The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

The Diary of a Young Girl Arihant Publications India limited Perhaps fitting for a horror short story, the devil is in the details in Poe's "The Oval Portrait" (1842). A benighted traveller finds shelter in an abandoned mansion in the Apennine Mountains of Italy. Inside he gets absorbed by a stunning painting and decides to delve into its origins with the help from a book he finds on a pillow. The story revolves around the complex and often tragic relationship between life and art. As per usual Poe can't help himself to play with layers, and most of the story is told as an embedded narrative. The intense emotional and psychological depths of the narrator's infatuation with the portrait and the enticing volume that helps to shed a light on the painting make this short story another fascinating and haunting and Poesque tale which succinctly glorifies the immortality of art. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Objective Civil Engineering (Big) (R-100) The Story of My Life All in 1 Guide Book: CBSE Class X for 2022 Examination

Three Men in a Boat (To Say Nothing of the Dog), published in 1889, is a humorous account by Jerome K. Jerome of a boating holiday on the Thames between Kingston and Oxford. The book was initially intended to be a serious travel guide, with accounts of local history along the route, but the humorous elements took over to the point where the serious and somewhat sentimental

passages seem a distraction to the comic novel. One of the most praised things about Three Men in a Boat is how undated it appears to modern readers, the jokes seem fresh and witty even today. The three men are based on Jerome himself (the narrator J.) and two real-life friends, George Wingrave (who went on to become a senior manager in Barclays Bank) and Carl Hentschel (the founder of a London printing business, called Harris in the book), with whom he often took boating trips. The dog, Montmorency, is entirely fictional, but "as Jerome admits, developed out of that area of inner consciousness which, in all Englishmen, contains an element of the dog." The trip is a typical boating holiday of the time in a Thames camping skiff. This is just

after commercial boat traffic on the Upper Thames had died out, replaced by the 1880s craze for boating as a leisure activity.
