These essays by eleven internationally renowned historians present nuanced profiles of the major social and professional groups—the callings-of the Middle Ages. The contributors focus on attitudes of medieval men and women toward their own society. Through a variety of techniques, from a reading of the Song of Roland to a reading of administrative records, they identify characteristic viewpoints of members of the fighting class, the clergy, and the peasantry. Along with vivid descriptions of what life was like for

warrior knights, monks, high churchmen, criminals, lepers, shepherds, and prostitutes, this innovative approach offers a valuable new perspective on the complex social dynamics of feudal Europe. "Very useful discussions of texts, both learned and literary."—Christopher Dyer, *Times Literary Supplement*

In sixteenth-century

Venice three bodies surface in the dark waters of the Canal Grande. Entrenched in a terrible war with the Turks and caught in a political struggle between power-hungry Pope Alexander VI and the newly elected Doge Loredan, the people of Venice fear that a demon has come to exact divine punishment for their sins. Doge Loredan is determined to find the real culprit before the Pope can turn the people against him. To do so, he hires unorthodox German monk Mathias to investigate the murders. Soon Lorenzo Scarpa, a young printer and nephew to one of the victims, joins in the search. The mystery leads them into Venice's underground printing industry,

where they learn of a dangerous book hidden somewhere in the city, a book whose secrets could determine the destiny of the Republic--a book that others are more than willing to kill for.

I owe him a debt. The kind money can't repay. He wants something else: me, for one year. But I don't even know who he is... 365 days and nights doing everything he wants...except that. "I'm not going to sleep with you," I say categorically. He laughs. "I'm going to make you a promise," his eyes challenge mine. "Before our time is up, you'll beg me for it."

How to Argue With a Racist Head of Zeus
 It is told that not all of the 300 Spartan warriors died in the

battle of Thermopylae. Two were saved, and they brought back a message to the city of Sparta in order to save them from further slaughter. Spartan is the saga of a family torn apart by a cruel law that forces them to abandon one of their sons - born lame - to the elements, while the other is trained in the caste of warriors. A thrilling tale, lavished with historical detail, from the author of the Alexander trilogy and The Last Legion, which became a 2007 film starring Colin Firth.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead,

Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to

inspire change in the world.

The day begins like any other Saturday for beautiful Parisian restaurateur Aurélie Bredin, until she wakes up to find her apartment empty - her boyfriend gone off with another woman.

Heartbroken, Aurélie walks the streets of Paris in the rain, finally seeking refuge in a little bookshop in the Île Saint-Louis, where she's drawn to a novel titled *The Smiles of Women* by obscure English author Robert Miller. She buys it and takes it home, but when she begins to read she's astonished: *The Smiles of Women* can't possibly be about her restaurant, about her. Except, it is. Flattered and curious to know more, Aurélie attempts to get in

touch with the reclusive Mr Miller, but it proves to be a daunting task. His French publishers seem determined to keep his identity secret, and while the Editor-in-Chief André Chabanais is happy to give Aurélie his time, he seems mysteriously unwilling to help her find her author. Is Robert Miller really so shy, or is there something that André isn't telling Aurélie?

The Scarlet Plague
Amazon Crossing
Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—a brilliant journey across far-off places and distant memory. “Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret,

their rules are absurd, their perspectives deceitful, and everything conceals something else.” In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

Per essere ed essere visti New Directions Publishing
"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with

details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote

thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italica Press.

Pushing the Limits Simon and Schuster
 "Extraordinary...beautifully precise...[an] earnestly ambitious debut."—The New York Times Book Review "A wild, angry, and devastating masterpiece of a book."—NPR "[A] descendent of the Dickensian 'social novel' by way of Jonathan Franzen: epic fiction that lays bare contemporary culture clashes, showing us

who we are and how we got here.”—O, The Oprah Magazine One sweltering night in 2013, four former high school classmates converge on their hometown in northeastern Ohio. There’s Bill Ashcraft, a passionate, drug-abusing young activist whose flailing ambitions have taken him from Cambodia to Zuccotti Park to post-BP New Orleans, and now back home with a mysterious package strapped to the undercarriage of his truck; Stacey Moore, a doctoral candidate reluctantly confronting her family and the mother of her best friend and first love, whose disappearance spurs the mystery at the heart of the novel; Dan Eaton, a shy veteran of three tours

in Iraq, home for a dinner date with the high school sweetheart he’s tried desperately to forget; and the beautiful, fragile Tina Ross, whose rendezvous with the washed-up captain of the football team triggers the novel’s shocking climax. Set over the course of a single evening, Ohio toggles between the perspectives of these unforgettable characters as they unearth dark secrets, revisit old regrets and uncover—and compound—bitter betrayals. Before the evening is through, these narratives converge masterfully to reveal a mystery so dark and shocking it will take your breath away.

retten, muss ich einen zurückgezogenen Schriftsteller interviewen, der nicht gefunden werden will. Als ich ihn finde, wird mir klar, dass er der arrogante und umwerfende Fremde ist, der als Einziger die Wahrheit über jene Nacht kennt. Er willigt ein, unter einer Bedingung zu sprechen: alles, was er sagt, ist vertraulich. Er hat seine eigenen Geheimnisse. Aber etwas passiert zwischen uns. Seine Berührung entfacht einen Funken. Seine Augen machen mich schwach. Ich kann mich ihm nicht entziehen. Das hier ist falsch. Das hier wird alles ruinieren. Aber er sieht mich auf diese Weise an, wie mich noch nie jemand angesehen hat Was

Leser/innen über Charlotte Byrd sagen: "Diese Bücher machen süchtig! Super heiß und aufregend, spannend mit Plottwists, die einen überraschen ..."

★★★★★ "Habe es in einem durchgelesen!"

★★★★★ "Unglaublich! Das Buch hat mich verrückt gemacht, mein Herz hat die ganze Zeit wie wild gepocht und ich bin immer noch gefangen in der Geschichte und fühle mich wie ein Laubblatt im Wind, das nur darauf wartet, wieder durch die Luft gewirbelt zu werden von einem der besten Gründe, mich von der Arbeit abzulenken und mich zu verlieren."

★★★★★ "Diese Buchreihe ist so aufregend und fesselnd. Die atemberaubenden

Plottwists, die puren Emotionen und die nervenaufreibende Spannung nehmen mit jedem Buch dieser verlockenden Reihe weiter zu. Ich habe so sehr für Nicholas und Olivia mitgeföhlt. Die Figuren haben sich in mein Herz geschlichen, während sie gleichzeitig meinen Verstand durcheinander gebracht haben. Die fesselnde Geschichte zieht einen schnell in ihren Bann und bringt einen in die Welt des Paares. Bereite dich am besten jetzt schon auf den Cliffhanger und das sechste und letzte Buch in dieser erstaunlichen Reihe vor." ★★★★★

On the Road Verso Books

"London's style is typically lush but his viewpoint is skeptical and dystopian...the story reminds us of the dangers we still court with our careless ways."-The Times "Jack London saw this coming. Why didn't we?...To revisit The Scarlet Plague during the COVID-19 crisis is to marvel at how much

London understood- a century ago-about the challenges we face now.”-The Baltimore Sun The Scarlet Plague (1915) is an early dystopian novel written by Jack London in 1910, serialized in London Magazine in 1912, and finally published as a book in 1915. Set in 2073, sixty years after a pandemic has wiped out most of earth’s population, an old man recounts the events of 2013 to his grandsons. He had been a professor of English Literature at the University of California Berkeley, and managed to survive the pandemic by isolating himself in the chemistry facility at the school. Later, he spent years living alone in an empty hotel in Yosemite, until

he finally joined a group of rag-tag survivors in San Francisco who called themselves “The Chauffeurs”. The Scarlet Plague opens at the end of civilization when Professor James Howard Smith is an old man on a beach outside of San Francisco, when he tells his story. The world that he describes has no relation to the post-apocalyptic desolation of 2073, and the culture and civilization that he evokes are met with abject skepticism. Smith is convinced that he is the remaining survivor who can describe how the world existed before it descended into complete barbarism. The Scarlet Plague is a harrowing classic of early science fiction

that eerily resonates with the tumultuous events of our own times. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Scarlet Plague* is both modern and readable.

1775—The conflict between the British Empire and the American colonies erupts in all-out war. Rebels and loyalists to the British Crown compete for an alliance with the Six Nations of the Iroquois, the most powerful Indian confederation, boasting a constitution hundreds of years old.

But as the thunder of war approaches and the United States struggles violently into existence, old bonds are broken, friends and families are split by betrayal, and this mixed community is riven by hatred and resentment.
