This casebook provides a set of cases that reveal the current complexity of medical decision-making, ethical reasoning, and communication at the end of life for hospitalized patients and those who care for and about them.

End-of-life issues are a controversial part of medical practice and of everyday life. Working through these cases illuminates both the practical and philosophical challenges presented by the moral problems that surface in contemporary end-of-life care. Each case involved real people, with varying goals and constraints, who tried to make the best decisions possible under

demanding conditions. Though there were no easy solutions, nor ones that satisfied all stakeholders, there are important lessons to be learned about the ways end-of-life care can continue to improve. This advanced casebook is a must-read for medical and nursing students, students in the allied health professions, health communication scholars, bioethicists, those

studying hospital and public administration, as well as for practicing physicians and educators. [The World Encyclopedia of Serial Killers, Volume Four T-Z](#) Loft Troll Ink
 Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for

its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published What to Listen for in Music, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate

and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows

Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to "shake it like a Polaroid picture," or Luis Fonsi and Daddy Yankee create harmonic ambiguity in "Despacito" that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, Switched on Pop brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to

familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in Switched on Pop. *Spiral's End* Books for Free, LLC We all have skeletons in our closets. Doctor Erin Novak was only sixteen

when she was accused of a crime she didn't commit. Since that moment, she has made it her life goal to pursue emergency medicine, pouring her heart and soul into assuring another innocent life isn't lost to the hands of the wicked. We all have secrets we've never shared. Detective Adam Trent has lost control of everything, starting with losing his partner to a punk with a gun and then everything else to the crushing guilt. Now a member of the elite Auto

Theft Task Force in Philadelphia, it's his job to be one step ahead of the criminals stealing expensive cars in the city. Too bad the television cameras keep getting in the way of his investigation. We all have pasts that we can never escape. A stolen car, a tragic chase, and a traffic stop crosses the fates of these two, tying them together in ways that are unimaginable. As their love and trust grows, so do the enemies that threaten their survival, testing the strength of

their commitment. Can true love endure half-truths, past pains, and secrets never meant to be shared? Some things are just out of our control.

Warning Miracle

Rowman & Littlefield Publishers

The 4th volume of this comprehensive work features hundreds of serial killers from Sacramento to Soviet Russia—plus numerous unsolved cases. The World Encyclopedia of Serial Killers is the most complete reference guide on the subject, featuring

more than 1,600 entries about the lives and crimes of serial killers from around the world. Defined by the FBI as a person who murders three or more people with a hiatus of weeks or months between murders, the serial killer has presented unique and terrifying challenges to have walked among us since the dawn of time—a fact this extensive record makes chillingly clear. The series concludes with Volume Four, T-Z. Entries include the Terminator Anatoly Yuriyovych Onoprienko;

Trailside Killer David Joseph Carpenter; Vampire of Sacramento Richard Trenton Chase; and the Voroshilovgrad Maniac Zaven Almazyan; plus the unsolved cases of the Adelaide Child Murders; the Axeman of New Orleans; the Chillicothe Killer; the Dead Women of Juarez; the Korea Frog Boy Murders; and the Volga Maniac. *Communication and Bioethics at the End of Life* Twelve
After a whirlwind romance, Taryn Mitchell finds herself married to A-

list movie star Ryan Christensen, but must figure out how a small-town girl like herself fits into his glittering world filled with paparazzi, on-set temptations and jealous fans. Original. Jill Ann Routledge
Public relations is operating in an increasingly challenging and complex environment. Pressures from outside the organisation include new accountabilities, empowered stakeholders, increased public cynicism and a new communication

landscape. Internally, there are increasing demands to demonstrate a return on investment, alongside a requirement to coach and counsel senior managers exposed to these environmental pressures. This context requires public relations professionals to be able to clearly articulate and demonstrate their own contribution to organisational effectiveness. This textbook provides public relations leaders with a framework to do this, as well as a checklist of

essential capabilities which they must acquire and exhibit if they are to operate at the highest levels of any organisation. This short textbook is suitable for aspiring practitioners, MBA and other masters qualifications in public relations - especially for those students who wish to pursue a successful career as a professional PR specialist able to operate strategically at the top of successful organisations.
Twelve Years a Slave
 Oxford University Press,

 This volume addresses the persistent and frequently toxic associations between masculinity and games. It explores many of the critical issues in contemporary studies of masculinity—including issues of fatherhood, homoeroticism, eSports, fan cultures, and militarism—and their intersections with digital games, the contexts of their play, and the social futures associated with sustained involvement in gaming cultures. Unlike

much of the research and public discourse that put the onus of “fixing” games and gaming cultures on those at its margins—women, LGBTQ, and people of color—this volume turns attention to men and masculinities, offering vital and productive avenues for both practical and theoretical intervention.
Mercy WildBlue Press
 Contains the revised contents of *Crime Fiction III*, continued through 2000. Includes indexes by author, title, series, character, and setting of

over 106,000 detective and mystery novels and over 6,600 collections. Includes author, title and contents lists of stories in single author collections, chronological list of books and stories, publisher list, and an index of over 4,500 films derived from the books and stories.

You've heard of love at first sight—but have you experienced love at first read? Introducing six of the most talented new voices in contemporary women's fiction. Prepare to fall head over heels for... Beautiful Disaster by Jamie McGuire Abby Abernathy is a good girl, who could bring the ultimate bad boy to his knees...but not before the

secrets of her own dark past come back to haunt her. Love Unscripted by Tina Reber Taryn Mitchell is nursing a recent heartbreak, and content to keep her distance from men for a while...until Hollywood's most sought after actor walks into her small-town pub and turns her world upside down. Naked by Raine Miller Brynne Bennett is an American art student in London swept up in a torrid love affair with a sexy, successful businessman—who proves to be as domineering in

the bedroom as he is in the boardroom. One Tiny Lie by K.A. Tucker After navigating the death of her parents and her older sister's self-destructive phase, smart and stable Livie thinks Princeton should be a breeze—but Jell-O shots, a party-animal roommate she can't say "no" to, and Ashton, the gorgeous but arrogant captain of the men's rowing team were definitely not part of the plan... The Sea of Tranquility by Katja Millay A story of first love—and forever love: In the midst

of a bustling high school, a fragile girl and a lonely boy find each other. As they grow closer, the attraction between them grows, too—but can either of them risk losing the friendship that’s saved them from their troubled pasts for a romance that might just shape their future? Slammed by Colleen Hoover The unexpected death of her father has left Layken feeling lost and invisible—until she meets Will, her new neighbor and a passionate poet. Sparks soon fly...but a

shocking discovery could bring their relationship to a slamming halt before it’s even fully begun. *Intelligent Projects Using Python* Penguin Summer fell in love with the boy next door when she was six-years-old. The only thing she knew for sure was that she was going to marry him. Just as soon as she could convince him that she didn't have cooties. But tragedy tore her away from him before they ever got a chance at their happily ever after. And the worst part? He forgot

all about her. Ten years after Summer lost everything, she's given a fresh start in the witness protection program. The only rule: don't speak to anyone from her past. A rule that's hard to follow when she finds out that the boy next door is living right down the hall. Unlike him, she never forgot. But she knows that the future she once dreamed of is no longer an option. And if she reveals her identity, she could get them both killed. Miles fell in love with the girl next door when he was eight-years-

old. When she disappeared in the foster care system, it felt like a piece of him was missing. So when she shows up in his life again with a different color hair and a new name? It doesn't fool him. And this time he'll do whatever it takes to keep her.

Let's Write a Short

Story! Prabhat Prakashan When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down.

Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can

tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches

into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author

Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

The Official Dictionary of Unofficial English

Northwestern University Press

Foreword by Sen. Gary Hart, Co-Chair,

Commission on National Security

Preface by Thomas C. Schelling, Nobel

Laureate Introduction by Gov. James Gilmore,

Chair, Advisory Panel on Weapons of Mass Destruction Jenkins shows us how we must confront our fears with thoughtful and diligent action. We can afford to do no less. A must read.-GEORGE TENET, Former Director of the CIA Brian Michael Jenkins is one of the world's most renowned experts on terrorism. With an instructive, provocative book that reads like a novel, Jenkins combines cool analysis with common sense to describe the threat of nuclear terrorism. He also

shows that we must guard against nuclear terror - corrosive fear that prevents sensible action and weakens our democracy. Jenkins makes a powerful case that we must take strong steps against both to make each less likely.-SAM NUNN, Co-Chairman and CEO of the Nuclear Threat InitiativeA clear-eyed and elegantly written analysis that builds to a gripping finale that thrusts the reader into the Oval Office at a moment when no one would envy the president. Jenkins's book is at once

informative, entertaining, disturbing, yet reassuring.-LT. GEN. BRENT SCOWCROFT USAF (Ret.), Former National Security Advisor to Presidents George H.W. Bush and Gerald FordDeep knowledge about terrorists combined with common sense about nuclear weapons equals a book that is sobering and educational. Help yourself and learn!-GEORGE P. SHULTZ, Former Secretary of State Distinguished Fellow, Hoover Institution, Stanford UniversityAccording to a

British intelligence report leaked to the press in 2007, al Qaeda operatives are planning a large-scale attack on par with Hiroshima and Nagasaki. How likely is it that terrorists will develop the capability of such an attack? No one understands the nature of the threat posed by nuclear terrorism better than Brian Michael Jenkins - one of the world's most renowned experts on terrorism. For more than thirty years, he has been advising the military, government, and

prestigious think tanks on the dangers of escalating terrorism. Jenkins goes beyond what the experts know about terrorists' efforts to acquire nuclear weapons, nuclear black markets, suitcase bombs, and mysterious substances like red mercury to examine how terrorists themselves think about such weapons. He offers many insights into such vital questions as: Do terrorists see nuclear weapons as instruments of coercion or of pure destruction? Are those we

label religious fanatics constrained by political and strategic calculations? If a nuclear attack took place on American soil, what life-and-death decisions would the president be forced to make? He puts the reader in the position of the president to convey the immediacy of making decisions - and the perilous repercussions of each critical decision. Jenkins notes that terrorists have become increasingly adept at creating an atmosphere of nuclear

terror. In fact, al Qaeda may have succeeded in becoming the world's first terrorist nuclear power without possessing a single nuclear weapon. The psychological effects of nuclear terror are fueled by American culture, which churns out novels and movies in which every conceivable horror scenario is played out. Political factions on both the right and the left also view nuclear terrorism as fodder to support their own arguments. In such an atmosphere, it is difficult

for the average citizen to separate real from imagined dangers. Jenkins's informed and seasoned analysis will give all Americans a levelheaded understanding of the real situation and teach us how not to yield to nuclear terror. Brian Michael Jenkins (Los Angeles, CA), one of the world's leading authorities on terrorism, is a senior advisor to the president of the RAND Corporation, director of the National Transportation Security

Center of the Mineta Transportation Institute, and a member of the board of Commercial Crime Services of the International Chamber of Commerce. He is frequently quoted in the media, *Don't Kiss the Bride* Dufour Editions The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little,

all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human

moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside Blue Box Press
Incidental: Occurring or likely to occur as an unpredictable or minor

accompaniment*
Happenstance: A chance circumstance * Neither was looking for it. Neither was expecting it. But sometimes, life has other plans... One year after the loss of her fiancé, Tia Hastings needed to find a way to start over. She had to figure out how to be single again, but she had no idea how to do it. Last Stop was a tiny pub with no significance—she chose it to be anonymous, to watch the interactions between the sexes so she could figure out how to start her life over... Dylan

Miller was a megastar. It was impossible for him to move amongst the general population without being recognized, but he longed to simply blend into a crowd. He donned a disguise and wandered into Last Stop, a dark little hole-in-the-wall where he was sure he wouldn't be recognized... When their worlds collide, Tia and Dylan discover something neither of them thought possible—love. But when a fallen star sees Dylan as her ticket back to the top and will stop at nothing to

make him hers, Tia wonders if she's out of her league; and out of time to rescue the love she thought she'd never find again... Is it fate? Coincidence? Or both? *freedictionary.com
Steve Jobs Grove/Atlantic, Inc.
 Charles Bernstein has described conceptual "poetry pregnant with thought." Against Expression, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and

disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts,

information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language.
Jacked Andrews McMeel Publishing
 MERCY He taught me to kill. Murder is in my blood now. It runs through my veins and though I hide the monster I see in the mirror with ink, it doesn't keep him from coming out. My street name is Mercy, but I never show any. Except for her. I watch Becca, though she doesn't know. She saved

me a long time ago; the day my father killed my mother. Her bravery turned her into a target. My father holds a grudge and knife with the same proficiency, and Becca is the focus of his hatred. And I'm the only monster who can save her.

Atria Books: A Booklovers Sampler

Prometheus Books

In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter?

Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With

impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

Masculinities in Play
Springer

I guess you could say I was a damsel in distress, and he was my knight in

shining armor. But more accurately, I was a girl with a lot of bad luck, and he was a guy with a lot of muscles and tattoos. Jude "Lucky" Luccetti wasn't just a sexy, brooding construction worker. He was my own personal hero who seemed to be in all the right places at the right times. Like when my car broke down and I needed a ride home, and when I face planted on the sidewalk right in front

of him and had to be taken to the emergency room. Those weren't exactly my best moments, but they were his. We became friends, and it didn't matter that he was sixteen years older than me. We had a lot in common-like our love of old rock music and vintage fast cars, and our aversion to relationships. When he approached me with a crazy idea to help me out,

I couldn't say no. The arrangement was supposed to be temporary. A marriage on paper and nothing else. It should've been easy, but it wasn't. Because here I am, eighteen years-old, still in high school, and married to a man I was never supposed to fall in love with. We had just one rule-no kissing the bride. But we broke that rule, and it sealed our fate forever.
