Becoming a mother is a joyful rite of passage, but it can also bring overwhelming emotional upheaval, exhaustion, and self-doubt. And is it any wonder? Motherhood changes everything, right down to a woman's brain chemistry. No one understands "mom brain" better than psychologist Ilyse Dobrow DiMarco, a mother of two herself who specializes in treating women with young children. In this compassionate guide, Dr. Dobrow DiMarco shares science-based psychological strategies to help moms cope with common challenges and make peace with their transformed identity. Candid, witty stories from her own life and the lives of women she has worked with illustrate ways to tame self-critical thoughts; navigate the "new normal" of work, marriage, and friendships; and mindfully accept the highs and lows of

parenting--even in the toughest moments. *Where Dreams Descend* Harlequin / SB Creative When long-buried secrets come back to the surface... The bones of seven young girls, picked clean and carefully preserved, discovered years ago... that's all Sergeant Ryan DeMarco knows about the unsolved crime he has unwittingly been roped into investigating during what is supposed to be a healing road trip with his new love, Jayme. DeMarco is still reeling from the case that led to death of his best friend months ago and wants nothing more than to lay low. Unfortunately, the small southern town of Jayme's idyllic youth is not exactly a place that lets strangers go unnoticed—especially strangers who have a history of solving violent crimes. And if there's anything DeMarco knows, it's that a killer always leaves clues behind, just waiting for the right person to come along and put all the pieces together... Walking the Bones is a story about things buried—memories, regrets, secrets, and bodies. Acclaimed author Randall Silvis delivers

another heart-stopping investigation as DeMarco finds himself once again drawn into a case that will demand more of himself than he may be willing to give.

 After growing up in cheap motels, moving from town to town with her sister and mother, Cheyenne Christensen is grateful to be on her own. She's grateful, too, for the friends she found once her family settled in California. But she's troubled by the mystery of her earliest memories, most of which feature a smiling blonde woman. A woman who isn't her mother. Although Cheyenne has repeatedly asked for explanations, the people who could help aren't talking. Cheyenne is set on finding answers, but without so much as a birth certificate, it won't be easy. Things get even more complicated when her closest friend is attracted to the man Cheyenne has secretly loved for years. For Eve's

sake, she decides to step aside—which lands her right in the arms of Dylan Amos, oldest and baddest of the hell-raising Amos brothers. He’s the kind of guy she’s sworn to avoid. The first middle grade novel from Julie Murphy, #1 New York Times bestselling author of *Dumplin'* (now a popular Netflix film), is a funny,

heartwarming story perfect for fans of Rebecca Stead, Ali Benjamin, and Holly Goldberg Sloan. Patricia "Sweet Pea" DiMarco wasn't sure what to expect when her parents announced they were getting a divorce. She never could have imagined that they would have the "brilliant" idea of living in nearly identical houses on the same street. In the one house between them lives their eccentric neighbor Miss Flora Mae, the famed local advice columnist behind "Miss Flora Mae I?" Dividing her time between two homes is not easy. And it doesn't help that at school, Sweet Pea is now sitting right next to her ex-best friend, Kiera, a daily reminder of the friendship that once was. Things might be unbearable if Sweet Pea didn't have Oscar—her new best friend—and her fifteen-pound cat, Cheese. Then one day Flora leaves for a trip and asks Sweet Pea to forward her the letters for the column. And Sweet Pea happens to recognize the handwriting on one of the envelopes. What she decides to do with that letter sets off a chain of events that will forever change the lives of Sweet

feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. But as war ripples through the world and the Blitz decimates England, a tragic accident forces Julianne to leave everything behind and forge a new life built on lies she's told to protect the ones she loves. Or, as I used to think of him, "that jerk whose face is always in the tabloids." From the hockey rink to the bedroom, this guy is a major player. I assumed

that he would get bored and leave after a few days, like he has with every woman he's ever met. But for some reason he's sticking around, and there's nothing I can do about it.
