American History: A Survey McGraw-Hill Education

Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

The Immigrant in American Society, 1880 - 1921 Abrams

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

American History McGraw-Hill

A Washington Post and BookPage Best Nonfiction Book of 2021 From a Pulitzer Prize-winning historian, the powerful story of a fragile nation as it expands across a contested continent. In this beautifully written history of America's formative period, a preeminent historian upends the traditional story of a young nation confidently marching to its continent-spanning destiny. The newly constituted United States actually emerged as a fragile, internally divided union of states contending still with European empires and other independent republics on the North American continent. Native peoples sought to defend their homelands from the flood of American settlers through strategic alliances with the other continental powers. The system of American slavery

grew increasingly powerful and expansive, its vigorous internal trade in Black Americans separating parents and children, husbands and wives. Bitter party divisions pitted elites favoring strong government against those, like Andrew Jackson, espousing a democratic populism for white men. Violence was both routine and organized: the United States invaded Canada, Florida, Texas, and much of Mexico, and forcibly removed most of the Native peoples living east of the Mississippi. At the end of the period the United States, its conquered territory reaching the Pacific, remained internally divided, with sectional animosities over slavery growing more intense. Taylor's elegant history of this tumultuous period offers indelible miniatures of key characters from Frederick Douglass and Sojourner Truth to Elizabeth Cady Stanton and Margaret Fuller. It captures the high-stakes political drama as Jackson and Adams, Clay, Calhoun, and Webster contend over slavery, the economy, Indian removal, and national expansion. A ground-level account of American industrialization conveys the everyday lives of factory workers and immigrant families. And the immersive narrative puts us on the streets of Port-au-Prince, Mexico City, Quebec, and the Cherokee capital, New Echota. Absorbing and chilling, American Republics illuminates the

continuities between our own social and political divisions and the events of this formative period.

A Life in History Academic Internet Pub Incorporated

A Companion to Post-1945 America is an original collection of 34 essays by key scholars on the history and historiography of Post-1945 America. Covers society and culture, people and movements, politics and foreign policy. Surveys and evaluates the best scholarship on every important era and topic. Includes book review section on essential readings.

American Republics: A Continental History of the United States, 1783-1850 McGraw-Hill Humanities Social

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Hist 1301 El Paso Community College Material from American History McGraw-Hill Humanities, Social Sciences & World Languages

Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley. His debut work, the National Book Award-winning *Voices of Protest*, launched a storied career that considered the full spectrum of American political life. His books give serious and original treatments of populist dissent, the role of mass media, the struggles of liberalism and conservatism, and the powers and limits of the presidency. A longtime professor at Harvard University and Columbia University, Brinkley has shaped the field of U.S. history for generations of students through his textbooks and his mentorship of some of today's foremost historians. *A Life in History* brings together essays on his major works and ideas, as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with, befriended, and influenced. Among the luminaries in this volume are the critic Frank Rich, the journalists Jonathan Alter and Nicholas Lemann, the biographer A. Scott Berg, and the historians Eric Foner and Lizabeth Cohen. Together, the seventeen essays that form this book chronicle the life and thought of a working historian, the development of historical scholarship in our time, and the role that history plays in our public life. At a moment when Americans are pondering the plight of their democracy, this volume offers a timely overview of a consummate student—and teacher—of the American political tradition.

Liberalism and Its Discontents Harvard University Press

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need

it, and how they need it, so that your class time is more engaging and effective.

The Huddled Masses McGraw-Hill College

In the two decades since the first edition of this tremendously successful book appeared, a vast scholarship undertaken by historians, sociologists, economists, and cultural anthropologists has altered the contours of American immigration history, challenging scholars to rethink long-held perspectives. Insights derived from these diverse sources enrich the second edition of this popular text and have prompted important changes in emphasis and interpretation. Thoughtfully written to help student readers appreciate the varied pre- and post-migration experiences of the many groups and individuals who came to, and came to shape, the United States during this busy period, *The Huddled Masses* is essential reading for all enrolled in the United States history survey as well as specialized courses in Immigration and Ethnic Studies.

The Immigrant in American Society, 1880-1921 Wiley-Blackwell

Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture

Studyguide for American History McGraw-Hill Education

Highly-respected for its impeccable scholarship and elegant writing style, *American History: A Survey* provides students and instructors with a comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, however, the book explores areas of history such as social, cultural, urban, racial and ethnic history, more history of the West and South, environmental history, and the history of women and gender. In addition, American history has not evolved in a vacuum, but as part of a larger global world. The eleventh edition of this text places American history into that global context, making connections for students who live in an ever-expanding world themselves.

A Companion to Post-1945 America McGraw-Hill College

This tour of early American alcohol shares recipes, "fun facts and anecdotes about our forefathers' drinking habits with a 21-century sense of humor" (Chicago Tribune). In *Colonial Spirits*, legendary distiller Steven Grasse presents a historical manifesto on drinking, including 50 colonial era-inspired cocktail recipes. The book features a rousing timeline of colonial imbibing and a cultural overview of all kinds of alcoholic beverages: beer, rum and punch; temperance drinks; liqueurs and cordials; medicinal beverages; cider; wine, whiskey, bourbon and more. The book is spiced with delightful illustrations and liquored-up adages from our founding fathers. Grasse shares expert guidance on DIY home brewing, plus recipes like the Philadelphia Fish House Punch (a crowd pleaser!) and Snakebites (drink alone!). Hot beer cocktails and rattle skulls have never been so irresistible.

A Toast to Our Drunken History McGraw-Hill Humanities Social

Highly-respected for its impeccable scholarship and elegant writing style, provides students and instructors with a comprehensive account of the American past in which no single approach or theme predominates.
