 From the beloved bestselling author Santa Montefiore comes a new novel filled with humour and heart. For fans of *The Temptation of Gracie*, Flappy now takes centre stage, more charismatic and competitive than ever. 'Fresh, fun and fabulous! Flappy certainly kept me entertained!' Heidi Swain, *Sunday Times*

bestselling author of *The Winter Garden* Underneath her graceful exterior lies a passion nobody knew about, least of all Flappy herself... Flappy Scott-Booth is the self-appointed queen bee of Badley Compton, a picturesque Devon village. While her husband Kenneth spends his days on the golf course, she is busy overseeing her beautiful house and gardens, and organising unforgettable events, surrounded by friends who hang on to her every word. Her life is a reflection of herself - impossibly perfect. Until the day that Hedda Harvey-Smith and her husband Charles move into the village. Into an even grander home than hers. Taking the front seat on the social scene, quite literally. That simply will not do. Flappy is determined to show Hedda how things are done here in Badley Compton. But then she looks into Charles's beautiful green eyes. And suddenly, her focus is elsewhere. She is only human, after all... Praise for Flappy Entertains: 'Santa Montefiore is a born storyteller' *Woman's Weekly* 'A friendly, undemanding read in unfriendly, demanding times' *Daily Mail* 'A keeping up with the Joneses tale that will lift your spirits in no time' *New!* 'Another winner from the author who writes about relationships so astutely' *Belfast Telegraph* 'Packed with wickedly funny insights and throwaway lines and written with an extra-large helping of heart, this is the perfect escape for anyone in need of a book hug!' *Lancashire Post* 'With its air of nostalgia, gentle humour and snobbery, this is a super but also surprising read' *NFOP magazine* Praise for Santa Montefiore: 'Nobody does epic romance like Santa Montefiore' *JOJO MOYES* 'An enchanting read, overflowing with deliciously poignant moments' *DINAH JEFFRIES* 'Santa Montefiore hits the spot for me like few other writers' *SARRA MANNING* 'One of our personal favourites' *The Times* 'Accomplished and poetic' *Daily Mail* 'Santa Montefiore is a marvel' *Sunday Express*

Carve the Mark and the *Divergent* series A missing girl on a journey of revenge. A Serial—like podcast following the clues she's left behind. And an ending you won't be able to stop talking about. "Today, WNRK is launching the first episode of our new serialized podcast, *The Girls*, created and hosted by West McCray." When popular radio personality West McCray receives a desperate phone call from a stranger imploring him to find nineteen-year-old runaway Sadie Hunter, he's not convinced there's a story there; girls go missing all the time. But when it's revealed that Sadie fled home after the brutal murder of her little sister, Mattie, West travels to the small town of Cold Creek, Colorado, to uncover what happened. Sadie has no idea that her journey to avenge her sister will soon become the subject of a blockbuster podcast. Armed with a switchblade, Sadie follows meager clues hoping they'll lead to the man who took Mattie's life, because she's determined to make him pay with his own. But as West traces her path to the darkest, most dangerous corners of big cities and small towns, a deeply unsettling mystery begins to unfold—one that's bigger than them both. Can he find Sadie before it's too late? Alternating between Sadie's unflinching voice as she hunts the killer and the podcast transcripts tracking the clues she's left behind, Sadie is a breathless thriller about the lengths we go to protect the ones we love and the high price we pay when we can't. It will haunt you long after you reach the final page.

One of the most successful books of the past decade is back in a new printing (the first-ever printing by Drawn & Quarterly), just in time for the new century! The New York Times Book Review called Jar of Fools "...a lovely, short 'picture novel' exploring the tenacious bond between an alcoholic stage magician and his cranky mentor". Jason Lutes' formidable skills as an artist and writer are in evidence here in his first book as he relates the story of Ernie Weiss, a former magician haunted by the death of his escape-artist brother and a failed romance. With the recent release of Berlin; Book One, this new edition of Jar of Fools will serve as an excellent introduction to the early work of Jason Lutes.

It's Wiggle Time! Penguin

Highlighting the changing landscape of Chinese urban state schools under the pressure of recruiting a tremendous number of migrant children, this book examines the quality of state educational provisions from demographic, institutional, familial and cultural angles. Rooted in rich qualitative data from five Chinese metropolitan cities, it identifies the demographic changes in many state schools of becoming 'migrant majority' and the institutional reformation of 'interim quasi-state' schools under a low cost and inferior schooling approach. This book also digs into the 'black box' of cultural reproduction in school and family processes, revealing both a gloomy side of many migrant children's academic underachievement as a result of troubled home-school relations and a bright side that social inclusion of migrant children in state school promotes their adaptation to urban life. The author concludes that migrant children's experiences in state (and quasi-state) schools turn them into a generation of 'new urban working-class'. The monograph will be of interest to scholars, students, practitioners and policymakers who want to better understand educational equality for migrants and other marginalised groups.
