Faith's I Didn't Do It! Hiccup-ups Day Createspace Independent
Publishing Platform

What could possibly keep Lewis Tiggie from enjoying his twelfth
birthday and the last day of school before summer vacation?
Having his sister, Lallie, under foot might spoil his special day.
But what he doesn't know is that together with Lallie, their
precocious cat, and a friendly mouse, they'll all be sucked into a

watery hole in the wake of a very strange storm that strikes their
seaside village of Mousehole, England. A terrifying voyage
through the depths of the ocean takes them to a mysterious
place called Pood: a hostile, threatening land filled with secrecy
and oddities. When they learn that three Topland children are
being held captive in Pood, a race begins to rescue them and find
a way home. But finding a way out is not so easy when you're
trapped under the sea in a place that brings things in, but never
lets them out.

Emma Wants to Be a Grown-Up Knopf

"Me and E: A Baseball Odyssey is a reflection on parenting a highly skilled, nationally-ranked and difficult baseball prodigy, told through the author's eyes as he witnessed and participated in the successes and failures of his son playing baseball and growing up in Central Florida. It deals with the changing world of

competitive youth sports, over-involved parents, fanatical coaches, the hypocrisies inherent in high school athletics, the college recruiting process and how we teach our kids to grow up and become decent human beings - despite ourselves. It involves well-known sports figures as well as local sports icons with traits and characteristics that everyone will recognize. It's a book about flawed parenting, about living vicariously through a gifted child and learning, finally, that being a good father is as much about letting go as it is about being there. Call it Moneyball meets Everything I Know I Learned in Kindergarten.

Celebrate the 50th anniversary of Title IX, the law that opened the door for greater opportunities for girls and women, with this refreshed edition of the nonfiction illustrated middle grade book about an important victory in the fight for equality. Not long ago, people believed girls shouldn't play sports. That math and science courses were too difficult for them. That higher education should be left to the men. Nowadays, this may be hard to imagine, but it was only fifty years ago all of this changed with the introduction of the historical civil rights bill Title IX. This is the story about the determined lawmakers, teachers, parents, and athletes that advocated for women all over the country until Congress passed the law that paved the way for the now millions of girls who play sports; who make up over half of the country's medical and law students; who are on the national stage winning gold medals and world championships; who are developing life-changing vaccines, holding court as Supreme Court Justices, and leading the country as vice president. All because of Title IX and the people who believed girls could do anything—and were

willing to fight to prove it. This updated edition of Let Me Play includes new chapters about how Title IX is being used in the fight for transgender rights and justice for sexual assault survivors and a refreshed epilogue highlighting the remarkable female athletes of today and the battles they're still fighting.

Let Me Tell You a Story Tyndale House Publishers, Inc.

Let Me Tell A Story is quite a departure from the military crime fiction Betit has published in the past. Written in the same tight but detailed style characteristic of his earlier books, this collection is a mix of short fiction and memoir, first-person stories that take place over a period of nearly 60 years. Although written in the first person, the narrator of one story is not necessarily the narrator of the next story in the book. It starts with a tale about a 12-year-old boy who learns some important life lessons during a family trip to Maine's northern-most Aroostook County in the 1950s. It ends with a piece about an elderly Maine couple learning some lessons of their own while coming to grips with old age in the near present. In between there are stories about young soldiers and old soldiers, husbands and wives, mothers and fathers and other sordid types. Half of the ten stories in the book take place in Maine. A lot of the pieces were based on Betit's experiences during the Vietnam War and its aftermath "I call them woulda-coulda-shoulda stories," he said. "All of them contain more than one grain of truth. Usually, a lot more." Previously, Betit published *Phu Bai*, *Kagnew Station* and *The Man In The Canal*, military crime novels set in South Vietnam, Ethiopia and Sweden, respectively, during the late 60s and early 70s. That series follows the adventures of U.S. Army CID investigator John Murphy. During book talks promoting his crime novels Betit sometimes read early versions of a few of the stories in *Let Me*

Tell A Story at his events. "It was a good change of pace and the stories were well received," he said. "Like my other books, this book can be classified as a good read."
