One flicker of hope. That's all it takes to catapult yourself into the life you've always imagined. Success is not born out of skill, school, where we're from, who we know, or what we scored on the SAT.

None of us were born ready. None of us started life knowing how to fly a plane or launch a company or knit a sweater for our dog. But we are born with something more important than skills. We're born with optimism—the initial seed for success. Optimism fuels the belief that you can be the one to create the good the world needs. But you've got to hone it. And practice it. And determine to live from it. would happen if today was the day you opened the box? And what if that box was the key to a better tomorrow? Summary: Think Big and Kick Ass Think BIG and Kick Ass in Business and Life LP Every day, Rob Adams helps entrepreneurs find true markets for their products, design solid business models, and hire great teams—because that's what it takes to build a successful company. While this sounds self-evident, far too many entrepreneurs have forgotten these fundamentals. They've been influenced by what Adams calls "business porn," myths lingering like a

bad hangover from the easy success days of the late '90s. These entrepreneurs believe a unique idea is the key to igniting a great business. They think their industry experience already makes them experts on customer needs. They have simplistic, self-defeating illusions about sales, marketing, financing, and more. They say things like "I have a million-dollar business idea for a new product." Wake up, says Adams: Good ideas are not scarce—they're a dime a dozen. Businesses are successful not because of a unique idea but because of extraordinary execution. They offer a better, faster, or cheaper product or service, or they change the way the world solves a problem. In short, these entrepreneurs need just what Adams

doses out in the pages of this book: a good hard kick in the ass. Adams debunks the myths and smashes the illusions—and he knows what he’s talking about, because he stands at the hub of many new startups. His firm, AV Labs, provides entrepreneurs with early financing as well as the management expertise they need to get off the ground. *A Good Hard Kick in the Ass* offers detailed, hard-hitting guidance for smart, sophisticated entrepreneurs and established businesspeople alike—along with vivid, in-depth examples of companies that are walking the walk right now. Adams’s straightforward, no-nonsense approach is just what’s needed in the post-bubble economy. From the Hardcover edition.

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. 'Sarah doesn't just sit at the table - she stands on it. She's full of inspiring advice about how to bounce back from failures, speak your truth, embrace your quirks, and have a lot more fun along the way.' Sheryl Sandberg, Facebook COO and Founder of Leanin.org As a child, Sarah Robb O'Hagan felt destined to become a champion, but her early efforts at sport, music and theatre failed to reveal a natural superstar. Unwilling to settle for average, she learned through a series of dramatic successes and epic failures to follow her own path to success. Sarah climbed the corporate ladder at Virgin

Atlantic, Nike, Gatorade and Equinox - also becoming a wife, mother and endurance athlete - and though in her twenties she was fired twice, in her thirties she led the turnaround of a \$5 billion sports drink business. Her approach has stemmed from personal experience and inspiration from the band of highly accomplished 'Extremers' that she has met along the way: entrepreneurs, corporate leaders, TV personalities, an Olympic champion downhill skier, a former secretary of state, and even a world-famous tattoo artist. These Extremers helped her recognise that success doesn't come from conforming, hiding weaknesses or reaching some pre-planned destination. The bolder choice is to embrace Extreme You: to bring all that is distinctive and

relevant about yourself to everything you do, and to bring out the Extreme in the people and the culture around you. Inspiring, practical and funny, Extreme You is Sarah's training programme for developing the drive, originality and fierce attitude to become the best version of you.

For all who dare to go off the beaten track, this is the inspirational, power-packed playbook for transforming your life and your world—from a young, Black social entrepreneur whose dorm-room tech startup has helped millions pay for college and access unprecedented opportunity. Gray, the son of a single working mother who had him at age fourteen, grew up in deep poverty in

Birmingham, Alabama. An academic star, he had every qualification for attending a top college—except for the financial means. Desperate, Gray headed off the beaten path, searching online to apply for every scholarship he could find. His hustle resulted in awards of 1.3 million dollars and became his call to action to help other students win their own “schollys.” It inspired him to start up Scholly, an app that matches college applicants with millions of dollars in outside scholarships that often go unclaimed. When he was a senior at Drexel University, he appeared on Shark Tank as CEO of Scholly. In the most heated fight in the show’s history, the sharks challenged Gray as to whether his app was a charity or a profitable business. Both, he insisted, proposing a

new paradigm for social entrepreneurship and netting deals from Lori Grenier and Daymond John. At the time Scholly's subscriber base was 90,000 users. Today the app has 4 million subscribers who have won scholarships totaling more than \$100 million. Meanwhile, Gray—without help from the mostly all-white boy's club of Silicon Valley—has emerged as a tech startup superhero now tackling the crisis of student debt with innovative, unrivaled strategies. Gray's premise is that when you lead with the good—confronting issues such as poverty and racism—the money will follow. His story is proof that when you develop a mindset for success, you turn disadvantages into gold. And when you create opportunities for others, you

enrich the marketplace for yourself too. Gray shows us, we can carve out new paths to better days and leave trails for others.
