*The Politically Incorrect Guide to the Presidents, Part 1* Regnery Publishing

\*Updated to include new section on the Green New Deal!\* "The climate scare ends with this book."

—SEAN HANNITY "This book arms every citizen with a comprehensive dossier on just how science, economics, and politics have been distorted and corrupted in the name of saving the planet."

—MARK LEVIN Less freedom. More regulation. Higher costs. Make no mistake: those are the surefire consequences of the modern global warming campaign waged by political and cultural elites, who have long ago abandoned fact-based science for dramatic fearmongering in order to push increased central planning. The Politically Incorrect Guide to Climate Change gives a voice -- backed by statistics, real-life stories, and incontrovertible evidence -- to the millions of "deplorable" Americans skeptical about the multibillion dollar "climate change" complex, whose claims have time and time again been proven wrong.

**And Environmentalism** Regnery Publishing

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

*The Politically Incorrect Guide to the Constitution* Regnery Publishing

The crime statistics. The jobs. The inflated welfare state. The terror threats. The Politically Incorrect Guide to Immigration shines cold light on America's out-of-control immigration problem with real-life stories and incontrovertible evidence.

**The Politically Incorrect Guide to Pandemics** Regnery Publishing

Argues that such figures as George Washington, Thomas Jefferson, and Ben Franklin laid the foundations of American civil liberty and had a better understanding of problems facing Americans today than the current U.S. Congress.

*The Politically Incorrect Guide to Real American Heroes* Regnery Publishing

Argues that the nineteen-sixties were not the years of sexual, social, and political revolution as they have been widely depicted, but were far more conservative as the majority of America remained a mainstream culture.

*The Politically Incorrect Guide to English And American Literature* Simon and Schuster

A brand-new installment of the beloved Politically Incorrect Guide series! The Politically Incorrect Guide to Communism is a fearless critique of freedom's greatest ideological adversary, past and present.

*The Politically Incorrect Guide to Science* Regnery Publishing

Argues that the United States presidents of the past hundred years have actively sought to undermine the Constitution and their constitutional responsibilities, and analyzes each presidency based on their adherence to the Constitution.

*The Politically Incorrect Guide to American History* Simon and Schuster

Deadly plagues have ripped across the globe for centuries and will continue to do so in the future.

From the Black Death to Smallpox and the Hong Kong flu, seven of the ten worst plagues in history originated in China. But the Covid-19 pandemic was something entirely new: a genetically engineered pathogen that was deliberately released upon the world for the geopolitical profit of a Communist government. In *The Politically Incorrect Guide® to Pandemics*, Steven Mosher, a leading authority on China, devastates politically correct narratives about the Covid-19 pandemic and the deadliest plagues in history. With expert insight, he reveals: Mountains of evidence that the Covid-19 pandemic originated in a Wuhan lab and not a wet market What life was like under plagues of the past and how these compare to the Covid-19 pandemic How Communist governments benefit economically and strategically from international plagues Chinese Communist Party source documents revealing viruses bioengineered to wreak global havoc The next pandemic may be the most devastating plague of all time. *The Politically Incorrect Guide® to Pandemics* sounds the alarm to prepare for a dangerous pandemic future.

*The Politically Incorrect Guide to the Presidents* Simon and Schuster

In *The Politically Incorrect Guide™ to Western Civilization*, Esolen describes the cultures that formed Western civilization, and explains to readers how each of them—from the Ancient Greeks and Romans, to the Renaissance humanists—has shaped the world we live in today. The latest work in the Politically Incorrect Guide (P.I.G.) series shows how the West laid the cornerstones of all modern civilization, including historical, artistic, and intellectual achievements.

**The Politically Incorrect Guide to Darwinism And Intelligent Design** Regnery Publishing

A new installment in the popular satirical series cites the historical influences of the nation's founding fathers while identifying the contributions of conservatives, in a lighthearted volume that celebrates the virtues of traditional southern values. Original.

**The Politically Incorrect Guide to Islam (And the Crusades)** Regnery Publishing

An exposê of some of the more controversial agendas behind global warming argues that poor-quality science and dishonest politics are contributing to the intentionally disproportionate and self-serving levels of fear.

**The Politically Incorrect Guide to the Bible** Simon and Schuster

What PC English professors don't want you to know...in *Beowulf* - If we don't admire heroes, there's something wrong with us , in *Chaucer: Chivalry* has contributed enormously to women's happiness, in *Shakespeare: Some choices* are inherently destructive (it's just built into the nature of things) , in *Milton: Our intellectual freedoms* are Christian, not anti-Christian, in origin , in *Jane Austen: Most men* would be improved if they were more patriarchal than they actually are , in *Dickens: Reformers* can do more harm than the injustices they set out to reform , in *T. S. Eliot: Tradition* is necessary to culture, in *Flannery O'Connor: Even modern American liberals* aren't immune to original sin .

**From Wilson to Obama** Regnery Publishing

Presents an irreverent and humorous look at the four-hundred-year history of the British empire. Regnery Publishing

*The Politically Incorrect Guide to the Civil War* Simon and Schuster

*(And Why It Will Rise Again)* Regnery Publishing

The Middle East is almost never off the front pages, yet most Americans know little about the region. Why? The mainstream media and Ivy League academics, instead of helping, only make matters worse by casting everything in the usual politically correct mold: Arab terrorists are just desperate freedom fighters, and the region's one free democracy -- Israel -- is the oppressor, not least because of its alliance with America. And if Islamic extremism is a problem, the establishment tells us, it's only because it's rooted in that source of all evils: religion. A different strain of political correctness has seeped into some minds on the right -- most notably the Bush administration, which, so ready to buy into the egalitarian myths we are all taught, believed that Western-style democracy could flourish anywhere. Now, in *The Politically Incorrect Guide to the Middle East*, veteran Middle East correspondent Martin Sieff puts the lie to all these myths and clichés, giving you everything you need to know about the region to understand its past, its present, and its possible future.

**The Politically Incorrect Guide to Socialism** Regnery Publishing

Citing declining coverage of classic English and American literature in today's schools, a "politically incorrect" primer challenges popular misconceptions while introducing the works of such core masters as Shakespeare, Faulkner, and Austen, in a volume that is complemented by a syllabus and a self-study guide. Original.

*The Politically Incorrect Guide to The South* Regnery Publishing

Everything you should know--but PC professors won't teach--about Western heritage. Western civilization is the envy of the globe. It has given to the world universally accepted understandings of human rights (rooted in Judeo-Christian principles), created standards for art, music, and literature that have never been equaled, and originated political and social systems that have spread all across the planet. Political correctness now obscures these and other truths about Western civilization. Leftists and Islamic jihadists find common cause in assailing Western "colonialism," "imperialism," and "racism" as its defining characteristics. Guilt-ridden Western leaders and public figures speak of their cultural patrimony in disparaging terms they would never dare to use about a non-Western culture. And in universities, "multicultural"-minded professors flatter students into believing they have nothing really to learn from Sophocles or Shakespeare. But now, Professor Anthony Esolen--one of the team-teachers of Providence College's esteemed Development of Western Civilization Core Curriculum--has risen to the West's defense. *The Politically Incorrect Guide(TM) to Western Civilization* takes on the prevailing liberal assumptions that make Western

civilization the universal whipping boy for today's global problems - and introduces you to the significant events, individuals, nations, ideas, and artistic achievements that make Western civilization the greatest the world has ever known. Today, defending the West has become an urgent imperative: if we don't value what we have and what we have inherited, we will surely lose it. *The Politically Incorrect Guide(TM) to Western Civilization* is an essential sourcebook for that defense. [The Politically Incorrect Guide to The South](#) *The Politically Incorrect Guide to the Civil War* Examines the Middle East from the decline of the Ottoman Empire to the present, discussing such topics as the history of radical Islam, the conflicts between the Arabs and Israelis, and political movements in Iran, Iraq, and Saudi Arabia.

**The Politically Incorrect Guide to Catholicism** Simon and Schuster

The truth about the American Revolution is under attack. Despite what you may have learned in school, it wasn't a rich slaveholder's war fought to "maintain white privilege." In fact, the War of Independence wasn't about maintaining any status quo—it was the world's first successful bottom-up revolution by the people, ushering in a new dawn of liberty that history had never seen before. But with left-wingers dominating the teaching of history, where can you go for the true story of the unprecedented events that made the United States the world's greatest nation? Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground-breaking patriotic history you've always wanted to read about the foundation of our unique nation. *The Politically Incorrect Guide to the American Revolution* reveals: Four key factors that applied only in America, making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch-Irish The key role of Protestantism: which denominations tended to become Patriots, and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in American history are routinely underreported How our Revolution became a model for hundreds of others—that all failed Schweikart and Dougherty take on the left-wing myths—starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States*—and uncover the truth about America's beginning.

[The Politically Incorrect Guide to Catholicism](#) Simon and Schuster

The bestselling *Politically Incorrect Guide to American History* reveals facts that you won't be--or never were--taught in school, tells you about the "Books You're Not Supposed to Read," and gives you all the information you need to battle and confound left-wing professors, neighbors, and friends.
