LI CARINA

A Children's History of the Church Paulist Press

Chadwick's *Early Church* covers, as the book cover suggests, "the story of emergent Christianity from the apostolic age to the dividing of the ways between the Greek East and the Latin West." The story unfolds with the Jewish and Roman background within which the beginning church was nourished. It then goes on to

show how important it is for the church to establish order and unity amidst threats of persecution and heresy. The emergence of apologists helps not only the expansion of the church but also the construction of Christian doctrine. At the same time, controversies abound as the church encountered many different cultural and sociological challenges while trying out in reaction a variety of ideas. With chapter seven, the relation between church and state changes, resulting in a stronger influence of the state upon the church while accelerating the split between the Latin West and the Greek East. The Arian

controversy shows a period of instability between state and church, and also deepens the split of East and West. But within the turmoil, ascetic practice, papacy, liturgy, and art are established, helping to transmit a common European culture while the Roman Empire begins to degenerate.

The New Westminster Dictionary of Church History: The early, medieval, and Reformation eras Abingdon Press

In this book we want to see how the Lord has moved in the past among His children for the accomplishment of His purpose. First, we want to see the history of the

church in a general way, and then we want to see the history of the local churches beginning from 1922.

The History of the Church and the Local Churches Living Stream Ministry
From Roman persecution to the early creeds, from the monastic movement to the Reformation, from the rise of liberalism to missionary expansion, Jeffrey Bingham chronicles the ups and downs of a people and a faith.

A History of the Church in England Penguin Books

From the beginning to 1940. Written for both students and adults. The author intersperses the history with many brief, interesting biographies of famous people, and at the end of each chapter he quotes briefly from a famous writing of the era, blending a medley of elements into a comprehensive historical composition that is at once brilliant and fascinating. A story of the Church unparalleled in its scope, depth, variety and impact, and a book all Catholics should read.

History of the Church Penguin

This authoritative account of the Church in England covers its history from earliest times to the late twentieth century.

Includes chapters on the Roman, Celtic, Anglo-Saxon, Norman, and Medieval periods before a description of the Reformation and its effects, the Stuart period, and the Industrial Age, with a final chapter on the modern church through 1972.

The Church in History Wm. B. Eerdmans Publishing

Does it matter how Christians in other times and places thought? For many contemporary Christians, questions about the role and value of church history can be difficult to tackle. Veteran teacher Bob Rea addresses these barriers, skillfully explaining not only why church history matters, but the difference it makes for life and ministry.

Church History, Volume Two: From Pre-Reformation to the Present Day Living Stream Ministry

Allan Doig explores the Christian Church through the lens of twelve particular churches, looking at their history, archaeology, and how the buildings changed over time in response to developing usage and beliefs.

History of the Christian ChurchHistory of the Catholic Church

Church history books must choose either brevity or thoroughness. A History of the Church does an excellent job combining both. Although it has been used as a college textbook, it also has been used successfully in local churches and personal study of church history as well.

Church History Oxford University Press
New York Times–bestselling author Garry Wills provides a provocative analysis of the theological and historical basis for the priesthood In a riveting and provocative tour de force from the author of *What Jesus Meant*, Pulitzer Prize winner Garry Wills poses the challenging question: Why did the priesthood develop in a religion that began without it and, indeed, was opposed to it? *Why Priests?* argues brilliantly and persuasively for a radical re-envisioning of the role of the church as the Body of Christ and for a new and better understanding of the very basis of Christian belief. As Wills emphasizes, the stakes for the writer and the church are high, for without the priesthood there would be no belief in an apostolic succession, the real presence in the

Eucharist, the sacrificial interpretation of the Mass, and the ransom theory of redemption. This superb study of the origins of the priesthood stands as Wills's towering achievement and will be of interest to all inquiring minds, believers and non-believers alike.

Church History, Volume One: From Christ to the Pre-Reformation

Routledge

Amidon offers the first English translation of Books 10 and 11 of Rufinus' Church History. Books 1-9 comprise a Latin translation of Eusebius' history. Books 10 and 11 are Rufinus' own continuation, covering the period 325-395. As the first Latin church history, this work exerted great influence over the subsequent scholarship of the Western Church.

The History of the Church from Christ to Constantine College Press

An absorbing survey of the history of the Christian church from A.D. 33 to the present, including a comprehensive section on the church in the United States and Canada. An ideal text for secondary schools and Bible institutes.

[A History of the Councils of the Church from the Original Documents](#) Zondervan

Academic

Finally! Church history presented in an easily understandable 'living book' form appropriate for young people! "Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all things that I have commanded you; and lo, I am with you always, even to the end of the age." (Matthew 28:19-20) John Mason Neale beautifully captures the struggle of the early Church: from her humble beginnings in Jerusalem, through her rapid spread throughout the ancient world as the apostles scattered far and wide to proclaim the Word of God, to her challenges of preserving the Faith in spite of the many temptations that flooded the Church after its legalization. Included in this volume are stories of some of her greatest saints, -martyrs glorifying God under intense persecution, and defenders of the Faith fighting for Truth against a wide assortment of heretical teachings. Using an immensely engaging style of narration, this work is truly a classic, offering great historical detail in a story form that captures both the mind and

heart of a child. This edition includes many added illustrations, biblical, patristic and historical references, as well as an extensive appendix, increasing its educational value for readers of all ages. From a Chalcedon Orthodox Christian point-of-view.

The History of the Church Reformation Heritage Books

From the 1960s to the 1990s, Christians dove into fascinating timelines of the past with the Church in History series a popular presentation of the nearly two thousand years of people and events that have formed our definition of Church. In 2011, Church history explorers were given the content of the six volumes in one book, which featured fresh content that brought readers into the twenty-first century.

[Church History](#) Wm. B. Eerdmans Publishing

A history of the church from its beginnings to the present that reflects on successes and failures over the years.

Early Christian Writings Penguin UK

The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church, during an otherwise little-known period of its

development. A selection of letters and small-scale theological treatises from a group known as the Apostolic Fathers, several of whom were probably disciples of the Apostles, they provide a first-hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion, Judaism. Included here are the first Epistle of Bishop Clement of Rome, an impassioned plea for harmony; The Epistle of Polycarp; The Epistle of Barnabas; The Didache; and the Seven Epistles written by Ignatius of Antioch - among them his moving appeal to the Romans that they grant him a martyr's death.

The Early Church Captivating History

A lucid and concise account of the people, places, institutions, events, and ideas that made a difference in the development of the Christian faith. Discussion questions following each chapter aid the reader in reflection and review.

History of the Church in Africa Oxford University Press, USA

Jerald Bauer's Westminster Dictionary of Church History was originally published in 1969 and has ably served an entire generation of pastors, students, and

scholars over the last decades of the twentieth century. In recognition of both the dictionary's age and the latest developments in patristics and other fields of study, Westminster John Knox Press commissioned this volume to continue in the previous work's tradition by providing up-to-date and immediate, authoritative, and introductory definitions and explanations of the major personalities, events, facts, and movements in the history of Christianity. Volume One covers the early, medieval, and Reformation periods and contains nearly fourteen hundred articles written by more than two hundred contributors. Volume Two will cover the modern period, from 1700 on.

A History of the Church in 100 Objects InterVarsity Press

Winner of two Catholic Press Association Awards: Design and Production (Second Place) and History (Honorable Mention). The star of Bethlehem exemplifies the birth of Jesus, the Wittenberg Door is synonymous with the Protestant Reformation, and "the pill" symbolizes the sexual revolution. It's "stuff" that helps tell the story of Christianity. In this unique, rich, and eye-catching book, popular

Catholic author and EWTN host Mike Aquilina tells the Christian story through the examination of 100 objects and places. Some, like Michelangelo's Pietà, are priceless works of art. Others, like a union membership pen, don't hold much monetary value. But through each of them, Aquilina offers a memorable and rewarding look at the history of the Church. When Catholics tell their story, they don't just write it in books. They preserve it in memorials, monuments, artifacts, and museums. They build grand basilicas to house tiny relics. In this stunning book, Aquilina, together with his writer-daughter Grace, show how the history of the Church didn't take place shrouded in the mists of time. It actually happened and continues to happen through things that we can see and sometimes hold in our hand. The Christian answer to Neil MacGregor's New York Times bestseller *A History of the World in 100 Objects*, Aquilina's *A History of the Church in 100 Objects* introduces you to: The Cave of the Nativity (the importance of history, memory, and all things tangible) Catacomb niches (the importance of Rome, bones, and relics of

the faith) Ancient Map of the World (the undoing of myths about medieval science) Stained Glass (representative of Gothic cathedrals) The Holy Grail (Romance literature and the emergence of writing for the laity) Loaves and fish (a link from Jesus to the sacrament of the Eucharist) The Wittenberg Door (Martin Luther and the onset of the Reformation) Each of these

and the 93 other items and places in the book tell part of the Christian story. Each is an essential piece of the story of our salvation. God makes himself known and accessible through material things, always accommodating himself to our condition. It is, after all, the condition he created for us—spiritual and material—and the form he assumed for our salvation.
Why Priests? Westminster John Knox Press

Two captivating manuscripts in one book:
Church History The Reformation
The History of the Christian Church Until the Great Schism of 1054 InterVarsity Press
A comprehensive history of the Catholic Church from its beginnings in Jesus' ministry to its current status in an increasingly secular world.
