27 Strategies to Grow, Lead, and Manage Your Business Cengage Learning
 A Practical, Strategic Approach to Managerial Communication Managerial Communication: Strategies and Applications focuses on communication skills and strategies that managers need to be successful in today's workplace. Known for its holistic overview of communication, solid research base, and focus on managerial competencies, this text continues to be the market leader in the field. In the Seventh Edition, author Geraldine E. Hynes and new co-author Jennifer R. Veltsos preserve the book's strategic perspective and include new updates to reflect the modern workplace. The new edition adds a chapter on visual communication that explains how to design documents, memorable presentations, and impactful graphics. New coverage of virtual teams, virtual presentations, and online communication help students avoid common pitfalls when using technology.
Communication Skills for Effective Management John Wiley & Sons

The stories in Skids are the stories of street kids; they are harrowing yet moving confessionals about young kids on their own, many of them runaways or addicts, eking out existences in shelters, treatment centers, or dysfunctional families. Told in the vernacular of the street, Skids reverberates with a sense of urgency and desperation, but with compassion and optimism as well. The book, based on the author's personal experiences, pays homage to the street kids she knew by honoring their stories and making them matter. This is Cathleen With's first story collection.

A Handbook of Research, Theory and Practice Ane Books Pvt Ltd

It is widely recognized that communication is at the very heart of effective management. There is therefore an ever-expanding demand for valid and generalizable information on how best to relate to people in organizational contexts.; Communication Skills for Effective Management demonstrates how, for managers to be successful, they need to employ a range of key communication skills, styles and strategies. The contents are based upon the authors' experiences of researching, teaching and consulting in a range of private and public sector organizations. From their academic and real-world involvement they have identified the core skills of effective management.; Presented in an academically rigorous yet student-friendly way, the reader is encouraged to interact with the material covered. Each chapter contains a series of boxed text, diagrams, tables and illustrations which summarize core points. Exercises are also provided to enable managers to put the material reviewed into practice. A text for undergraduate business and management students studying business communication and MBA students, this book should also be useful for practising managers.

Communicating a message effectively needs precision—be it verbal or non-verbal. At the professional front, the accuracy of the message to be shared becomes all the more important as the business decisions may depend on the same. This book, in its second edition, continues to detail on the pre-requisites of communicating effectively in the corporate environment and generally. Beginning with an overview of business communication, the book educates on the principles of communication—oral and written. Divided into nine chapters, the first two chapters deal with oral communication and the next seven deal with different forms of written communication. The book teaches how to write effective letters and prepare persuasive resumé. The chapters are well-supported with many examples and illustrative exhibits wherever required. A new chapter (Chapter 9) has been added titled 'Writing to Communicate' which presents incorrect use of language and phrases that rob the text, be it a report or a letter, of authenticity and credibility. The chapter also presents correct use of the examples and the rationale or logic in the form of explanations. Designed as a textbook for the management students, this book would be equally useful for the management professionals and executives. Key features • Observes a simple pattern of Read-Comprehend-Test-Follow • Discusses strategies for identification and improvisation of communication skills (both oral and written) • Provides numerous examples and illustrations that facilitate proper grasp of the topics discussed.

The Effective Manager Routledge

How do organizations structure themselves? A synthesis of the empirical literature in the field, supported by numerous examples and illustrations, provides images that produce a theory. The author introduces five basic configurations of structure - the simple structure, the machine bureaucracy, the professional bu- reaucracy, the divisionalized form, and the adhocracy. This book reveals that structure seems to be at the root of many questions about organizations and why they function as they do.

Dynamic Communication Routledge

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

Mastering Business with Attitude University of Illinois Press

Managers aiming for effective communication should look no further than this original volume. Rather than simply offering a skill-building approach to communication, Communicating for Managerial Effectiveness analyzes the challenges facing managers and suggests creative action plans to resolve critical corporate dilemmas. Based on research gathered from within organizations, case studies bring organizational problems to light and present new issues, such as interdepartmental communication and communication ethics.

Introduction to Business New Age International

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
