young partner in a thriving Mississippi law firm. Then Patrick Lanigan stole ninety million dollars from his own firm—and ran for his life. For four years, he evaded men who were rich and powerful, and who would stop at nothing to find him. Then, inevitably, on the edge of the Brazilian jungle, they finally tracked him down. Now Patrick is coming home. And in the Mississippi city where it all began, an extraordinary

trial is about to begin. As prosecutors circle like sharks, as Patrick's lawyer prepares his defense, as Patrick's lover prays for his deliverance and his former partners wait for their revenge, another story is about to emerge. Because Patrick Lanigan, the most reviled white-collar criminal of his time, knows something that no one else in the world knows. He knows the truth.

John Grisham's newest legal thriller takes you inside a law firm that's on shaky ground. Mark, Todd, and Zola came to law school to change the world, to make it a better place. But now, as third-year students, these close friends realize they have been duped. They all borrowed heavily to attend a third-tier, for-profit

law school so mediocre that its graduates rarely pass the bar exam, let alone get good jobs. And when they learn that their school is one of a chain owned by a shady New York hedge-fund operator who also happens to own a bank specializing in student loans, the three know they have been caught up in The Great Law School Scam. But maybe there's a way out. Maybe there's a way to escape their crushing

debt, expose the bank and the scam, and make a few bucks in the process. But to do so, they would first have to quit school. And leaving law school a few short months before graduation would be completely crazy, right? Well, yes and no ... Pull up a stool, grab a cold one, and get ready to spend some time at The Rooster Bar. The Rooster Bar Dell In this action-packed thriller, Miami just got a lot

more dangerous—especially for one innocent young woman running for her life. The city of Miami is Detective Tom Moon's back yard. He's always kept it local, attending University of Miami on a football scholarship, and, as a Miami PD officer, protecting the city's most vulnerable. Now, as the new leader of an FBI task force called "Operation Guardian," it's his mission to combat

international crime. Moon's investigative team discovers that the opportunistic "Blood Brothers"—Russian nationals Roman and Emile Rostoff—have evaded authorities while building a vast, powerful, and deadly crime syndicate throughout Europe and metropolitan Miami. Moon played offense for U of M, but he's on the other side of the field this time. And as the Rostoffs

zero in on a target dear to Tom, they're not playing by anyone's rules.

The nurse's voice on the phone is desperate, but

young Dr. Peters, in his first weeks of internship, is only bone-tired and a little afraid. He has forgotten when he last slept. Yet he knows that in the coming hours he will have to make life-or-death decisions regarding patients, assist contemptuous surgeons in the operating room, deal with nurses who may know more than he does, cope with worried relatives and friends of the

injured and ill, and pretend at all times to be what he has not yet become—a fully qualified doctor. This book is about what happens to a young intern as he goes through the year that promises to make him into a doctor, and threatens to destroy him as a human being—

His father is dead, his sister is missing, and his mother and two younger brothers are in a refugee camp. Samuel desperately wants to go home, but it's just not possible. Partly out of

sympathy, the coach of North Carolina Central offers him a scholarship. Samuel moves to Durham, enrolls in classes, joins the team, and prepares to sit out his freshman season. There is plenty of more mature talent and he isn't immediately needed. But Samuel has something no other player has: a fierce determination to succeed so he can bring his family to America. He works tirelessly on

his game, shooting baskets every morning at dawn by himself in the gym, and soon he's dominating everyone in practice. With the Central team losing and suffering injury after injury, Sooley, as he is nicknamed, is called off the bench. And the legend begins. But how far can Sooley take his team? And will success allow him to save his family? Gripping and moving, Sooley

showcases John Grisham's unparalleled storytelling powers in a whole new light. This is Grisham at the top of his game.

A Novel

Longman Three thrilling stories of the law from the master of the legal thriller. Homecoming takes us back to Ford County, the fictional setting of many of John Grisham's unforgettable stories. Jake Brigance is back, but he's not in the courtroom.

He's called upon to help an old friend, Mack Stafford, a former lawyer in Clanton who three years earlier became a local legend when he stole some money from his clients, divorced his wife, filed for bankruptcy, and left his family in the middle of the night, never to be heard from again. Until now. Now Mack is back and he's leaning on his old pals, Jake and Harry Rex, to help him return.

His homecoming does not go as planned. In Strawberry Moon, we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can't save him, the courts slam the door, and the Governor says no to a last minute request for clemency. As the clock ticks down, Cody has only one final request. The Sparring Partners are the Malloy brothers, Kirk and Rusty,

two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe one another, and speak to each other only when necessary. As the firm disintegrates, the fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time and try to save herself? 350+

Focused
Ultrasound
Foundation
John Grisham says THE TUMOR is the most important book he has ever written. In this short book, he provides readers with a fictional account of how a real, new medical technology could revolutionize the future of medicine by curing with sound. THE TUMOR follows the present day experience of the fictional

patient Paul, an otherwise healthy 35-year-old father who is diagnosed with a malignant brain tumor. Grisham takes readers through a detailed account of Paul's treatment and his family's experience that doesn't end as we would hope. Grisham then explores an alternate future, where Paul is diagnosed with the same brain tumor at the same age, but in the year 2025, when a

treatment called focused ultrasound is able to extend his life expectancy. Focused ultrasound has the potential to treat not just brain tumors, but many other disorders, including Parkinson's, Alzheimer's, hypertension, and prostate, breast and pancreatic cancer. For more information or to order a free hardcopy of the book, please visit The Focused Ultrasound Foundation's website

www.fusfoundation.org. Here you will find a video of Grisham on the TEDx stage with the Foundation's chairman and a Parkinson's patient who brings the audience to its feet sharing her incredible story of a focused ultrasound "miracle." Readers will get a taste of the narrative they expect from Grisham, but this short book will also educate and inspire people to be hopeful about the future of medical

innovation.
