In 1987 Ken  
Ham wrote  
what would  
become a  
prophetic  
warning to the  
Church about  
the  
destructive

effects of  
compromise  
with  
evolutionary  
ideas, and  
how this  
compromise  
undermines  
Scriptural

authority and erodes Christian confidence in the infallibility of God's Word. Today we have Christians not only confused when it comes to Genesis and age of the earth, but even the reality of Hell, Adam as a real person, and Christ's own words about creation, marriage and more are being debated in the pulpits across the world. In this special revised and updated edition, Ken	Ham again takes the lead in pointing out the looming precipice the Church is rushing towards, how evolution and/or millions of years, is driving away young people of the faith, and the biblical solution that can change it! <i>The Sight of Hell</i> Createspace Independent Publishing Platform New edition of classic book on silence and contemplation . <u>Theophane Vénard</u> New Leaf	Publishing Group In 1972 Yves Dupont published the Story of Seminary Student 1025, which details a true story of Communist infiltration into the Catholic Church. About the same time TAN Books published a fictionalized version of this work as AA-1025. This work is quite popular, but useless in presenting the case for what may have happened in the 1960's to the Catholic Church. The important
---	---	--

point is that this is a true story written by the conspirator himself. It was discovered, when he was in a car accident. He had kept a diary of his perfidious dealings as an Anti-Apostle. But this is not the only proof that The Enemy, the Devil, has been guiding people to infiltrate the Catholic Church. Pope Saint Pius X warned in Pascendi: That We make no delay in this matter is rendered

necessary especially by the fact that the partisans of error are to be sought not only among the Church's open enemies; they lie hid, a thing to be deeply deplored and feared, in her very bosom and heart, and are the more mischievous, the less conspicuously they appear. We allude, Venerable Brethren, to many who belong to the Catholic laity, nay, and this is far more lamentable, to the ranks of the priesthood

itself, who, feigning a love for the Church, lacking the firm protection of philosophy and theology, nay more, thoroughly imbued with the poisonous doctrines taught by the enemies of the Church, and lost to all sense of modesty, vaunt themselves as reformers of the Church; and, forming more boldly into line of attack, assail all that is most sacred in the work of Christ, not

sparing even the person of the Divine Redeemer, whom, with sacrilegious daring, they reduce to a simple, mere man. Pope Pius IX earlier had the Permanent Instruction of the Alta Vendita delivered to him. He ordered it published, as it detailed the Masonic plan to infiltrate the Catholic Church in order to destroy it. This is reproduced here as well as another short item on a third group

working to infiltrate the Catholic Church. We must remember that the Devil hates the Catholic Church and his sole desire is to destroy it so that more souls will damn themselves to eternal misery with him in Hell. We must remember that the Devil is our real enemy. Men may work with the Devil, but the Devil is the real enemy behind these conspiracies.

AA-1025Memoirs of the Communist Infiltration into the Church  
Few women in the 20th century wielded more power and influence than did Josefina Lehnert (1894-1983). No woman, in twenty centuries, ever wielded more power and influence in the Vatican. When Josefina Lehnert entered Holy Cross Convent [Menzinger, Switzerland] she was given the name

"Pascalina." In 1917, the beautiful young nun from Bavaria and two other Sisters were sent to Munich to organize and maintain the nunciature. The Holy See's newly appointed Nuncio to Bavaria was 41-year-old Eugenio Pacelli. For the rest his diplomatic career, Schwester Pascalina would remain his personal secretary, housekeeper and ne plus ultra confidante.

When Pacelli was recalled to Rome in 1929 and subsequently made a cardinal and appointed Secretary of State, he requested that Sister Pascalina be permitted to continue working with him. She was the first woman ever to reside in the Apostolic Palace. In 1939, on the first ballot and by a unanimous [minus one] vote, Eugenio Pacelli became the world's 260th Pope; the

twelfth to take the name "Pius." Romani t -an unofficial yet rigorous ecclesiastical/Italianate protocol that permeates diplomacy to this day- saw fit to "promote" the new pontiff's secretary. Henceforth, "Sister" Pascalina was "Mother" Pascalina. Strong woman that she was, "La Madre" was keenly and constantly aware of the tightrope she was walking - and more so of the snake pit just below

it. As the pope's closest confidante, she strove for anonymity; kept any opinion she might have had on any matter, private or public, strictly to herself; avoided photographers and journalists like the plague and -perhaps most challengingly of all- ignored every cruel rumor and innuendo, never dignifying one of them with a response.Undoubtedly, Pope Pius XII was a giant among men;

an outstanding intellectual; a savior to countless victims of World War II; a courageous advocate for the voiceless; a born leader who understood a complicated world and its leaders, good and evil; a Pope worthy to be called "Great".It is said that "Behind ever great man is a great woman." The history of Pope Pius XII and Mother Pascalina requires one very important word change

to that maxim: "Beside every great man stands a great woman."

**Why Catholics Cannot Be Masons**

Ignatius Press In this powerful book, the renowned exorcist of Rome tells of his many experiences in his ministry as an exorcist doing battle with Satan to relieve the great suffering

of people in the grip of evil. The importance of the ministry to "expel demons" is clearly seen in the Gospels, from the actions of the Apostles, and from Church history. Fr. Amorth allows the reader to witness the activities of the exorcist, to experience what an exorcist sees and does. He also reveals how little modern science, psychology, and medicine can do to help those under Satan's

influence, and that only the power of Christ can release them from this kind of mental, spiritual or physical suffering. An Exorcist Tells His Story has been a European best-seller that has gone through numerous printings and editions. No other book today so thoroughly and concisely discusses the topic of exorcism. *The Confession of Mikolaj the Antipriest* TAN Books

A chilling account of an evil ideology and the man whose nefarious thoughts made it possible.

Ballantine Books  
The TAN Legend series offers classic biographical novels about the saints in modernized editions for a new generation of readers. This new TAN Legend edition of *A Man of Born Again* has been re-typeset and revised

throughout. It now includes a thorough updating of the book's vocabulary, style, punctuation, and spelling, as well as corrections of typographical errors in the original version. Status and wealth, power and fame: St. Thomas More had them all. As a wise and popular statesman, internationally recognized scholar, and Lord Chancellor of England, More was perhaps the most highly

respected Englishman of his day until his conscience required that he lay down his life for his Catholic faith. A generation ago, the American Catholic novelist John Edward Beahn retold More's life story as a biographical novel, *A Man Born Again: A Novel Based on the Life of St. Thomas More*, published in 1954. Making ample use of the rich historical records of sixteenth-century England,

Beahn lays out the convoluted political landscape of the period, which set the scene for the disastrous efforts of King Henry VIII to divorce his queen and marry his mistress—while demanding that the Church grant him sanction for his immorality. Alongside the political complexities, Beahn traces the development of More's interior landscape. Family conflicts,

vocational perplexities, personal tragedies, and forthright acquaintances all played their part in shaping his soul. These influences, converging with the political developments that relentlessly pressed in on him, forged a remarkable character that combined brilliant intellect, moral integrity, and deep devotion to Christ and His Church. In the end, More chose to give his life rather

than compromise his convictions under coercion from the state. No doubt a second generation of readers will welcome this TAN Legend edition of *A Man Born Again: A Novel Based on the Life of St. Thomas More*, as twenty-first-century political trends call for heroic Catholic resistance to government assault upon the Church. *Fatima Prophecy SIAM* The beloved Italian friar was known as

a healer and stigmatic. He was beatified in 1999. [The Facts about Luther](#) TAN Books Absorbing and compelling reading from beginning to end, AA -1025 *Memoirs of the Communist Infiltration Into the Church* is a must read for every Catholic today and for all who would understand just what has happened to the Catholic Church since the 1960's. In the 1960's, a French nurse, Marie Carre, attended an

auto-crash victim who was brought into her hospital in a city she purposely does not name. The man lingered there near death for a few hours and then died. He had no identification on him, but he had a briefcase in which there was a set of quasi-autobiographical notes. She kept these notes and read them, and because of their extraordinary content, decided to

publish them. The result is this little book, AA-1025 *Memoirs of the Communist Infiltration Into the Church*, a strange and fascinating account of a Communist who purposely entered the Catholic priesthood along with many others, with the intent to subvert and destroy the Church from within. His strange yet fascinating and illuminating set of biographical notes, tells of his

commission to enter the priesthood, his experiences in the seminary, and the means and methods he used and promoted to help effect from within the auto-dissolution of the Catholic Church. No one will read this book without a profound assent that something just like what is describer here must surely have happened on a wide scale in order to have disrupted the life of the Catholic

Church so dramatically. *The Memoirs of an Anti-apostle* Simon and Schuster This latest book by the internationally acclaimed investigative journalism team is their most intriguing work to date. Best-selling books by Górný and Rosikon have been translated into eight languages, including five richly illustrated investigative works published by Ignatius Press. For this new

work they had access to one of the most guarded institutions in the world - the Vatican Secret Archives. The authors tell of its turbulent history and its unique documents, familiarizing us with the real stories behind the most controversial events in the Church's history including: the Knights Templar trial, the Crusades, the Inquisition, the Galileo Galilei trial, Pius XII's attitude

towards the Holocaust, and much more. In addition to preliminary archival research, they travelled to several countries, visiting places described in the documents, and met with numerous historians and experts. This brilliantly written book, illustrated with stunning photographs, is the result of several years' work. It is highly recommended reading for all those interested in

historical riddles concerning events of major importance. Based on extensive factual material, the book debunks numerous unjust stereotypes, black legends and distortions that have accumulated over the centuries about Catholicism. [A Man Born Again](#) TAN Books  
In the Trenches of the Abortion Battle Every day, thousands of

children — fragile, innocent, alone — are abandoned. They are brutally snuffed from the world and literally left in the trash . . . and it's all legal. Abandoned: The Untold Stories of the Abortion Wars is the story of those children abandoned by abortion, and it is the story of their courageous defenders. Since 1976, Monica Miller has made it her life's work to defend the unborn: she has counseled

pregnant women outside abortion clinics and organized pro-life groups and sit-ins at many of those same clinics. She has blocked abortionists cars, been arrested, and gone to jail. And she has pulled the bodies of thousands of unborn babies out of dumpsters and given them a proper burial. Abandoned: The Untold Stories of the Abortion Wars is the profound,

breathhtaking,  
and often  
daring journey  
of one woman,  
but it is much  
more than  
that. It is a
