Four more toe-curling tales of sexy young women being roughly taken by insatiable, hugely hung monsters. Volume 2 includes: "The Ultimate Sensation" - Pleasure-seeking heiress Jasmine is spending the summer living it up on the tropical island paradise of Vilau, whose jungles are said to be home to the Panlopa, a shockingly well-endowed Sasquatch-like monster-man. Jasmine scoffs at the stories, but when the natives decide to offer her up to the Panlopa to be its new mate, she soon learns how real the monster is...and she finally finds the ultimate pleasure she has

long sought! "Caught" – Emmaline's special bond with canines has always served her well in her job as Tucks Mills' dog catcher. But that bond sends her life spinning in an unexpected new direction when she meets a handsome stranger who captivates her like no other man she's ever met. What she doesn't know is that he's a werewolf on the hunt for just the right woman for him and his two packmates to mate with...and Emmaline is clearly the one! After catching the dog catcher in a trap of their own, the three virile, well-hung werewolves roughly have their way with her, one after another. "Intrusion" – Married scientists Monty and Nerissa think they're about to make history with a new invention that offers glimpses of alternate dimensions. But during the device's trial run, a hulking monster appears in the lab, and when it lays eyes on Nerissa, its only aim is to have its way with her. After his attempt to stop the alien intruder leaves him pinned beneath a piece of heavy equipment, Monty can only watch, helpless and horrified yet strangely aroused, as the hugely hung brute claims his wife...and in the process gives her pleasure light-years beyond anything she has ever felt with her nerdy husband. "Orced Raw" – After finding evidence of orc activity near the border of her forest homeland, Elara the elvish ranger sets out to investigate. When she recklessly gets too close to their lair, the petite warrior is captured and taken to their arena, where she learns that she has been chosen to become the tribe's latest broodmare and must now face off against every healthy male orc of the tribe in a battle/mating ritual. In the process, it emerges that her hatred of the orcs masks other, more shameful feelings, and as the brawny, well-hung monsters overwhelm her and roughly have their way with her, she finds herself wracked with bliss the likes of which she has never felt before.

How Sassy Changed My Life Pitchstone Publishing

The Eagles Cry is set in Oklahoma in 1950 after decades of events that have tested the fiber of family and community strength; The Dust Bowl, the Great Depression, and World War II. As a community emerges still intact from these external adversities, they discover that an internal malevolence may be their downfall. A murderer has suddenly started killing women and children in the particularly unworldly, small town of

Bugtussel. People are afraid for their families, and afraid of one another, as the only outside suspects in the case, the hobos, have spread the word to avoid Bugtussel. Now a community must look within to see who among them is trying to tear them apart. Meet colorful characters like Hobo Moses, Ole Grannie Wise Owl, Sam Snakekiller, Billy, the goat, and Ole Dolly, the horse, through the experiences of two little girls, Gracie and Willie Jones. In the tradition of *To Kill a Mockingbird* large social issues tested by childhood innocence become less complicated and more terrifying. With these two adventuress and imaginative little girls, though, a family and ultimately a community find out how to rise up on wings like eagles and overcome the storms. Book Excerpt Granpa Shares a Vision Gracie had awakened suddenly. She heard the front screen groan as Granpa opened and closed it. She heard the creek of protest from the porch as he let himself down on his favorite spot just to the right of the steps. She climbed out of bed trying not to wake Willie, but before she could slip her dress over her head and get out the door, Willie was beside her. They came as quietly as they could through the protesting front screen and silently crept into Granpa's lap. Listen, he whispered. Watch. The eastern light turned crimson as the world became brighter around them. The rooster dutifully announced the beginning of another day. The chickens emerged clucking, milling around, scratching for the early worm, and occasionally fighting over it. Willie wriggled to get a more comfortable position. Gracie held her breath. Something about Granpa told her this was very important to her. Look. It was almost a sigh. The girls gaze followed Granpa's pointing finger to the sky. They saw a small, dark spot on the horizon, appearing as if by signal from Granpa. Soon a great bird came closer. As it grew near, another approached. They are high, high, Gracie thought. Then she heard a cry from the first; an answering cry from the other. The clearness, the sharpness of the call touched something deep inside her. She heard Willie's sigh of awe. That's the eagle, Granpa said. The eagles circled, calling to each other. One came close and rose again with a cry. Gracie was lost in them. She felt their freedom and joy burst in her heart. She cried from joy. Willie held tighter to Granpa. The chicken noises faded away and the three of them were lost in the eagles. The three were eagles. They were flying in the heavens calling to each other recognition as they passed. Granpa held them close, his love like a warm comforter. When your father died, he said, I had a time of anguish and bitterness. I couldn't seem to get out of the darkness around me. Then, Jesus gave me a vision. I saw ice-topped mountains, with several eagles flyin amongst them. Each time one would pass the other, they would cry in recognition to each other. They flew high above the earth, tangled in nothin; their eyes on heaven. Granpa was quiet for awhile, then he said with compassion, Without the joy of the Lord, life is like them chickens over there. Heads close to the ground, peckin out a livin, fightin over the earth worm. I was like that rooster, risin early in the mornin and gettin lost in the earth and scratchin. Sadness was there for a moment. Then, he finished, I learned some things you jist had to turn over to the Lord, and fly with the eagles. They both hugged Granpa close. Im a

Girls in Power offers a fascinating and unique look at the social aspects of menstruation in the lives of adolescent girls—and also in the lives of adolescent boys. Although there has been much research on other aspects of gender and the body, this is one of the few books to examine menstruation and the first to explore how it plays a part in power interactions between boys and girls. Talking openly in single- and mixed-gender settings, individuals and groups of high school-age girls and boys share their interpretations and experiences of menstruation. Author Laura Fingerson reveals that while teens have negative feelings about menstruation, teen girls use their experiences of menstruation as a source of embodied power in their interactions with other girls and with boys. She also explores how boys deal with their own reduced power. The book extends our theoretical and analytical understanding of youth, gender, power, and embodiment by providing a more balanced view of adolescent social life.

The seventh novel in the Rougon-Macquart cycle, *L'Assommoir* (1877), is the story of a woman's struggle for happiness in working-class Paris. It was a contemporary bestseller, outraged conservative critics, and launched a passionate debate about the legitimate scope of modern literature. At the centre of the novel stands Gervaise, who starts her own laundry and for a time makes a success of it. But her husband Coupeau squanders her earnings in the *Assommoir*, the local drinking shop, and gradually the pair sink into poverty and squalor. *L'Assommoir* is the most finely crafted of Zola's novels, and this new translation captures not only the brutality but also the pathos of its characters' lives. This book is a powerful indictment of nineteenth-century social conditions, and the Introduction examines its relation to politics and art as well as its explosive effect on the literary scene.
