One of the "Best Books of 2020" by NPR's Book Concierge **Your Favorite Movies, Re-Watched** New York Times opinion writer and bestselling author Lindy West was once the in-house movie critic for Seattle's alternative newsweekly The Stranger, where she covered film with brutal honesty and giddy irreverence. In *Shit, Actually*, Lindy returns to those roots, re-examining beloved and iconic movies from the past 40 years with an eye toward the big questions of our time: Is *Twilight* the horniest movie in history? Why do the zebras in *The Lion King* trust Mufasa-WHO IS A LION-to look out for their best interests? Why did anyone bother making any more movies after *The Fugitive* achieved perfection? And, my god, why don't any of the women in *Love, Actually* ever fucking talk?!?! From *Forrest Gump*, *Honey I Shrunk the Kids*, and *Bad Boys II*, to *Face/Off*, *Top Gun*, and *The Notebook*, Lindy combines her razor-sharp wit and trademark humor with a genuine adoration for nostalgic trash to shed new critical light on some of our defining cultural touchstones-the stories we've long been telling ourselves about who we are. At once outrageously funny and piercingly incisive, *Shit, Actually* reminds us to pause and ask, "How does this movie hold up?", all while teaching us how to laugh at the things we love without ever letting them or ourselves off the hook. *Shit, Actually* is a love letter and a break-up note all in one: to the films that shaped us and the ones that ruined us. More often than not, Lindy finds, they're one and the same.

Find the bay of hope . . . Right next to the ocean of grief stands the bay of hope. It's made of billions of sand particles, each one insignificant on its own, but together a force to reckon with. The ocean continues to try to swallow the bay and the golden sand smiles, washed by the glistening tears. As an oncologist, it's difficult to come home and have a normal meal or sleep without being awakened by a wet pillow, unsure if the tears were mine or those of a patient's. I have understood that in this extraordinary universe, I am but a mere speck, as small and inconsequential as the sand particle on the beach. But with the bond that I have built with my patients, I am resolute, as indomitable as any avenger of cancer. These survivors have taught me more than what medicine has. These are not 108 stories. This is the future of our battle against cancer. These are the footsteps these survivors have taken, from tears to smiles. I Am a Survivor exemplifies the

cancer survivors of the human race, their journey and their demonstration of flawless endurance. It uncovers stories of several extraordinary cancer survivors who live their lives with the same intensity as others. This book is an attempt to honour what they stand for, and it offers their tale as an example for those walking the same path.

Guy Maddin is Canada's most iconoclastic filmmaker. Through his reinvention of half-forgotten film genres, his remobilization of abandoned techniques from the early history of cinema, and his unique editing style, Maddin has created a critically successful body of work that looks like nothing else in Canadian film. *My Winnipeg* (2008), which Roger Ebert called one of the ten best films of the first decade of the twenty-first century, has consolidated Maddin's international reputation. In this sixth volume of the Canadian Cinema series, Darren Wershler argues that Maddin's use of techniques and media that fall outside of the normal repertoire of contemporary cinema require us to re-examine what we think we know about the documentary genre and even 'film' itself. Through an exploration of *My Winnipeg*'s major thematic concerns - memory, the cultural archive, and how people and objects circulate through the space of the city - Wershler contends that the result is a film that is psychologically and affectively true without being historically accurate.

In this book, film scholars, anthropologists, and critics discuss star-making in the contemporary Hindi-language film industry in India, also known as "Bollywood." Drawing on theories of stardom, globalization, transnationalism, gender, and new media studies, the chapters explore contemporary Hindi film celebrity. With the rise of social media and India's increased engagement in the global economy, Hindi film stars are forging their identities not just through their on-screen images and magazine and advertising appearances, but also through an array of media platforms, product endorsements, setting fashion trends, and involvement in social causes. Focusing on some of the best-known Indian stars since the late 1990s, the book discusses the multiplying avenues for forging a star identity, the strategies industry outsiders adopt to become stars, and the contradictions and conflicts that such star-making produces. It addresses questions such as: What traits of contemporary stars have contributed most to longevity and success in the industry? How has filmmaking technology and practice altered the nature of stardom? How has the manufacture of celebrity altered with the recent appearance of commodity culture in India and the rise of a hyper-connected global economy? By doing so, it describes a distinct moment in India and in the world in which stars and stardom are drawn more closely than ever into the vital events of global culture. Hindi films and their stars are part of the national and global entertainment circuits that are bigger and more competitive than ever. As such, this is a timely book creates opportunities for examining stardom in other industries and provides fruitful cross-cultural perspectives on star identities today. "Grounded in rigorous scholarship as well as a palpable love of Hindi cinema, this collection of 19 essays on a dizzying array of contemporary Hindi film stars makes for an informative, thought-provoking, illuminating, and most of all, a joyful read. Pushing boundaries of not only global Star Studies but also film theory as a whole, this de-colonised and de-colonising volume is a must read for film scholars, students and cinephiles!" The British circus industry dates back over two centuries and for many years wild animals were an integral part of the circus experience. In modern times the plight of animals has become a concern and today the view of the public as well as bodies such as the RSPCA is that travelling circuses are no place for wild animals, and the Government proposes primary legislation as set out in the draft Bill in this document. This legislation will end the use of wild animals in travelling circuses in this country and help ensure the nation's international reputation as a leading protector of animals continues into a new global era. As the process of introducing primary legislation is necessarily a long one the Government has already introduced the Welfare of Wild Animals in Travelling Circuses (England) Regulations 2012 which came into force on 20 January 2013. These Regulations will protect wild animals which stay in circuses in the short term. Two circuses so far have been licensed. However when it comes into force the ban in this draft Bill will supersede the Regulations.

A remarkable insight into the films and times of India's greatest star-actor In an industry where fashions change every Friday, Amitabh Bachchan has been synonymous with cinematic entertainment for over thirty years. But beyond the labels of 'one-man industry' and 'star of the millennium', a number of issues pertaining to the star, his films and his era remain largely unaddressed. What is it that makes Amitabh Bachchan the star he is? Is it his undeniable genius as an actor, his ability to connect with the masses and the classes alike, or is it his writers and directors who project him in varied roles? Did his films in his heyday reflect the angst of his time, or did they ferment the spirit

of anger and rebellion in the first place? Was he really the rebel as his 'angry young man' image suggests, or was there, behind all the sound and fury, a conformist subtext that called for restoration of the status quo? How relevant is Amitabh Bachchan today? In *Amitabh: The Making of a Superstar*, Susmita Dasgupta answers these and other questions that lie buried in the trail of glory the star blazed. In a warm and insightful analysis, the author traces the world-view and philosophy that have shaped the films of Amitabh Bachchan—from the angry young man of Zanjeer, the tragic antihero of Deewar and the entertainer of Amar Akbar Anthony to his more conservative turns in Mahabbatein and Kabhi Khushi Kabhie Gham. In the process, she not only chronicles the star's journey from a flop actor to a national icon but also brings to life a period in the history of Indian cinema which altered forever the economics of film-making in the country.

First among the ancient classics, the I Ching or Book of Changes is one of the world's most influential books, comparable to the Bible, the Koran, and the Upanishads. The I Ching's purpose is universal: to provide good counsel to its users in making decisions during times of change. Since its origins about 3,000 years ago, it has become a compendium of wisdom used by people of many cultures and eras. This groundbreaking new translation by Dr. Margaret Pearson is based on the text created during the first centuries of the Zhou Dynasty, study of documents showing how it was used in the dynasty, and on current archaeological research findings. Her translation removes centuries of encrusted inaccuracies to better reveal the I Ching's core truths for today's readers. Whether you are interested in trying this millennia-tested method of making wise choices or in understanding the world view of the early Chinese, this edition is essential reading.

From starry-eyed fans with dreams of fame to cotton entrepreneurs turned movie moguls, the Bombay film industry has historically energized a range of practices and practitioners, playing a crucial and compelling role in the life of modern India. *Bombay Hustle* presents an ambitious history of Indian cinema as a history of material practice, bringing new insights to studies of media, modernity, and the late colonial city. Drawing on original archival research and an innovative transdisciplinary approach, Debashree Mukherjee offers a panoramic portrait of the consolidation of the Bombay film industry during the talkie transition of the 1920s–1940s. In the decades leading up to independence in 1947, Bombay became synonymous with marketplace thrills, industrial strikes, and modernist experimentation. Its burgeoning film industry embodied Bombay's spirit of "hustle," gathering together and spewing out the many different energies and emotions that characterized the city. *Bombay Hustle* examines diverse sites of film production—finance, pre-production paperwork, casting, screenwriting, acting, stunts—to show how speculative excitement jostled against desires for scientific management in an industry premised on the struggle between contingency and control. Mukherjee develops the concept of a "cine-ecology" in order to examine the bodies, technologies, and environments that collectively shaped the production and circulation of cinematic meaning in this time. The book thus brings into view a range of

marginalized film workers, their labor and experiences; forgotten film studios, their technical practices and aesthetic visions; and overlooked connections among media practices, geographical particularities, and historical exigencies.

A must-read for Dev Anand fans and students of film history "A broken nose sometimes makes a great boxer," said the evergreen Bollywood star Dev Anand after his movie *Ishq Ishq Ishq* did not work at the box office. In his sixty-five years of unchallenged dominance as the most-loved Hindi film star, Dev Anand gave us several memorable hits like *Guide*, *Taxi Driver*, *Hum Dono*, *Johny Mera Naam*, and *Hare Rama Hare Krishna*. He was not only an exceptionally handsome and stylish hero. His 'man of the future' philosophy is worth emulating by persons of all generations. He neither celebrated his successes nor lamented over his failures. A Karma Yogi, in the true sense of the term, he produced, directed, and acted in a lead role in a movie at the age of eighty-eight, which is without parallel in the history of Bollywood. The book attempts to analyse why his philosophy of life is a source of inspiration for all. It also gives a detailed filmography from *Hum Ek Hain to Charge Sheet*, with a separate chapter on *Guide*, and a special write-up on his genius brother Vijay Anand.
