LOVE, MARRIAGE, and THE BABY CARRIAGE Xulon Press
 It Was Greek to Me is the story of a young American diplomat in the 1970s. Pat Ferguson served as the Assistant Cultural Attach at the U.S. Embassy in Athens,

Greece. She also fell in love with a writer known as Greeces Hemingway. Pat came of age in a very exotic locale, far removed from the influences of her home, her family and her church. In her memoir, she dissects that process honestly and reveals why she eventually decided to return to her roots in Minnesota.  ===== Good material!...

Judith Guest, Author, Ordinary People The story is fantastic! Wonderful material about the two young women (you and Barbara) Sheila OConnor, Author, Where No Gods Came It was such a pleasure to read your memoirs... Especially interesting was your personal slant on the ex-patriots life in Athens and your role as a professional in the U.S. Foreign Service It was an informative as well as entertaining read. And to have hobnobbed with so many famous people must have been a very heady experience. Nancy Raeburn, Author, Mykonos: a Memoir

Now You're Someone Else Routledge
Nothing turns a baby's head more quickly than the sight or sound of an animal. This fascination is driven by the ancient chemical forces that first drew humans and animals together. It is also the same biology that transformed wolves into dogs and skittish horses into valiant comrades that would carry us into battle. Made for Each Other is the first book to explain how this chemistry of attraction and attachment flows through -- and between -- all mammals to create the profound emotional bonds humans and animals still feel today. Drawing on recent discoveries from neuroscience, evolutionary biology, behavioral psychology, archeology, as well as her own investigations, Meg Daley Olmert explains why the brain chemistry humans and animals trigger in each other also has a profound effect on our mental and physical well being. This lively and original investigation asks what happens when the bond is severed. If thousands of years of caring for animals infused us with a biology that shaped our hearts and minds, do we dare turn our back on it? Daley Olmert makes a compelling and scientific case for what our hearts have always known, that we were, and always will be, made for each other.

One minute Rhea is struggling to survive high school. The next, she's thrown into the world of the gods where power rules and the weak get trodden over. A Revealing and Intimate Story of What a Mother Will—and Will Not—Do for Her Daughters What kind of women do daughters become when their fathers are missing and their mothers can't love them? How do they find love and ways to love themselves? Nearly three decades of secrets lie between Lola Ashby and the two girls she reluctantly raised. Now, prompted by the one father figure she respects, older daughter Frankie agrees to drive from Portland to visit her ailing mother, who abandoned the girls when they were in high school. When younger daughter Callie announces to Frankie that she's moving her fashion model career to Los Angeles from the East Coast, Frankie badgers her sister into meeting up in the Idaho panhandle for a family reunion to dilute the impact of their mother's indifference. However, on Frankie's first night on the road, the trip gets more complicated when a well-dressed elderly woman at a rest stop dumps a young boy in her lap with a request to take him on to Montana. And Callie's exit from Pittsburgh is fraught with its own shady and violent difficulties. Meanwhile, Lola strengthens her resolve to keep the past and its secrets where they belong. In Unbinding the Heart, author, speaker, and Huffington Post regular Agapi Stassinopoulos invites readers on an inspiring journey of inner exploration to reconnect with their true selves. Born in Greece, a country that celebrates life, Agapi learned the essential truths of happiness through the examples of wisdom, caring, playfulness, and generosity she saw all around her, starting with her own mother. She came to realize that everyone is born with an open heart, but that we quickly learn to put conditions on our happiness-comparing ourselves to others, casting judgment, doubting ourselves, allowing fear or entitlement or

self-righteousness to take hold-and slowly our hearts begin to close. We isolate ourselves, feeling alone, disconnected, and unheard; and in doing so we immobilize our spirit, stifle our authentic expression, and cut off our joy. As she went on, Agapi, like so many of us, came under the soul-constricting influences of the larger world. In her struggle to find her place and her voice, trying to balance the acting career she dreamed of with the spiritual life she longed for, she discovered a path that was uniquely hers. Unbinding the Heart shows how she found her way home to herself. In 32 personal, heartfelt stories full of insight and humor, Agapi takes us from her mother's bountiful kitchen, where the seeds of fearless living were planted, to the London classical stage, to an epiphany on a New York City bus-and inspires readers with the confidence to let go of the beliefs that bind them and come to a deeper understanding of life and love.
