The Book of R DigiCat

Vocabulary in Use Pre-intermediate and Intermediate is a vocabulary book for intermediate learners of English, primarily designed as a self-study reference and practice book, but which can also be used for classroom work. In its style and format it is similar to its upper intermediate and advanced equivalent, English Vocabulary in Use. - 100 easy-to-use units: over 2,500 vocabulary items in a wide range of topic areas are presented, contextualise and explained and explained on left-hand pages with a variety of follow-up activities on right-hand pages. - Helps to build on and expand existing vocabulary. - Suggests tips and techniques for good learning habits. - Designed to be flexible: can be used both for self-study and in class. - Provides a comprehensive key with not only answers to the exercises but also more comments on how the language is used. - Includes a detailed index with phonetic transcriptions.

New Language Leader Oxford University Press, USA

In 'Now It Can Be Told,' Philip Gibbs offers a candid and unvarnished portrait of World War I, which stands out in stark contrast to the sanitized versions that were permissible under wartime censorship. Gibbs masterfully employs a rich, journalistic prose style that captures the harrowing experiences and untold stories of soldiers on the Western Front. His work is not only a literary accomplishment but also a piece of historical journalism that has significantly contributed to the contemporary understanding of the Great War. Within the literary context, his narrative breaks free from the constraints of his time, providing a raw and essential account of the true costs of conflict. Philip Gibbs, an esteemed war correspondent, bore witness to the atrocities of the First World War, through which he experienced the indelible traumas and heroism of the battlefield firsthand. This direct exposure to the horrors of war informed his reflective and compassionate approach in documenting the lives of soldiers and civilians affected by the conflict. Gibbs's narrative is fuelled by an urgency to reveal the truths that wartime censorship had suppressed, a testament to his commitment to journalistic integrity and transparency. The book comes highly recommended for readers with an interest in military history, journalism, and the literature of war. Gibbs's 'Now It Can Be Told' transcends its own

era to resonate with contemporary audiences seeking a deeper understanding of the human condition amidst the chaos of war. It is an essential read for anyone who wishes to grasp the reality of warfare beyond the romanticism and valor often depicted, unveiling the courage, tragedy, and sometimes the mundanity, of life on the front lines.

Now It Can Be Told Longman

The fundamental mathematical tools needed to understand machine learning include linear algebra, analytic geometry, matrix decompositions, vector calculus, optimization, probability and statistics. These topics are traditionally taught in disparate courses, making it hard for data science or computer science students, or professionals, to efficiently learn the mathematics. This self-contained textbook bridges the gap between mathematical and machine learning texts, introducing the mathematical concepts with a minimum of prerequisites. It uses these concepts to derive four central machine learning methods: linear regression, principal component analysis, Gaussian mixture models and support vector machines. For students and others with a mathematical background, these derivations provide a starting point to machine learning texts. For those learning the mathematics for the first time, the methods help build intuition and practical experience with applying mathematical concepts. Every chapter includes worked examples and exercises to test understanding. Programming tutorials are offered on the book's web site.

Integrated English Practice II Editorial Pueblo y Educación

The Word by Word Vocabulary Development Program presents vocabulary through full-color illustrations and an outstanding array of support materials. The unique conversational approach of the Word by Word Picture Dictionary gives students communication practice with every word and provides the key vocabulary students need to know in a wide range of relevant topics and situations. feature the translations printed next to the English words for both in-class and self-study use. Available in Chinese, Haitian Kreyol, Japanese, Korean, Portuguese, Russian, Spanish, and Vietnamese.

Real Life Global Intermediate Students Book Cambridge University Press

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

English as a Global Language Macmillan

Helps users to learn English, to learn about English and to learn through English, and is the ideal course for students who want to communicate in a global environment.

New Language Leader Pre-Intermediate Cambridge University Press

What if you could turn the world the other way around and take a peek at what's on the other side? Perhaps if you did, you would find something you never expected. Such as friendship. When Oscar meets a lonely little girl, it's the start of an adventure for both of them. Together they make an unusual journey to two very different worlds, each beautiful and necessary. And it all begins when the little girl's tooth falls out... Translated from Polish by award-winning translator Antonia Lloyd-Jones. "Color and composition combine to beautifully express friendship and the wonders of the world"—Kirkus Reviews, STARRED "A delightfully unique and heartwarming story about friendship"—School Library Journal

English 911: Rescue Your English Intermediate Pan Macmillan

Updated in its 13th edition, Joseph Devito's *The Interpersonal Communication Book* provides a highly interactive presentation of the theory, research, and skills of interpersonal communication with integrated discussions of diversity, ethics, workplace issues, face-to-face and computer-mediated communication and a new focus on the concept of choice in communication. This thirteenth edition presents a comprehensive view of the theory and research in interpersonal communication and, at the same time, guides readers to improve a wide range of interpersonal skills. The text emphasizes how to choose among those skills and make effective communication choices in a variety of personal, social, and workplace relationships

CIM Coursebook 06/07 Marketing Environment Pan Macmillan

Information-rich topics and texts immerse adult learners in themes and issues from around the world so that English is more relevant.

This dictionary includes more than 20,000 of the most frequently used Portuguese words. Readers will find more than simple definitions: Phrases, sentences and idiomatic expressions show how words are used in everyday Portuguese conversation. More than 1,000 of the most essential words are highlighted to make them easy to find. The *Living Language(R) Portuguese Dictionary* has been revised and updated to reflect modern usage and features new entries related to business, technology, and the media. This dictionary is included along with a coursebook in the *Complete Living Language(R) Portuguese course*, available in cassette and compact disc editions

Mathematics for Machine Learning Mathewmatician

Take your self-study English language learning a step further with the third book in the easy-to-use, visual learning series. *English for Everyone Level 3 Intermediate Course Book* introduces topics such as telling a story, describing new experiences, relationships, and problem solving. The step-by-step teaching methods are clear and engaging, making the English language easy to learn by yourself. Key language skills, grammar rules, and vocabulary are explained alongside colorful illustrations to help you put new language into context. Listening, speaking, reading, and writing exercises are set in bite-sized modules, allowing you to learn at your own pace. Free audio is available online to support your

language learning, featuring native English speakers. The audio examples help you to build experience of spoken English and give you the chance to perfect your pronunciation. *English for Everyone* is aligned to the CEFR, the international standard for language learning, and ideal for preparation for major English-language exams including IELTS, TOEIC, and TOEFL. Whether you want to improve your English for work, study, or travel, the *Level 3 Intermediate Course Book* will make it incredibly easy to teach yourself English.

Global Cambridge Scholars Publishing

While addressing the implications of rising multilingualism in America, *Learning the Language of Global Citizenship* explores the link between the achievement gap and academic language proficiency, as well as civic literacy and the individuals' motivation for civic engagement. In this book, the authors show how service-learning enhances language learning, international understanding, and global civic participation skills. This is a topical book designed for practical use by service-learning and language educators in applied linguistics and related disciplines such as English, foreign languages, hearing and speech sciences, and TESOL. It introduces readers to current and unique approaches toward research on first- and second-language acquisition, language policy and planning, language testing and methodology, assessment, and bilingualism. The book also raises fundamental questions for undergraduate and graduate courses with social justice themes by considering educational, linguistic, and human rights issues. *Learning the Language of Global Citizenship* is divided into four parts: Theoretical framework for developing service-learning projects in applied linguistics Domestic service-learning efforts International service-learning efforts Service-learning research reports representing Spanish, TESOL, teacher education, and composition studies The authors make a convincing case for promoting and preparing learners for educated and engaged citizenship in both local and global arenas. Each of the projects and methods they describe emphasizes the importance of second language proficiency for establishing and sustaining academic community partnerships in today's multilingual and multicultural societies.

Developing Materials for Language Teaching Psychology Press
Integrated English Practice II es un libro de curso intermedio para la formación de profesores de inglés de pregrado en Cuba; que

hace propio un enfoque comunicativo para la enseñanza y el aprendizaje de idiomas y que tiene la intención de responder a las necesidades particulares de los educadores. Está conformado como un cuaderno de ejercicios y forma parte de una serie que le permitirá al lector practicar sistemáticamente la comprensión auditiva, la expresión oral, la lectura y la escritura, así como el vocabulario y la gramática. También incluye oportunidades para aprender sobre la lengua extranjera, a través de la lengua extranjera y sobre la cultura en la que se usa.

Global MacMillan

Viewing current developments in materials development through the eyes of developers, users and researchers from all over the world, this book applies principles to practice. It provides a comprehensive coverage of the main aspects and issues in the field as well as critical overviews of recent developments in materials development, and acts as a stimulus for innovation.

Springer Science & Business Media

This is a unique book that covers innovative grammar teaching approaches and techniques for a modern generation of EFL/ESL students. It juxtaposes traditional grammar teaching methods with newer ones, and reveals the advantages and disadvantages of each. Moreover, it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate EFL/ESL teachers' work to practice certain grammatical patterns.

Oscar Seeks a Friend Springer

This book considers the issues globalization raises for second language learning and teaching in an economy where the linguistic skills of workers is becoming increasingly important.
