Quizlet Chapter 25:

Metabolism and

Nutrition Chapter

Objectives

INTRODUCTION . 1.

Generalize the way in

which nutrients are

processed through the

three major metabolic

fates in order to

perform various

energetic and

structural functions in

the body.

CARBOHYDRATE

METABOLISM . 2.

Review carbohydrate metabolism in the GI tract, liver and body cells. 3. Chapter 25: Metabolism and Nutrition Chapter 25 Metabolism, Nutrition, and Energetics - QuizPlus The sum of all of the biochemical processes going on within the human body at any given time is called A) glycolysis. Chapter 25 Metabolism, Nutrition, and Energetics - QuizPlus Lipid Metabolism 2 sources of cholesterol in the body Present in foods Synthesized by hepatocytes As total blood cholesterol increases, risk of coronary artery disease begins to rise Treated with exercise, diet, and drugs Lipids can be oxidized to provide ATP Stored in adipose tissue if not

needed for ATP Chapter 25: Metabolism and Nutrition chapter 25: metabolism and nutrition 25.1 metabolic reactions metabolism all chemical reactions in the body. two types: catabolism, anabolism. catabolism Chapter 25 (Metabolism and Nutrition) - Biol 235 - AU ... Regulation of metabolism depends on chemicals in the cells and signals from the nervous and endocrine systems. Some aspects of metabolism depend on time elapsed since the last meal. During the absorptive state, glucose is readily available. 25 [chapter 25 metabolism and nutrition] - SlideShare Study Flashcards On Chapter 25 - Nutrition, Metabolism, and
