*History Alive!* Oxford University Press

A great controversy surrounds General Lew Wallace at the Battle of Shiloh. General U.S. Grant blamed Wallace for the huge number of casualties the Union suffered, citing a dilatory march and poor choice of route to the battlefield. Wallace was obsessed with these accusations his entire life and wrote Ben-Hur as much to work through the injustice of being labeled a scapegoat as for literary aspirations. This book asserts that something entirely different may be at fault for the astonishing number of men lost. Overlooked in the history of the battle is Grant's own choice of a specific man to carry battle orders to Wallace, a mistake that might have made all the difference. This assertion is supported by newly discovered documents written by an obscure Wisconsin quartermaster as well as evidence in official records. The implications of this choice of messenger virtually vindicate Wallace. By also juxtaposing certain Confederate actions, this book explores the behind-the-scenes struggle during the Battle of Shiloh and its aftermath for the participants.

History Alive! Pursuing American Ideals centers on the five founding ideals from the Declaration of Independence: equality, rights, liberty, opportunity, and democracy. Each generation has struggled with these ideals. Some have made little progress toward achieving them. Others have made great progress. This book invites students to become engaged in this struggle, from establishing an American republic to the making of modern America. --Website.

U.S. History Penguin UK

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Features: Complete text of the accurate, readable, and clear New International Version (NIV) Over 20,000 study notes, with icons to make important information easy to spot Introductions and outlines provide valuable background information for each book of the Bible In-text maps, charts, diagrams, and illustrations visually clarify the stories in the Bible 16 pages of full-color maps plus time lines and presentation page Words of Jesus in red NIV concordance plus subject and study notes indexes eBook has been optimized for reading on color screens, but will still function effectively on other devices

Things Fall Apart Bloomsbury Publishing

In the first of a three-volume work, Daniel Patte presents three very different critical exegeses of Romans 1, arguing that all are equally legitimate and hermeneutically plausible. By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries, Patte concludes that three families of vastly different critical interpretations are fully justified: traditional philological and epistolary studies; rhetorical and sociocultural studies; and figurative studies of the "coherence" of Paul's teaching. Arising from a long-standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies, Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives; and second, that this choice is always contextual and ethical. When these points are denied (by failing to respect the interpretations of others and absolutizing one's interpretation), instead of being a scriptural blessing, Romans becomes a deadly weapon against others - heretics, Jews (Shoah), and many others. The result is a threefold commentary of Romans 1 that is unique in its scope and thorough-going exegesis.

**Catalogue of Books ...** The Canadian Teacher ...The Routledge Companion to Historical Theory Home to 33,000 Filipino American residents, Daly City, California, located just outside of San Francisco, has been dubbed "the Pinoy Capital of the United States." In this fascinating ethnographic study of the lives of Daly City residents, Benito Vergara shows how Daly City has become a magnet for the growing Filipino American community. Vergara challenges rooted notions of colonialism here, addressing the immigrants' identities, connections and loyalties. Using the lens of transnationalism, he looks at the "double lives" of both recent and established Filipino Americans. Vergara explores how first-generation Pinoys experience homesickness precisely because Daly City is filled with reminders of their homeland's culture, like newspapers, shops and festivals. Vergara probes into the complicated, ambivalent feelings these immigrants have—toward the Philippines and the United States—and the conflicting obligations they have presented by belonging to a thriving community

and yet possessing nostalgia for the homeland and people they left behind.

*A Commentary on the International Lessons* American Bar Association

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

This Companion provides a wide-ranging and up-to-date overview of the conceptual issues that history as a discipline and mode of thought gives rise to. The book offers both historical and systematic treatments of these issues, as well as addressing their contemporary relevance. Structured in three parts – Modes and Schools of Historical Thought, Epistemology and Metaphysics of History, and Issues and Challenges in Historical Theory – it offers the reader a wide scope and expert treatment of each topic in this vibrant field that can be read in any order. An international team of experts both discuss the basis of their topic and present their own view, offering the reader a cutting-edge contribution while ensuring their chapters are of interest to both students and specialists in the field of historical theory and engaging with the very nature of historical thought, the metaphysics of historical existence, the politics of history-writing, and the intelligibility of the historical process. The volume is an indispensable companion to the study of history and essential reading for anyone interested in the reflection on the nature of history and our historical existence.

[Volume 1: Romans 1:1-32](#) Kregel Publications

The Church of Jesus Christ of Latter-Day Saints currently boasts millions of members, thousands of missionaries, and congregations on every continent as well as in the vast majority of the world's countries. It's clear that their influence is still growing in our communities, places of business, and in the political arena. It's also clear that Christians need to be prepared to answer questions from Mormon friends, neighbors, co-workers, and from fellow believers as well. In this updated and

expanded edition of McKeever's popular and practical book, authors Bill McKeever and Eric Johnson provide ready responses to the common questions Mormons ask. With more than six decades of combined experience, the authors tackle such tough questions as: Why don't you accept Mormons as Christians? Do you believe Mormonism is a cult? If the LDS church is not true, which church is? How can you explain the many contradictions found throughout the Bible? After offering analysis and responses to these and other questions, McKeever and Johnson provide helpful appendices that summarize Mormon beliefs, provide 101 Bible references to use in conversation, and expose common logical fallacies. Originally published in the 1980s, this volume has been--and will continue to be--a classic resource to help Christians become more successful in sharing their faith with Mormons.

Alan Turing has long proved a subject of fascination, but following the centenary of his birth in 2012, the code-breaker, computer pioneer, mathematician (and much more) has become even more celebrated with much media coverage, and several meetings, conferences and books raising public awareness of Turing's life and work. This volume will bring together contributions from some of the leading experts on Alan Turing to create a comprehensive guide to Turing that will serve as a useful resource for researchers in the area as well as the increasingly interested general reader. The book will cover aspects of Turing's life and the wide range of his intellectual activities, including mathematics, code-breaking, computer science, logic, artificial intelligence and mathematical biology, as well as his subsequent influence.
