Many studies in cognitive psychology have provided evidence of systematic deviations in cognitive task performance relative to that dictated by optimality, rationality, or coherency. The texts in this volume present an account of research into the cognitive biases observed on various tasks: reasoning, categorization, evaluation, and probabilistic and confidence judgments. The authors have attempted to discern the contribution of the study of bias to our understanding of the cognitive processes involved in each case, rather than proposing an inventory of the different types of biases. A special section has been devoted to studies on the correction of biases and cognitive aids. *Journal of the American Society of Mechanical Engineers* Includes section "Book Reviews".

#### Senate documents

A teacher is a person who not only teaches but also guides his/her student in building a successful career. The future of a nation lies upon the level of knowledge the people in the country are having. Thus, the responsibility of a teacher goes far beyond what we think of it at an individual level. We have seen people are interested in making their career in many other professions but teaching as a profession is not the first choice in most cases. Nevertheless, teaching is one of the most interesting professions as it involves a continuous learning exercise and at the same time making others learned by delivering the knowledge one is having. The teachers assess their students but at first, they also get assessed under UGC NET conducted by the National Testing Agency. The National Eligibility Test (NET), also known as UGC NET or NTA-UGC-NET, is the test for determining the eligibility for the post of Assistant Professor and/or Junior Research Fellowship (JRF) award in Indian universities and colleges. UGC NET

is considered as one of the toughest exams in India, with success ratio of merely 6%. Previously, the passing ratio was around 3% - 4%. Assistant Professors in private colleges may or may not be NET qualified but NET qualification is mandatory for universities & government colleges.
