight, and brand loyalty.

Understanding Statistics and Experimental Design Vintage

"Like *A Wrinkle in Time* (Miranda's favorite book), *When You Reach Me* far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —*The Washington Post* This Newbery Medal winner that has been called "smart and mesmerizing," (*The New York Times*) and "superb" (*The Wall Street Journal*) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts

receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A *New York Times* Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers . . . are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —*The Wall Street Journal* "Lovely and almost impossibly clever." —*The Philadelphia Inquirer* "It's easy to imagine readers studying Miranda's story as many times as she's read *L'Engle's*, and spending hours pondering the provocative questions it raises." —*Publishers Weekly*, Starred review
