DARIO BOOKER

Astronav Systems Pty Ltd CreateSpace

This practice set is intended to introduce students to MYOB AccountRight v19. It gives students experience in keeping a computerised set of books and is recommended for use by students studying an introductory unit in financial accounting. This practice set is designed to simulate the activities of a business i.e. Conrad Computer Centre, and provide students with the opportunity to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and (e) the preparation of the Business Activity Statement.

Myob Accounting Practice Set with Solutions Entry Level ESSTEE BOOKS

Consilium Concepts

Accounting Practice Set Using MYOB AccountRight Plus Version 19 Consilium Concepts This comprehensive financial accounting practice set aims to help students develop critical thinking skills and apply a 'deep learning' approach to their first year accounting studies, and an appreciation of how a real-life business may operate. Consilium Concepts is a fictional independent software games publisher and developer. The practice set guides students through the process of recording and preparing a range of accounting transactions in both manual and computerised contexts and incorporates both structured and semi-structured problems. Teaching and learning with a combined practice set offers many advantages. A major one is that students will gain a genuine understanding of the underlying processes involved in preparing a set of financial statements. In a purely computerised setting, these processes occur in the background and typically are unseen by the user of the software. Another key benefit using a combined practice set is that students are introduced to the use of accounting software while enhancing their understanding of the double-entry accounting system and allowing them to experience the role of computers in accounting. At the end of the practice set students are able to compare and evaluate the results produced manually with those produced by the MYOB package. This practice set comes with a student version MYOB Accounting Plus Version 18 CD Rom. Consilium Concepts is ideal to package with Horngren et al. Accounting and Financial Accounting. Myob Accounting Practice Set With Solutions Advanced Level

This completely computerised MYOB practice set has been designed to introduce students to the use of commercial accounting software, to enhance their understanding of double-entry accounting and allow them to experience the role of computers in accounting. The practice set comes with a MYOB Accounting Plus Version 15 CD-ROM.

Galaxy Consulting Pty Ltd Syed Tirmizi

This advanced level computerised accounting practice set is for students who need to practice exercises of MYOB AccountRight software, students can record a month's transactions of Richmond Papers Pty Ltd and can create financial reports. Explorer Car Rentals CreateSpace

This comprehensive financial accounting practice set aims to help students develop critical thinking skills and apply a 'deep learning' approach to their first year accounting studies, and an appreciation of how a real-life business may operate. Wren and Associates is an architecture firm implementing a new computerised accounting system for the first time. The practice set guides students through the process of recording and preparing a range of accounting transactions in both manual and computerised contexts and incorporates both structured and semi-structured problems. Teaching and learning with a combined practice set offers many advantages. A major one is that students will gain a genuine understanding of the underlying processes involved in preparing a set of financial statements. In a purely computerised setting, these processes occur in the background and typically are unseen by the user of the software. Another key benefit using a combined practice set is that students are introduced to the use of accounting software while enhancing their understanding of the double-entry accounting system and allowing them to experience the role of computers in accounting. At the end of the practice set students are able to compare and evaluate the results produced manually with those produced by the MYOB package. This practice set comes with a student version MYOB AccountRight Enterprise V18 CD Rom. WREN and ASSOCIATES is ideal to package with Horngren et al. Accounting and Financial Accounting.

Boab Art Gallery ESSTEE BOOKS

Prickly Pines is intended to introduce students to MYOB AccountRight v19. It gives students experience in keeping a computerised set of books and is recommended for use by students studying an introductory unit in financial accounting. This practice set is designed to simulate the activities of a business i.e. Prickly Pines, and provide students with the opportunity to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and (e) the preparation of the Business Activity Statement.

Rocky Rock'n Roll

This practice set is designed to simulate the activities of a business i.e. Downs Zoo, and provide students with the opportunity to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and (e) the preparation of the Business Activity Statement. A copy of suggested solutions is available for use by teaching staff.

Computerised Accounting Practice Set Using MYOB AccountRight - Advanced Level

This entry level computerised accounting practice set is for students who need to practice exercises of MYOB AccountRight software, students can record a month's transactions of Mobiles 4 U Limited and can create financial reports. It covers the following topics. Setting Up a New Accounting System Suppliers, Purchases and Inventory Customers, Sales and Inventory Receipts, Payments and Expenses Bank Reconciliation Financial Reports

Café Sweets

Gone Fishing is a combined manual and computerised practice set. Part A of this practice set provides experience in manually recording and posting a variety of business transactions common to small businesses, so that students gain an understanding of the flow of data in an accounting system. Many of these processes are out-of-sight in a computerised accounting system. Completion of the practice set for a one month period should ensure a greater appreciation of: Steps in the accounting cycle for a small business Use of special journals for processing data more efficiently Use of subsidiary ledgers to remove detail from the General Ledger Perpetual inventory system Bank account reconciliation Balance-day adjustments and the General Ledger closing process How the accounting cycle culminates in the preparation of financial statements How the goods and services tax (GST) impacts on accounting. Part B of this practice set gives students experience in setting up a data file, entering opening balances, recording transactions and producing useful reports using MYOB Accounting Plus v19. On completion of Part B, users will acquire knowledge of how the same processes as those listed above for the manual practice set operate in a computerised environment. In order to gain the most benefit from the practice set it is recommended that Part A be completed first, followed by Part B. However, Part A and Part B can each be independently completed. Systems

Requirements For Windows 7: Windows Vista (service Pack 2) or Windows XP (Service Pack 3) For Mac: Mac OS X 10.4 or later.

Calypso Blooms

'Wedding Bells Boutique' is a computerised practice set using MYOB Accounting Plus Version 18. This practice set is designed to give students experience in recording a variety of business transactions common to small businesses. From it they will gain an understanding of a computerised accounting system: how it operates, how to set up a data file and enter opening balances, how to record transactions and how to produce useful reports. This 'hands-on' methodology reinforces the students' understanding of accounting fundamentals typically encountered in practice and is therefore suitable for students undertaking a course in accounting or computer based accounting information systems. Completion of the practice set for a one month period should ensure a greater appreciation of the following: The steps in a typical accounting cycle The use of subsidiary ledgers The perpetual inventory system Balance day adjustments The bank account reconciliation How the accounting cycle culminates in the preparation of financial statements How GST is recorded and the effect it has on transactions. Systems Requirements To install Accounting Plus, Premier Enterprise or AssetManager Pro, you will need the following system requirements: Windows Vista, Windows XP or Windows 2000 PC with 200 MHz or better processor and 64MB RAM At least 200MB available hard disk space for program installation Monitor with 16-bit colour, 1024x768 screen resolution. To install MYOB RetailManager, you will need the following systems requirements: Windows 2000 or XP PC with 500MHz or better processor and 256MB RAM At least 1GB available hard disk space for program installation Monitor with 640x480 screen resolution (minimum).

Barrow Recruitment MYOB Accounting Practice Set

Galaxy Consulting Pty Ltd is designed to introduce students to the main features and functions of a computerised accounting system, and to serve as a teaching aid for those studying accounting information systems or taking introductory computer-based accounting courses. The skills developed from this practice experience enhance students' knowledge of accounting concepts and facilitate a better understanding of computerised accounting packages and their capabilities, as well as assist students in their transition from a manual accounting system to a computerised system. This practice set is aligned to MYOB Accounting Plus (version 12 & 13) and provides students with experience in preparing the accounts for a service-based business over a 4 week period. Using the information contained in this practice set, students set up the company data file and process a set of business transactions covering a full month. The initial set up of the company data file involves entering information on: Partnership details A chart of accounts tailored to the business Opening general ledger balances Opening balances and terms of trade for customers and suppliers Buying and selling details of inventory items

SurfKing MYOB Accounting Practice Set

This entry level practice set is for students learning MYOB Accounting, students can practice transactions of Mobiles 4 U Pty Ltd and can create financial reports. It covers following topics. Banking Suppliers and Purchases Customers and Sales Employees and Payroll Bank Reconciliation"

Dave's Detergent

Rocky Rock'n Roll Practice Set is intended to introduce students to MYOB AccountRight v19. It gives

students experience in keeping a computerised set of books and is recommended for use by students studying an introductory unit in financial accounting. This practice set is designed to simulate the activities of a business i.e. Rocky Rock'n Roll, and provide students with the opportunity to process a number of common transactions affecting a business over one/or two accounting periods. It should ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; and the preparation of the Business Activity Statement.

Computerised Accounting Practice Set Using MYOB AccountRight - Entry Level

This accounting practice set is ideal for both accounting and accounting information system students. It provides a unique opportunity to experience both a computerised and manual system of accounting. It shows how the functions of MYOB (Version 15) correlate to the traditional bookkeeping methods -- filling in the knowledge gaps and assisting students to understand the similarities and differences between the two systems. Students will develop an appreciation of where traditional accounting fits into the more contemporary accounting information system. Dave's Detergent includes detailed step-by-step basic instructions for MYOB (Version 15) as well as templates for use in a manual system. This will ensure students gain practical experience in both methods and assist in transferring their newly acquired skills to real-life situations. Students are also encouraged to analyse the data and make decisions based on their workings, which provides an opportunity to look at the 'big picture' and gain further understanding of accounting concepts. FEATURES using the basic commands of a computer package -- MYOB (Version 15) -- to set up a company and use its relevant modules to create customers, suppliers and inventory control producing a set of manual financial accounts for a given monthly period the steps in a typical accounting cycle culminating in the production of financial statements for both a computerised and manual system creating an accounting worksheet typical financial transactions made in a small retail business including sales and purchases, returns to suppliers and balance day adjustments hands-on experience in posting journals to the general ledger and subsidiary ledgers comparing two sets of financial statements using ratios and other non-quantitative factors comparing financial statement formats of a proprietary company to that of a sole trader making recommendations on the possible purchase of another small business using both financial and non-financial accounting information ('the language of business'). ABOUT THE AUTHOR Gregory Boland is a lecturer in the School of Business and Government at the University of Canberra.

Video Matrix

This entry level practice set is for students learning MYOB Accounting, students can practice transactions of Mobiles 4 U Pty Ltd and can create financial reports. It covers following topics. • Banking • Suppliers and Purchases • Customers and Sales • Employees and Payroll • Bank Reconciliation

Sunny Bay Resort

This practice set is designed to simulate the activities of a service style business i.e. Sunny Bay

Resort Hotel, and provide students with the opportunity to process a number of common transactions affecting a business over one accounting period. It will ensure a greater appreciation of: (a) the steps required in the accounting cycle (including GST requirements); (b) entering sales, purchases, receipts, payments and general journal entries in MYOB AccountRight; (c) reconciling bank accounts, GST, Accounts Receivable and Accounts Payable; (d) printing financial reports which summarise the activities of the business for the period; (e) the preparation of the Business Activity Statement. This practice set comes with a student version MYOB AccountRight Enterprise V19 CD Rom.

Wonderous Wildflowers

The Happy Potters Pty Ltd is a computerised practice set produced primarily as a teaching aid to be used in association with an introductory accounting textbook that will also introduce students to the many features of MYOB Accounting Plus (Version 15). This practice set is designed to give students experience in recording a variety of business transactions common to small retail businesses, so that they will gain an understanding of a computerised accounting system, how it operates, how to set up a data file and enter opening balances, how to record transactions, and how to produce useful reports. This 'hands-on' methodology reinforces the students' understanding of accounting fundamentals typically encountered in practice, and is therefore, suitable for students undertaking a course in accounting. FEATURES Completion of the practice set for a one month period, should ensure a greater appreciation of the following: the steps in a typical accounting cycle the use of subsidiary ledgers the perpetual inventory system balance day adjustments the bank account reconciliation how the accounting cycle culminates in the preparation of financial statements how GST is recorded and the effect it has on transactions MYOB Accounting Plus Version 15 About the Authors Wendy Pabst is a Graduate of The WA Institute of Technology (now Curtin University of Technology) majoring in Accounting with Computing and Business Law minors. She teaches accounting computer packages at Curtin University and has done so for the past 3 years. She is also a sole practitioner, having been in public practice for 16 years, assisting small business proprietors with their taxation, accounting and computing needs. Her practice uses a variety of computer packages on a regular basis, depending on the client's size and needs. Brian Perrin is a Lecturer in the School of Accounting at Curtin University of Technology, Western Australia. He currently lectures in and co-ordinates computerised accounting courses both locally and overseas. His work experience in both financial and management accounting spans some thirty years in private practice, commerce, the public sector and education. Brian's research interest is in the area of management accounting and he is currently undertaking a PhD in that area.

Gone Fishing PTY LTD - A Manual and Computerised Accounting Practice Set Using MYOB Version 19

Chris Rhodes Accounting Services is a hypothetical business that offers accounting and business services to its clients. The unique feature of this accounting practice set is that it can be used manually or with MYOB Accounting V16. Students are presented with a number of typical business transactions over 3 months (source documents are provided for two months) and are required to record the transactions manually or using MYOB Accounting. The practice set provides students with the skills necessary to keep a set of manual and computerised accounting records, whilst developing an understanding of the steps required to complete the accounting cycle.
