Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions

are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses. *Batman Beyond: Hush Beyond* U of Minnesota Press

This board book of beloved Bible stories has a padded cover and is the perfect introduction to God's Word for babies and toddlers.

"I'm sending rain," God said to Noah. "Build a boat that's wide. I'll send you all the animals, and you'll be safe inside." Nine favorite Bible stories and the Lord's Prayer come alive with beautiful illustrations and fun rhyming text in this book carefully designed for God's youngest children. What did Noah build? What happened to Jonah? Who is Jesus? Toddlers will find out in this padded collection that includes simple activities throughout. The perfect size for little hands.

This profound guidebook reframes and expands the mission of building a global culture of peace. Going far beyond conventional techniques of conflict resolution, James O'Dea provides a holistic approach to peace work, covering its oft-ignored cultural,

spiritual, and scientific dimensions while providing guidance suitable even for those who have never considered themselves peacebuilders. O'Dea is unique in his ability to integrate personal experience in the world's violent conflict zones with insights gathered from decades of work in social healing, human rights advocacy, and consciousness studies. Following in the footsteps of Gandhi and King, O'Dea keeps the dream of peace alive by teaching us how to dissolve old wounds and reconcile our differences. He strikes deep chords of optimism even as he shows us how to face the heart of darkness in conflict situations. His soulful but practical voice speaks universally to peace activists, mediators, negotiators, psychologists, educators, businesspeople, and clergy—and to everyday citizens.

A delightful period piece of Paris in the late 1880's, *We'll to the Woods No More* (*Les lauriers sont coupés*) retains its importance as the first use of the monologue intérieur and the inspiration for the stream-of-consciousness technique perfected by James Joyce. Dujardin's charming tale, told with insight and irony, recounts what goes on in the mind of a young man-about-town in love with a Parisian actress. Mallarmé described the poetry of the telling as "the instant seized by the throat." Originally published in France in 1887, the first English translation (by Joyce scholar Stuart Gilbert) was published by New Directions in 1938. In 1957 Leon Edel's perceptive historical essay reintroduced the book as "the rare and beautiful case of a minor work which launched a major movement."

Comparative Literature is changing fast with methodologies, topics, and research interests emerging and remerging. The fifth volume of ICLA 2016 proceedings, Dialogues between Media, focuses on the current interest in inter-arts studies, as well as papers on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse. "Adaptation" is a key term for the studies presented in this volume; various articles discuss the adaptation of literary source texts in different target media - cinematic versions, comics adaptations, TV series, theatre, and opera. Essays on the interplay of media beyond adaptation further show many of the strands that are woven into dialogues between media, and thus the expanding range of comparative literature.

In works by filmmakers from Bertolucci to Spielberg, debauched images of nazi and fascist eroticism, symbols of violence and immorality, often bear an uncanny resemblance to the images

and symbols once used by the fascists themselves to demarcate racial, sexual, and political others. This book exposes the "madness" inherent in such a course, which attests to the impossibility of disengaging visual and rhetorical constructions from political, ideological, and moral codes. Kriss Ravetto argues that contemporary discourses using such devices actually continue unacknowledged rhetorical, moral, and visual analogies of the past. Against postwar fictional and historical accounts of World War II in which generic images of evil characterize the nazi and the fascist, Ravetto sets the more complex approach of such filmmakers as Pier Paolo Pasolini, Liliana Cavani, and Lina Wertmuller. Her book asks us to think deeply about what it means to say that we have conquered fascism, when the aesthetics of fascism still describe and determine how we look at political figures and global events. A gorgeously rendered graphic novel of Daniel Alarcón's story City of Clowns. From the author of The King Is Always Above the People, which was longlisted for the 2017 National Book Award for Fiction. Oscar "Chino" Uribe is a young Peruvian journalist for a local tabloid paper. After the recent death of his philandering father, he must confront the idea of his father's other family, and how much of his own identity has been shaped by his father's murky morals. At the same time, he begins to chronicle the life of street clowns, sad characters who populate the violent and corrupt city streets of Lima, and is drawn into their haunting, fantastical world. This remarkably affecting story by Daniel Alarcón was included in his acclaimed first book, War by

Candlelight, and now, in collaboration with artist Sheila Alvarado, it takes on a new, thrilling form. This graphic novel, with its short punches of action and images, its stark contrasts between light and dark, truth and fiction, perfectly corresponds to the tone of Chino's story. With the city of Lima as a character, and the bold visual language from the story, *City of Clowns* is moving, menacing, and brilliantly vivid.

An exquisite WWII novel illuminating the strength of three women in occupied Paris, for fans of *The Nightingale*, *The Alice Network* and *The Lost Girls of Paris*. "A truly outstanding novel...reminds us of the power of love, hope and courage."—Heather Morris, #1 bestselling author of *The Tattooist of Auschwitz* Paris, 1944 Celebrated singer Genevieve Dumont is both a star and a smokescreen. An unwilling darling of the Nazis, the chanteuse's position of privilege allows her to go undetected as an ally to the resistance. When her estranged mother, Lillian de Rocheford, is captured by Nazis, Genevieve knows it won't be long before the Gestapo succeeds in torturing information out of Lillian that will derail the upcoming allied invasion. The resistance movement is tasked with silencing her by any means necessary—including assassination. But Genevieve refuses to let her mother become yet one more victim of the war. Reuniting with her long-lost sister, she must find a way to navigate the perilous cross-currents

of Occupied France undetected—and in time to save Lillian's life. In this heart-wrenching novel, bestselling author Karen Robards showcases the extraordinary lengths one goes to save their family from a German prison. A web of spies, the resistance and a vivid portrayal of Paris in wartime.

Proactive policing, as a strategic approach used by police agencies to prevent crime, is a relatively new phenomenon in the United States. It developed from a crisis in confidence in policing that began to emerge in the 1960s because of social unrest, rising crime rates, and growing skepticism regarding the effectiveness of standard approaches to policing. In response, beginning in the 1980s and 1990s, innovative police practices and policies that took a more proactive approach began to develop. This report uses the term "proactive policing" to refer to all policing strategies that have as one of their goals the prevention or reduction of crime and disorder and that are not reactive in terms of focusing primarily on uncovering ongoing

crime or on investigating or responding to crimes once they have occurred. Proactive policing is distinguished from the everyday decisions of police officers to be proactive in specific situations and instead refers to a strategic decision by police agencies to use proactive police responses in a programmatic way to reduce crime. Today, proactive policing strategies are used widely in the United States. They are not isolated programs used by a select group of agencies but rather a set of ideas that have spread across the landscape of policing. Proactive Policing reviews the evidence and discusses the data and methodological gaps on: (1) the effects of different forms of proactive policing on crime; (2) whether they are applied in a discriminatory manner; (3) whether they are being used in a legal fashion; and (4) community reaction. This report offers a comprehensive evaluation of proactive policing that includes not only its crime prevention impacts but also its broader implications for justice and U.S. communities.

Madrid in the eighties, and Barcelona ten years later. In these two vibrant locales, *Castaways* follows the relationship between Alejandra and Julio against the backdrop of these poetic urban

spaces where dreams, love, and uncertainty intertwine. Drawn to one another but constantly pushed or pulled in different directions by work, family, and life, Alejandra and Julio circle in and out of each other's lives, while first denying and then coming to accept the fact that by the time they are ready to love one another, the chance has already passed. Intensely emotive and poignant, this stunning graphic novel from Laura Pérez and Pablo Monforte depicts themes of maturity, responsibility, and human connection. Lithuanian horses are part of Lithuania's cultural heritage. Horse lovers, professionals and amateurs, know about the old horse breed ?emaitukas. Though ?emaitukai gave the beginning of three breeds: Trakehner, Lithuanian Heavy Draught Horses and ?emaitukas the heavy-type, they themselves were on the edge of the extinct many times. This book illuminates the common history of a Lithuanian and a horse in various aspects. The appearance of ?emaitukas and other Lithuanian horse breeds, their diffusion, the condition of equestrian sports and horse-breeding perspectives in Lithuania are reviewed in this stunning book.
