*Drawing for the Absolute Beginner* Penguin  
Presents a controversial history of violence  
which argues that today's world is the

most peaceful time in human existence,  
drawing on psychological insights into  
intrinsic values that are causing people to  
condemn violence as an acceptable  
measure.

Java 7 Programming for Absolute Beginners introduces the new core, open source Java Development Kit. Its focus is on practical knowledge and its completeness—it provides all the bits and pieces an utter novice needs to get started programming in Java. It seems as if everyone is writing applications or apps these days for Android, BlackBerry, and the enterprise—it's where the money's at.

But, how do they do it? Well, it's best to start by learning Java, one of the most popular programming languages around these days, still. Yes, that's right. This book: Teaches Java development in language anyone can understand, giving you the best possible start Provides simple, step-by-step examples that make learning easy, allowing you to pick up the concepts without fuss Offers clear code descriptions and layout so that you can get your code running as soon as possible  
*Drawing Portraits for the Absolute Beginner* Search Press Limited  
 Drawing Nature for the Absolute Beginner offers a great beginner's course on drawing nature. In their fun and friendly teaching style, Mark and Mary Willenbrink show you how to realistically capture the world around you. All you need to get started are some simple supplies, basic techniques, and inspiration.

Today many school students are shielded from one of the most important concepts in modern science: evolution. In engaging and conversational style, Teaching About Evolution and the Nature of Science

provides a well-structured framework for understanding and teaching evolution. Written for teachers, parents, and community officials as well as scientists and educators, this book describes how evolution reveals both the great diversity and similarity among the Earth's organisms; it explores how scientists approach the question of evolution; and it illustrates the nature of science as a way of knowing about the natural world. In addition, the book provides answers to frequently asked questions to help readers understand many of the issues and misconceptions about evolution. The book includes sample activities for teaching about evolution and the nature of science. For example, the book includes activities that investigate fossil footprints and population growth that teachers of science can use to introduce principles of evolution. Background information, materials, and step-by-step presentations are provided for each activity. In addition, this volume: Presents the evidence for evolution, including how evolution can be observed today. Explains the nature of science through a variety of examples. Describes how science differs from other

human endeavors and why evolution is one of the best avenues for helping students understand this distinction. Answers frequently asked questions about evolution. Teaching About Evolution and the Nature of Science builds on the 1996 National Science Education Standards released by the National Research Council—and offers detailed guidance on how to evaluate and choose instructional materials that support the standards. Comprehensive and practical, this book brings one of today's educational challenges into focus in a balanced and reasoned discussion. It will be of special interest to teachers of science, school administrators, and interested members of the community.

Make the most of your wireless network...without becoming a technical expert! This book is the fastest way to connect all your wireless devices, get great performance with everything from streaming media to printing, stay safe and secure, and do more with Wi-Fi than you ever thought possible! Even if you've never set up or run a network before, this book will show you how to do what you

want, one incredibly clear and easy step at a time. Wireless networking has never, ever been this simple! Who knew how simple wireless networking could be? This is today's best beginner's guide to creating, using, troubleshooting, and doing more with your wireless network...simple, practical instructions for doing everything you really want to do, at home or in your business! Here's a small sample of what you'll learn:

- Buy the right equipment without overspending
- Reliably connect Windows PCs, Macs, iPads, Android tablets, game consoles, Blu-ray players, smartphones, and more
- Get great performance from all your networked devices
- Smoothly stream media without clogging your entire network
- Store music and movies so you can play them anywhere in your home
- Keep neighbors and snoopers out of your network
- Share the files you want to share—and keep everything else private
- Automatically back up your data across the network
- Print from anywhere in the house—or from anywhere on Earth
- Extend your network to work reliably in larger homes or offices
- Set up a “guest network” for visiting friends and family
- View streaming videos

and other web content on your living room TV

- Control your networked devices with your smartphone or tablet
- Connect to Wi-Fi hotspots and get online in your car
- Find and log onto hotspots, both public and hidden
- Quickly troubleshoot common wireless network problems

Learn how to draw people with this clear & easy guide that's perfect for beginners. Known for their friendly, focused approach to teaching art, Mark and Mary Willenbrink

show beginning artists how to draw people in a realistic style. Inside you'll find everything you need to succeed, from how to select and hold your pencils to expert instruction on drawing hands, clothing and figures in motion. This book steers you clear of common mistakes and brings clarity to even notoriously tricky concepts like perspective and values. While the human subject is wonderfully diverse, this book teaches an easy-to-learn approach that can be used to achieve accurate drawings every time. Thirteen complete figure drawing demonstrations show how. Start with a few lines to establish basic proportions, sketch in placement lines, then gradually develop details. Before you know it, you'll be drawing people of all ages, body types and personalities! This book makes it easy to get started. The quality of your results will encourage you to keep at it, building your skills and your confidence with every stroke. What's Inside:

- Tricks for ensuring accurate body proportions and feature placement in your drawings.
- Expert advice on drawing heads, hands, legs, clothes and more.
- 13 step-by-step demonstrations featuring a diversity of model types, lighting and

poses.

Watercolour for the Absolute Beginner  
Penguin

If you have ever wanted a complete course in how to sketch effectively, but lacked the confidence to start, then *Sketching for the Absolute Beginner* is the book for you. Starting from a clear, simple method to bring all the senses into play, successful author and acclaimed artist Peter Cronin RSMA shows the reader how to bring artistry and economy to their sketching; making for swift and impressive results. Whether sketching as the basis for painting, or simply for pleasure, this book gives the reader all they need to know. "I am a full-time professional artist, and if I had to name one thing that has improved my painting, then it would be drawing." Peter Cronin Numerous simple step-by-step demonstrations as well as larger projects lead the complete beginner through the book, building towards more complex and rewarding artworks. Most of the artworks in the book are created using graphite pencil, but the author also shows the reader how to use charcoal and pen and ink to broaden the possibilities; and encourage them to experiment with other

media. By the end of the book, the reader will have learnt all you need to know to take your sketching skills further and become an accomplished artist in your own right.

*Nicomachean Ethics* Que Publishing  
#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of

book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

*Or, Principles of the Law of Nature, Applied to the Conduct and Affairs of Nations and Sovereigns* Penguin

Offers advice on drawing trees, clouds, snow, barns, grass, rocks, and water, and includes step-by-step demonstrations *Beginner's Guide to Realistic Drawing Techniques* Que Publishing

Drupal 8 for Absolute Beginners is your definitive guide to starting from scratch with Drupal even if you have little web knowledge. This book teaches you the basics of HTML, CSS, JavaScript, and PHP in relation to Drupal, so that you can begin to use this popular CMS with all of its features. You will first learn how to set up and customize a basic blog using Drupal, one of the most powerful and popular content management systems available today. From there you will learn the basics of HTML, CSS, JavaScript and PHP, and apply this knowledge to create your own custom Drupal module. You will learn how

to build, style, and add functionality to your own Drupal module from scratch. You will then use Drush to apply a theme to Drupal, customizing everything to your liking, before publishing your work to the world. The book also covers some more advanced topics that beginners often ask about, such as getting set up with Git and using source control, using MySQL to interact with a database, and a guide to getting up and running with Linux. Rarely has all the knowledge required to start with Drupal been collated in one place as it is in *Drupal 8 for Absolute Beginners*. You need no prior knowledge of the web, only a desire to learn. The book is fully supported by video material on the author's website. Start your Drupal journey with this book today!

*The Fun, Easy Way to Learn to Draw in One Month or Less* Apress

Start painting today - it's easier than you think. If you've ever dreamed of painting in watercolor, this is the book for you. It's designed to help you start experiencing the joy of watercolor immediately - even if you've never picked up a brush. Mark and Mary Willenbrink provide all the guidance and encouragement you need. Their

painting techniques, tips and tricks help make every step you take a success, from selecting colors to designing a composition. It's like having two private art instructors right there at your side. In no time at all you'll be hanging original works of art - pieces you'll be proud to show to family and friends. The Willenbrinks' easy-to-follow instruction ensures it.

[Evidence as to Man's Place in Nature](#)

Knopf Books for Young Readers

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live.

With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

**A Clear and Easy Guide to Successful Perspective Drawing** Penguin Group USA

From the author of the bestselling *Anam Cara* comes a beautiful collection of blessings to help readers through both the everyday and the extraordinary events of their lives. John O'Donohue, Irish teacher and poet, has been widely praised for his gift of drawing on Celtic spiritual traditions to create words of inspiration and wisdom for today. In *To Bless the Space Between Us*, his compelling blend of elegant, poetic language and spiritual insight offers readers comfort and encouragement on their journeys through life. O'Donohue looks at life's thresholds—getting married, having children, starting a new job—and offers invaluable guidelines for making the transition from a known, familiar world into a new, unmapped territory. Most profoundly, however, O'Donohue explains “blessing” as a way of life, as a lens through which the whole world is

transformed. O'Donohue awakens readers to timeless truths and shows the power they have to answer contemporary dilemmas and ease us through periods of change.

Perspective for the Absolute Beginner HarperCollins

A comprehensive, accessible course in landscape painting with acrylics from a seasoned artist and teacher. Author Charles Evans's no-nonsense techniques and engaging writing style bring acrylic painting within the grasp of anyone keen to dive into this versatile and popular medium. The book begins with excellent advice for the beginner, including easy drawing for painting, composition, easy perspective, light and shade, color, and how to use acrylics with different painting styles. There are six full step-by-step painting projects ranging from simple skies to snowy landscapes with horses, each of which is supported by additional exercises and techniques. The step-by-step projects allow aspiring artists to put into practice their new-found skills, and produce six stunning paintings of their own, in a range of styles. A pull-out outline drawing is provided for every project, and

Charles shows how to transfer these onto the painting surface. Charles's irreverent style makes learning to paint with acrylics easy and fun.
