Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.

Of all of his clairvoyant excursions into the past, some of the most remarkable

information that came through Edgar Cayce (1877-1945), explored the activities of a little known Jewish sect called the Essenes. More than eleven years before the Dead Sea Scrolls were found in 1947, Cayce's readings provided detailed descriptions of the Essenes, their activities, their community, the records they kept, and the fact that both men and women were members of the society. In one reading, Cayce was asked to explain the term Essene, "(Q) What is the correct meaning of the term "Essene"? The answer was given simply as, "(A) Expectancy." The readings go on to suggest that it was this group who took upon itself the entrance of the Messiah into the earth!

An A-Z Guide to Cayce's Psychic Readings Cosimo, Inc.

Edgar Cayce, America's "sleeping prophet," was one of the most active and trusted psychics of the 20th century. Thousands of people relied on him for insights into their physical and emotional health, spiritual questions, business prospects, and dreams. His writings still inform us today. Cayce's readings were stunningly accurate -- about 85 percent of them hit the mark. But some cases seemed to be beyond his abilities. Why did his powers fail him at times -- if they in fact did? In "The Outer Limits of Edgar Cayce's Power," his sons, Edgar Evans Cayce and Hugh Lynn Cayce, investigate the questions that challenged the prophet's seemingly unlimited psychic abilities.

For ages, people throughout history have asked questions such as: Who am I? Why am I here? What is the purpose of my life? Now, for the first time, collective humanity is on the threshold of understanding that we truly are spiritual beings.

Just who are guardian angels, archangels, and divine messengers? Even the words can produce comfort, reassurance, and hope, for they suggest the presence of celestial beings who are concerned for our welfare and are somehow involved in our lives and activities here on earth. Are these emissaries of light spiritual beings that come directly from God? Are they somehow responsible for bringing us information and guidance? If they truly exist, as suggested by the Cayce readings, then what role do they play in our lives, and how can we enhance that role? All of

these questions and more are answered in this latest title by bestselling author Kevin J. Todeschi.

The Edgar Cayce Ideals Workbook ARE Press

For over seventy-five years, the prophecies and readings of Edgar Cayce--

The Sleeping Prophet-- have inspired millions of people around the world, and been the subject of hundreds of books. Over fifty years after his death, Cayce is still regarded as the father of the new age movement, and the foremost psychic of the twentieth century. His thoughts on the soul's journey, past lives, dreams, ancient civilizations, and astrology are still closely studied and followed by practitioners in these fields. But until now, only those who knew and studied him have been able to tell Cayce's story and philosophy. From Jess Stearn's *The Sleeping Prophet* to Thomas Sugrue's *There Is a River*, many bestselling books have sold millions of copies and touched many lives. Now, for the first time, Edgar Cayce tells his story in his own words. Only recently discovered, this new memoir delivers Cayce's important message to the world at a most crucial time, the dawn of the twenty-first century. In this personal, moving story, readers learn how Cayce felt about his amazing powers. Here Cayce speaks about the angelic presence that visited his childhood Kentucky home and told him that he would become a healer to millions. We also learn about his extraordinary childhood ability to learn his school lessons simply by sleeping on his books. Cayce also addresses the devastating throat paralysis that he miraculously overcame, and how he ultimately realized that his powers could only be used to help and enable people, and not for personal profit. Cayce even gives a "behind the scenes" glimpse at his many psychic

readings. The combination of ability and humility, compassion and caring turned Cayce from social outcast to world-renowned psychic healer. Throughout his life, Edgar Cayce's was the voice people turned to for advice on issues as diverse as health and healing and philosophy and world issues. Now, Cayce speaks once more on these issues and delivers his ultimate message to humanity for the first time. *My Life as a Seer* brings to life the emotional frustrations, motivations, fears, and visions of the century's premier spiritualist.

Edgar Cayce on Auras & Colors Ballantine Books

For the late psychic Edgar Cayce, the aura provided a pictorial representation of an individual's health, thoughts, talents, and life potentials as well as karmic lessons and even past lives. In a very real sense, the aura functions as a barometer of the whole self—body, mind, and spirit. Psychic Carol Ann Liaros and Cayce expert Kevin J. Todeschi have joined together to present a unique volume that teaches you to access your intuitive self in order to see these auras and colors and then goes on to explain their meaning as based on the well-documented readings of Edgar Cayce. Their work explores colors and the human aura in a way that provides practical tools for understanding that can be applied in your own life right now.

A Comprehensive Treatise of the Edgar Cayce Readings ARE Press

Life is a completely lawful experience because of the universal laws of reincarnation and karma that draw

individuals together. Rather than being some type of unavoidable destiny or a fate about which we can do very little, the Edgar Cayce material instead sees karma as essentially an unconscious reservoir of information stored within the soul's memory. Although this memory may draw certain events and individuals to one another, personal free will and the way in which an individual responds to that memory determines her or his actual life experiences. Drawing upon contemporary family relationships, as well as family relationships for individuals who received guidance from Edgar Cayce, this insightful volume examines the activities of reincarnation and karma, especially as they play out in the dynamics of family relationships. All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth. In addition to examining the universal laws of reincarnation and karma, this book illustrates the lawfulness of life, the exacting nature of individual responsibility, and the ever-present hopefulness of personal free will. In the end, *Edgar Cayce on Reincarnation and Family Karma* makes an enormous contribution to demonstrating that life is a completely lawful experience, that individuals can overcome whatever "karmic lessons" they seem to be faced with, that free will is completely free, and that God is truly as fair and as loving as we have always wished for our Creator to be.
