Latina/o Mathematics Learners. Abstract: New approaches are needed to translate what we know about effective mathematics curriculum and instruction for bilingual Latina/o learners, into concrete actions in the classroom. This symposium reports on a study investigating curricular features that support teachers and students as they ... Proposal: Reexamining Curricula as a Means to Improve ... was being led by the National Council of

Teachers of Mathematics (1980). NCTM emphasized problem solving and a broader curriculum and eventually issued the first set of national standards (NCTM, 1989), which launched the standards-based reform movement that is with us to this day.
