 Learning transfer is the missing link in training. Using conventional approaches to training, an average of just 10-20% of learning makes it back into the workplace and contributes to better business outcomes. With the current increased emphasis on efficiency and cost-effectiveness, such a dismal record is no longer acceptable. To improve these statistics and to make training truly valuable we must recognize that successful learning is not just about good content and well executed programmes but about finding ways to facilitate genuine behavioural change and accountability back in the workplace. This book provides the necessary tools to enable trainers, buyers of training and L&D professionals to do just this. It presents the new, proven TLA methodology, which acknowledges the important role of ADDIE in the instructional design process but takes learning a step further. TLA focuses on the fact that to generate significant behavioural change, consistent, systematic follow-up after the training event is critical.

 Coaching is an essential skill for leaders. But for most busy, overworked managers, coaching employees is done badly, or not at all. They're just too busy, and it's too hard to change. But what if managers could coach their people in 10 minutes or less? In Michael Bungay Stanier's *The Coaching Habit*, coaching becomes a regular, informal part of your day so managers and their teams can work less hard and have more impact. Coaching is an art and it's far easier said than done. It takes courage to ask a question rather than offer up advice, provide an answer, or unleash a solution. Giving another person the opportunity to find their own

way, make their own mistakes, and create their own wisdom is both brave and vulnerable. It can also mean unlearning our "fix it" habits. In this practical and inspiring book, Michael shares seven transformative questions that can make a difference in how we lead and support. And, he guides us through the tricky part - how to take this new information and turn it into habits and a daily practice. -Brené Brown, author of *Rising Strong* and *Daring Greatly* Drawing on years of experience training more than 10,000 busy managers from around the globe in practical, everyday coaching skills, Bungay Stanier reveals how to unlock your peoples' potential. He unpacks seven essential coaching questions to demonstrate how---by saying less and asking more-- you can develop coaching methods that produce great results. - Get straight to the point in any conversation with *The Kickstart Question* - Stay on track during any interaction with *The AWE Question* - Save hours of time for yourself with *The Lazy Question*, and hours of time for others with *The Strategic Question* - Get to the heart of any interpersonal or external challenge with *The Focus Question* and *The Foundation Question* - Finally, ensure others find your coaching as beneficial as you do with *The Learning Question* A fresh, innovative take on the traditional how-to manual, the book combines insider information with research based in neuroscience and behavioural economics, together with interactive training tools to turn practical advice into practiced habits. Dynamic question-and-answer sections help identify old habits and kick-start new behaviour, making sure you get the most out of all seven chapters. Witty and conversational, *The Coaching Habit* takes your work--and your workplace--from good to great.

[How to Write a Book ASAP](#) ARX Brand International LLC Let's begin this with total transparency. Most people don't make a lot of money with their book. The average self-published author makes less than \$100 per year. The average U.S. nonfiction book is now selling less than 250 copies per year and less than 2,000 copies over its lifetime. Very few titles are big sellers. Only 62 of 1,000 business books released in 2009 sold more than 5,000 copies, according to an analysis by the Codex Group (New York Times, March 31, 2010). A book has far less than a 1% chance of being stocked in an average bookstore. There are thousands of titles competing for that limited shelf space. What if your book becomes a bestseller? Most people think, that once that happens, your book will take off. Then you'll be in-demand for interviews, and everyone will just magically just come buy your stuff, and you'll be famous... right? Wrong. "If you build it, they will come." Only worked for Kevin Costner in the Field Of Dreams. (And "Shoeless Joe Jackson" is probably not your target audience.) The TRUTH is: You need to have a system in place (i.e. products and services, or a business) to monetize your book. What happens if you don't? Well... not much. And that's the problem. Inside this book, you will learn 4 specific strategies, THAT YOU CAN USE, to make 6-7 figures with your book. Yeah, and you can do them WITHOUT selling a single copy of your book. Inside this book, you'll learn the BIG SECRETS from interviews with authors who are using these strategies RIGHT NOW... to grow a massive INCOME, and make a difference. Your book could, and should become one of your most powerful marketing tools. Get it now, and learn how you can start making money with your book today. *BONUS: You'll actually discover many more than 4 strategies for you to make money with your book. But "Shhhhhh... don't tell anybody." MORE in this book: If you know you have a book or books inside you, here you will learn not only how to get that message and those ideas into the right book and get it published, but more importantly how to Turn it into your most powerful marketing tool. If you have doubts or question that you have, 'what it takes' to write a book and find the idea of writing one daunting, this book will replace your doubts and questions with practical advice and motivation. Whether you want to make it hit BESTSELLER lists, or just "sell more" of your products or services, this book will help give you a competitive advantage, that makes it easier to do so. WHAT THIS BOOK IS NOT: • This book is NOT a formula to "get rich quick" • This book is NOT going to magically make you successful • This book is NOT for people who are not willing to "do the work" This book WILL show you a simple path that you can follow. But it will take your hard work, and follow-through to make it happen. You can do it. And this book will help you. But it will not do it for you. However, do the work, and you'll wish you had read this book YEARS ago! **Start Your Own Coaching Business** sagar k
