Microsoft Dynamics CRM 2011 Scripting Cookbook is full of immediately useable recipes showing you how far you can take customization in Dynamics. While the book is structured so that each recipe can be tackled

separately, for novice users it is recommended to follow through all the recipes in the order in which they are presented. This book is for those new to Dynamics CRM and for business analysts interested in gaining additional product specific knowledge. Stepping through the first chapters will introduce you to the customization process and give you enough knowledge to start looking into more advanced topics. Developers and web designers of another CRM

product will see how their skills can be easily adapted to start customizing Dynamics CRM 2011. You should be familiar with the basic concepts of what a CRM system is and does.

Additional knowledge of the current or a previous version of Dynamics CRM will help, but is not necessary.

Administering, Configuring, and

Maintaining Microsoft Dynamics 365 in the Cloud Microsoft Press Microsoft Dynamics CRM has a robust API that includes web services and an extensive SDK. As you develop CRM Plugins and custom integrations, you will find that there are many complexities and challenges associated with successfully interacting with this API. In order to ensure that you have all of the tools necessary to achieve success with CRM development, Microsoft Dynamics CRM 2011 API

Development presents the essential aspects of API development including plugin development and registration. In addition to Plugins, you will work through building out several integrations that work with both the SDK and the Web Service layer. You will also build a C# application that creates records within CRM using the API, work with Scribe Online for integration and migration, design reports that read data from CRM using FetchXML, and interact with the OData REST

service using JScript. Once you've worked through the various topics presented, you will find that you will have the advanced skills required for working with CRM 2011 Online and On Premises. Foreword by Ismail Nalwala, Principal, IOTAP.
