A stunningly designed, richly photographed companion to the much-anticipated documentary from MTV Films, "Resurrection" brings unprecedented clarity and soulful intimacy to the writings and life of Tupac Shakur. 100 photos.

**The Prince** Thomas Nelson Inc

Business Lessons from the Renaissance Master of Gaining and Maintaining Power Generally considered the father of modern political science—and political ethics in particular—Niccolò di

Bernardo dei Machiavelli was a Renaissance Italian writer, philosopher, humanist, historian, politician, and diplomat. After his career in politics had ended, Machiavelli wrote a short treatise that is often considered his masterpiece but was not published until five years after his death. The Prince contains adages regarding politics, in particular, providing advice for gaining and maintaining power. While Machiavelli was writing primarily about political power, his philosophies have been adopted by business leaders and titans of industry—presidents, CEOs, entrepreneurs, and innovators—ever since. Also including excerpts from The Art of War, Discourses on Livy, and Machiavelli's other works, Machiavelli on Business explores such ideas as: Whether it's better for a leader to be feared or loved How to best keep

subordinates content The necessity of breaking promises at times  
Projecting the right qualities and fostering appearances Turning  
obstacles into opportunities Taking advantage of crises And much  
more!

Tupac Shakur Legacy Macmillan

Category Theory is one of the most abstract branches of  
mathematics. It is usually taught to graduate students after they  
have mastered several other branches of mathematics, like  
algebra, topology, and group theory. It might, therefore, come as  
a shock that the basic concepts of category theory can be  
explained in relatively simple terms to anybody with some  
experience in programming. That's because, just like  
programming, category theory is about structure.

Mathematicians discover structure in mathematical theories,  
programmers discover structure in computer programs. Well-  
structured programs are easier to understand and maintain and  
are less likely to contain bugs. Category theory provides the  
language to talk about structure and learning it will make you a  
better programmer.

Written in the 16th century, *The Prince* remains one of the most  
influential books on political theory. Its author, Niccolò  
Machiavelli was an Italian diplomat and political theorist, and is  
considered the father of modern political thought.

Machiavelli saw history in general as a way to learn useful  
lessons from the past for the present, and also as a type of

analysis which could be built upon, as long as each generation  
did not forget the works of the past. In "Discourses on Livy"  
Machiavelli discusses what can be learned from roman period and  
many other eras as well, including the politics of his lifetime. This  
is a work of political history and philosophy written in the early  
16th. The title identifies the work's subject as the first ten books  
of Livy's *Ab urbe condita*, which relate the expansion of Rome  
through the end of the Third Samnite War in 293 BC. Niccolò di  
Bernardo dei Machiavelli (1469 - 1527) was an Italian diplomat,  
politician, historian, philosopher, humanist, and writer. He has  
often been called the father of modern political science. He was  
for many years a senior official in the Florentine Republic, with  
responsibilities in diplomatic and military affairs. He served as a  
secretary to the Second Chancery of the Republic of Florence  
from 1498 to 1512, when the Medici were out of power. He wrote  
his most well-known work *The Prince* in 1513, having been exiled  
from city affairs.

**Mandragola** Simon and Schuster

The bestselling author of *The Martian* returns with an irresistible  
new near-future thriller—a heist story set on the moon. Jasmine  
Bashara never signed up to be a hero. She just wanted to get  
rich. Not crazy, eccentric-billionaire rich, like many of the visitors  
to her hometown of Artemis, humanity's first and only lunar  
colony. Just rich enough to move out of her coffin-sized  
apartment and eat something better than flavored algae. Rich  
enough to pay off a debt she's owed for a long time. So when a  
chance at a huge score finally comes her way, Jazz can't say no.  
Sure, it requires her to graduate from small-time smuggler to full-  
on criminal mastermind. And it calls for a particular combination

of cunning, technical skills, and large explosions—not to mention sheer brazen swagger. But Jazz has never run into a challenge her intellect can't handle, and she figures she's got the 'swagger' part down. The trouble is, engineering the perfect crime is just the start of Jazz's problems. Because her little heist is about to land her in the middle of a conspiracy for control of Artemis itself. Trapped between competing forces, pursued by a killer and the law alike, even Jazz has to admit she's in way over her head. She'll have to hatch a truly spectacular scheme to have a chance at staying alive and saving her city. Jazz is no hero, but she is a very good criminal. That'll have to do. Propelled by its heroine's wisecracking voice, set in a city that's at once stunningly imagined and intimately familiar, and brimming over with clever problem-solving and heist-y fun, *Artemis* is another irresistible brew of science, suspense, and humor from #1 bestselling author Andy Weir.

*Artemis* Grand Central Publishing

The world's oldest and best-organized conglomerate reveals management techniques everyone can use. Unlike other guides to business, this book shuns theoretical verbiage to present the philosophy of leadership that founded and captained "The Silent Empire" through centuries of expansion and success. The plans of action and gems of counsel contained herein are neither violent nor criminal; rather, they reflect a penetrating understanding of the dynamics of human nature.

I'll Make You an Offer You Can't Refuse University of Chicago Press

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their

number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

An account of how a police detective lead the task force that exposed the facts behind the deaths of rappers Biggie Smalls and Tupac Shakur.

The Florentine Histories Courier Corporation

From the packagers behind *DYLAN SCRAPBOOK* and *SINATRA TREASURES*, comes a unique celebration of the life of one of the greatest rap artists in the world, Tupac Shakur.

*A Study of Crime in Urban Slums in Kenya* Simon and Schuster

It's been almost 20 years since poet, revolutionary, convict, and movie star, Tupac Amaru Shakur (a.k.a 2Pac, Makaveli, or simply 'pac), was gunned down at age 25 while he sat in traffic with Suge Knight near the Las Vegas Strip following a Mike Tyson fight at MGM Grand. In the new updated and expanded third edition of this acclaimed biography, Las Vegas crime writer Cathy Scott has finally been able to include the previously unpublished chapter featuring the account of that last fateful night from "Big Frank,"

the rapper's now-deceased personal bodyguard. The raw no-holds-barred narrative, which includes exclusive photo evidence (including of Tupac's autopsy), is the definitive account of the unsolved murder of Tupac Shakur: the many possible motives, the failed investigation, the rap wars, the killing of Biggie Smalls, the Bloods-Crips connection, the Suge Knight and Death Row Records association, and the subsequent fate of numerous principals involved in the aftermath. It is also a sensitive, candid, and insightful account of the contradictory icon who remains not only one of the most influential rappers ever but, with more than 75 million records sold worldwide, he's also one of the best-selling music artists of all time. The music of Tupac Shakur is the legacy of his life. The Killing of Tupac Shakur is the legacy of his death.

Monograph on the necessary abstract and motivational qualifications of managerial personnel for competent business organization and corporation management - includes historical examples. References.

*The White Book* Princeton University Press

This handbook is the first volume to provide a comprehensive look at personality development. It features a state-of-the-art examination of the field, an area that is enjoying a resurgence in popularity. Five major types of advances, all of which are represented in this volume, are the result of the recent burst in research activity in this area: 1) new theoretical perspectives, 2) higher-quality empirical studies, 3) more sophisticated research designs and analyses, 4) attention to development across the lifespan, and 5) the growing prominence of interdisciplinary

approaches to personality development. The Handbook of Personality Development is comprehensive across the lifespan, in its range of personality constructs, and in its coverage of theoretical and methodological frameworks. It is the first volume to address the most important personality development theoretical frameworks in one location--the evolutionary, physiological, behavioral genetic, and socio-cultural perspectives. The book also reviews new statistical techniques that allow for the estimation of individual differences in stability and the analysis of change. The latter part of the book focuses on personality development over the lifespan, from infancy to older adulthood. The authors address personality variables such as emotion regulation, temperament, and self-concept across the lifespan. The book concludes with a compelling capstone chapter by Dan McAdams on how personality develops. The Handbook of Personality Development provides an historical account of, and summary of, the most significant and important findings in the area, along with suggestions for future research. Intended for researchers and advanced students in personality, developmental, social, clinical, and educational psychology, as well as related fields such as family studies, sociology, education, nursing, behavioral genetics, neuropsychology, and psychophysiology, the handbook also serves as a valuable resource in advanced courses that address personality development.

The life of Castruccio Castracani of Lucca By Nicolo Machiavelli  
Thank you for checking out this book by Theophania Publishing.  
We appreciate your business and look forward to serving you

soon. We have thousands of titles available, and we invite you to search for us by name, contact us via our website, or download our most recent catalogues. It appears, dearest Zanobi and Luigi, a wonderful thing to those who have considered the matter, that all men, or the larger number of them, who have performed great deeds in the world, and excelled all others in their day, have had their birth and beginning in baseness and obscurity; or have been aggrieved by Fortune in some outrageous way. They have either been exposed to the mercy of wild beasts, or they have had so mean a parentage that in shame they have given themselves out to be sons of Jove or of some other deity. It would be wearisome to relate who these persons may have been because they are well known to everybody, and, as such tales would not be particularly edifying to those who read them, they are omitted. I believe that these lowly beginnings of great men occur because Fortune is desirous of showing to the world that such men owe much to her and little to wisdom, because she begins to show her hand when wisdom can really take no part in their career: thus all success must be attributed to her. Castruccio Castracani of Lucca was one of those men who did great deeds, if he is measured by the times in which he lived and the city in which he was born; but, like many others, he was neither fortunate nor distinguished in his birth, as the course of this history will show. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work,

which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. the life of castruccio castracani of lucca, the life of castruccio castracani of lucca summary, the life of castruccio castracani of lucca pdf

Professor Skinner presents a lucid analysis of Machiavelli's text as a response to the world of Florentine politics.

*Reading Machiavelli* Createspace Independent Publishing Platform

What can a one-time mob boss teach you about how to run a business? I'll Make You an Offer You Can't Refuse, written by a former member of the Colombo crime family, promises an insider's view of the mob that will change the way you do business forever. The first thing you'll learn? Get a plan, work it hard, be smart, and surround yourself with people who know how to help you reach your goals--people like Michael Franzese. At the height of his involvement in the mafia, Franzese ran rackets that earned him millions of dollars every week. After serving his time, Franzese quit the mob and dedicated his life to making a positive impact on the world by sharing what he's learned along the way. Now, he's a consultant who has helped everyone from high-powered executives to small business owners learn how to make

the most out of their businesses--and, more importantly, how to do it honestly. As one of the few who quit the mob and lived to tell his story, Franzese has a unique perspective on how the mafia does business. Packed with hard-won experience, street smarts, and just a pinch of philosophy, *I'll Make You an Offer You Can't Refuse* shares the professional advice (and the life lessons) that Franzese learned firsthand, including: The importance of cutting to the chase The value of having a good crew How to start learning from your failures The danger of bending the rules How to come out ahead in your negotiations Why you should lead with your brain instead of your mouth How to think about real success Business is business. Let your friend Franzese give you a tip or two about how to run yours better.

*Handbook of Personality Development* e-artnow

Niccolo Machiavelli, the first great Italian historian, and one of the most eminent political writers of any age or country, was born at Florence, May 3, 1469. He was of an old though not wealthy Tuscan family, his father, who was a jurist, dying when Niccolo was sixteen years old. We know nothing of Machiavelli's youth and little about his studies. He does not seem to have received the usual humanistic education of his time, as he knew no Greek. The first notice of Machiavelli is in 1498 when we find him holding the office of Secretary in the second Chancery of the Signoria, which office he retained till the downfall of the Florentine Republic in 1512. His unusual ability was soon recognized, and in

1500 he was sent on a mission to Louis XII. of France, and afterward on an embassy to Cæsar Borgia, the lord of Romagna, at Urbino. Machiavelli's report and description of this and subsequent embassies to this prince, shows his undisguised admiration for the courage and cunning of Cæsar, who was a master in the application of the principles afterwards exposed in such a skillful and uncompromising manner by Machiavelli in his *Prince*. The limits of this introduction will not permit us to follow with any detail the many important duties with which he was charged by his native state, all of which he fulfilled with the utmost fidelity and with consummate skill. When, after the battle of Ravenna in 1512 the holy league determined upon the downfall of Pier Soderini, Gonfaloniere of the Florentine Republic, and the restoration of the Medici, the efforts of Machiavelli, who was an ardent republican, were in vain; the troops he had helped to organize fled before the Spaniards and the Medici were returned to power. Machiavelli attempted to conciliate his new masters, but he was deprived of his office, and being accused in the following year of participation in the conspiracy of Boccoli and Capponi, he was imprisoned and tortured, though afterward set at liberty by Pope Leo X. He now retired to a small estate near San Casciano, seven miles from Florence. Here he devoted himself to political and historical studies, and though apparently retired from public life, his letters show the deep and passionate interest he took in the political vicissitudes through which Italy was then passing, and in all of which the singleness of purpose with which he continued to advance his native Florence, is clearly manifested. It was during his retirement upon his little estate at San Casciano that Machiavelli wrote *The Prince*, the most famous

of all his writings, and here also he had begun a much more extensive work, his Discourses on the Decades of Livy, which continued to occupy him for several years. These Discourses, which do not form a continuous commentary on Livy, give Machiavelli an opportunity to express his own views on the government of the state, a task for which his long and varied political experience, and an assiduous study of the ancients rendered him eminently qualified. The Discourses and The Prince, written at the same time, supplement each other and are really one work. Indeed, the treatise, The Art of War, though not written till 1520 should be mentioned here because of its intimate connection with these two treatises, it being, in fact, a further development of some of the thoughts expressed in the Discorsi. The Prince, a short work, divided into twenty-six books, is the best known of all Machiavelli's writings. Herein he expresses in his own masterly way his views on the founding of a new state, taking for his type and model Cæsar Borgia, although the latter had failed in his schemes for the consolidation of his power in the

Romagna. The principles here laid down were the natural outgrowth of the confused political conditions of his time. The Machiavellian's Guide to Womanizing Random House James Burnham describes in details the history of Machiavelli and the modern Machiavellians who have been using his ideas to influence modern political liberty.

The Machiavellians Wyatt North Publishing, LLC Joly's (1831-78) Dialogue aux enfers entre Machiavel et Montesquieu is the major source of one of the world's most infamous and damaging forgeries, The Protocols of the Elders of Zion. That, however, was concocted some two decades after he died, and American political scientist Waggoner points to Joly's own text for evidence that he was not anti-semitic and was an intransigent enemy of the kind of tyranny the forgery served during the 1930s. He translates the text and discusses Joly's intentions in writing it and his contribution to the understanding of modern politics. Annotation copyrighted by Book News, Inc., Portland, OR.
