Time to Begin Activities is colorful, cheerful and a delight for students to complete either at the lesson or at home. Activities reinforce reading, rhythm and theory introduced in Time to Begin. Each unit includes at least one game-like activity. As students near the grand staff, note names direction and intervals become an integrated activity.

Reading With Giggles & Games Alfred Music

The Reading With Giggles & Games Learn-To-Read System works in a dramatically effective way because it uses several proprietary learning strategies, in combination, that create an ideal learning state in the mind and body of the student. No other system combines these learning strategies in the same way and no other system has been able to demonstrate more effective learning results. The children are happier, they learn faster and their teachers and parents are amazed at how much more quickly these students learn to read than other students who are

taught with other outmoded, traditional teaching methods. When your child starts to recognize letters, numbers and their associated sounds they are ready for the Reading With Giggles and Games program. This wonderful system can help you, as a parent, be much more effective in your mission to help your child to learn to read without the hassle and frustration that often accompanies the process with other traditional learn to read methods.

Edition adapted for British and Australian students. "The Music Tree" series continues the development of complete musicianship by providing the beginner with delightful and varied repertoire. The pupil learns a variety of idioms encompassing folk, jazz and pop. The creativity of the students is emphasized since they are given musical segments to rearrange, transpose, complete or to use as the basis for a new composition. Technical aspects are also addressed including greater facility, blocked intervals and chords, and more hands together playing. Guided

training steps are used to encourage intelligent practice skills.

 As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

Music Tree Part 3 now offers a new accompaniment series that includes audio CDs and MIDI disks as well as an educational software program to excite and motivate piano students! The audio CDs include two performances of each selected piece: solo part with an orchestrated accompaniment and orchestrated accompaniments alone. The MIDI disks can be used in any MIDI keyboard that has a disk drive or with a personal computer -- control the tempo, transpose to a different key, add a metronome click, and much more. Level 3 also includes a special computer software program called Home Concert 2000 Special Edition(tm) from TimeWarp Technologies. This program shows the student's part on the computer screen, "turns pages" automatically, adjusts tempo and dynamics to match the student's playing (if the keyboard is connected to the computer), and includes many other educational features.

Your student benefits from this Spelling Homework Journal in several ways. First, after their teacher delivers their weekly spelling assignment (for the upcoming spelling test) students will have a designated place to practice writing (journaling) their spelling words each week; parents can easily keep track of their child's progress, and they will have a permanent record of their assignments and what they've learned throughout the year. The 320 page Journal includes blank sheets on which the student can practice writing their spelling words daily. Each week of school is numbered and includes sheets enough for the student to write their spelling words 4 consecutive days a week. Additionally, the book includes a fun activity on each page that your child will look forward to completing. The activity is designed to build anticipation of the next day's practice session. This Journal is available for grades 1 through 7. Parents have reported to us that their

child experienced an immediate improvement in their spelling scores once they began consistently using this hassle free spelling journal. Go ahead and click the "Add to Cart" button and give your child the tool they need to learn both spelling and good study skills.
