Hands-On Social Studies, Grade 6 Portage & Main Press

The popular Saunders Guide to Success in Nursing School is a versatile organizational tool, a practical nursing orientation handbook, a clinical quick reference, and a resource directory all in one. This compact and affordable guide helps busy nursing students manage their time and perform to their fullest potential inside the classroom and during clinical rotations. The Guide not only provides time management and stress-reduction strategies, advise on study skills, and yearly, monthly, and weekly planners, but also comes equipped with a variety of helpful clinical tools like pain and neurological assessment scales, Joint Commission safety guidelines, information on common drug and lab values, and NCLEX preparation tips. An orientation section covers the latest developments in computer-based testing and flipped classroom instruction. A clinical reference section features information on electronic documentation and content on Post-Traumatic Stress Disorder Plus all the must-have information you need to survive nursing school including: NCLEX Exam strategies Time management and study tips Stress reduction techniques Common medication and IV therapy guidelines The Joint Commission's Do Not Use lists High-alert medications Normal vital signs, lab values, measurements, and conversions Updated weekly, monthly, and yearly calendars with prefilled dates from May 2017 through December 2018 help students organize their schedule at school and at home. New content on electronic devices and social media alerts students to the hazards and pitfalls of using phones and engaging in social media while in nursing school and on the job.

Level 1 New Leaf Publishing Group

This teacher resource offers a detailed introduction to the program, which includes its guiding principles, implementation guidelines, an overview of the social studies skills that grade 6 students use and develop, and a classroom assessment plan complete with record-keeping templates and connections to the Achievement Levels outlined in the Ontario Social Studies Curriculum. This resource has two instructional units: Unit 1: First Nation Peoples and European Explorers Unit 2: Canada's Links to the World Each unit is divided into lessons that focus on specific curricular expectations. Each lesson has: materials lists activity descriptions questioning techniques activity centre and extension ideas assessment suggestions activity sheets and visuals

**Strategies for Explaining Thinking** Shell Education

Easily implement grade appropriate lessons suitable for Grade 4 classrooms. Based on current research, these easy-to-use lessons are based on a variety of strategies to differentiate your instruction. Activities are included to allow access to all learners. Includes interactive whiteboard-compatible Resource CD with sample projects, templates, and assessment rubrics. 160pp. plus Teacher Resource CD.

*Developing Algebraic Reasoning* Cambridge University Press

"Chapter questions and answer key ; language & literacy activities ; teacher guide for easy implementation."--Cover.

*Hands-On Mathematics, Grade 1* Penguin

Grok patterns of smiley faces. Crank answers out of a "function machine." Solve Sudoku puzzles and "math jokes" (riddles students answer by solving problems). Balance a scale so the dominoes on one side match the dominoes on the other side. Correlated to NCTM and Common Core standards, hands-on activities and concrete manipulatives help students learn how to generalize math problems by using variables, seeing patterns and functions in concrete ways, and grasping the concept of equivalence (accomplished by the metaphor of balancing scales). The teacher book offers teaching procedures and reproducible worksheets; the student book conveniently binds one student's worksheets together. Grades K-5. Illustrated. Good Year Books. 139 pages. 2011 revised edition.

**Julius Caesar** Teacher Created Resources

Learn ways to create order in the classroom.

Instant PET Scholastic Inc.

Where can students visit an Egyptian pyramid, learn the Sumerian number system, study the ancient Chinese dynasties, and explore the Mayan city of Chichen Itza? The Internet, of course! Armed with reproducible graphic organizers, students go online and hone their research skills to learn about these and other ancient civilizations. Students then use what they've learned to recreate a Mayan calendar, map out Mesopotamia, create a timeline of ancient Greece, and more.

*With Hands-on Activity Sheets* PRUFROCK PRESS INC.

The Teaching Success Guide for the Advanced Placement Classroom series helps teachers motivate students above and beyond the norm by introducing investigative, hands-on activities, including debates, role-plays, experiments, projects, and more, all based on Advanced Placement and college-level standards for learning. Julius Caesar allows teachers to take a fresh approach to one of Shakespeare's most famous plays by moving beyond basic history and memorization of quotes. Students will engage in performance approaches to the text, recreate the story's events in a news show format, participate in collaborative literature workshop activities, and debate whether Caesar could have prevented his assassination. The author also provides easy-to-use discussions of Shakespeare's language and how Julius Caesar can be studied from different critical perspectives. Grades 7-12

*EPA National Publications Catalog* IDEA

Part of Prufrock's new series for the upper level classroom, Advanced Placement Classroom: Hamlet allows teachers to take a fresh approach on one of Shakespeare's most famous plays, by moving beyond basic history and memorization of quotes. Students will study cultural variations of the Hamlet story, recreate the tale's events in a news show format, rewrite scenes using modern-day perspectives, and create their own blogs to discuss the play's relationship to contemporary life.

Targeted Reading Intervention Portage & Main Press

This teacher resource offers a detailed introduction to the Hands-On Mathematics program (guiding principles, implementation guidelines, an overview of the processes that grade 2 students use and develop during mathematics inquiry), and a classroom assessment plan complete with record-keeping templates and connections to the Achievement Levels outlined in the WNCPC Mathematics Curriculum. The resource also provides strategies and visual resources for developing students' mental math skills. The resource includes: Mental Math Module 1: Patterns and Relations Module 2: Statistics and Probability Module 3: Shape and Space Module 4: Number Concepts Module 5: Number Operations Each module is divided into lessons that focus on specific curricular outcomes. Each lesson has materials lists activity descriptions questioning techniques problem-solving examples activity centre and extension ideas assessment suggestions activity sheets and visuals

This field guide provides practical application of the skills presented via activities and worksheets that are provided within each chapter.

**Pippi Longstocking by Astrid Lindgreen** On The Mark Press

Help students put their thinking onto paper with step-by-step strategies that develop concise writing and discussion skills. With Think It, Show It: Mathematics, students in grades 3-8 will learn through guided instruction how to express themselves mathematically, think conceptually, and gain essential critical-thinking skills. Strategy instruction is supported by the included student activities, sentence frames, rubrics, exemplar writing samples, and graphic organizers.

**Teaching Tolerance and Participation** Teacher Created Materials

A resource for teachers focusing on the skills students need when working towards assessment of dance in performance. Describes the dance experience mainly from the dancer's perspective and in a way teachers can use in their daily teaching schedules.

**Think It, Show It Mathematics: Strategies for Explaining Thinking** Teacher Created Materials

Dive into prefixes and suffixes where students in grades 2-4 will expand their vocabularies and improve their word knowledge. Starting with Prefixes and Suffixes is a standards-based resource that introduces common Latin and Greek prefixes and suffixes and presents them in ways that are easy to understand and apply. Each lesson provides necessary content explanations, instructional guidelines, and activities to help students decipher meaning by analyzing work parts and word groups. Additional resources are offered to assist teachers facilitate learning with an appendix offering more activities, extensions, and flashcards. This resource is correlated to College and Career Readiness and other state standards.

Annotation "Conflict and Communication offers educators a practical curriculum on conflict management that helps students understand the nature of conflict and learn the skills that will enable them to deal with conflicts in their lives. The book is divided into two parts: Conflict Management and Student Mediation." "Conflict Management contains 60 hands-on activities that help students understand how personal values are formed, how misperceptions and misunderstandings arise and affect relationships, and how they can communicate effectively. The activities explain the roots and consequences of conflict, offer specific strategies for dealing with conflict, and help students discover basic human rights and their connection to conflict."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **Write TIME for Kids: Level K Narrative Fiction Teacher's Guide** Shell Education

One World offers educators a practical curriculum for teaching tolerance and conflict resolution. Fifty hands on activities help students understand how personal values are formed; how misperceptions affect relationships; and how they can communicate effectively. Lessons on decision-making, creative thinking, and conflict management give them the practical skills that foster tolerance. Each lesson plan contains learning objectives, background information, materials needed, activities, activity or resource sheets, discussion questions, and teacher tips.

**Standards-Based Comprehension Strategies and Skills Guide** Routledge

Reinvigorating today's schools with quality thinking Critical, creative and collaborative thinking should be at the center of all 21st century teaching and learning. Creating Thinking Classrooms is loaded with examples, stories and strategies for reinvigorating schools through quality thinking and reasoning. Written for leaders who support teachers, this guide treats educational change as a process of renovation, rather than revolution, and emphasizes building upon, refining and sustaining the many good things happening in today's schools. Practical and user-friendly, it emphasizes five key principles for learning and teaching: Engaging students Sustaining inquiry Nurturing self-regulated learners Creating assessment-rich learning Enhancing learning through digital technology
