Using Problem Solving
Approach Zondervan
Acclaimed worldwide as
the definitive biography of
the Prophet Muhammad in
the English language,
Martin Lings' Muhammad:
His Life Based to the
Earliest Sources is unlike
any other. Based on
Arabic sources of the

eighth and ninth
centuries, of which some
important passages are
translated here for the
first time, it owes the
freshness and directness
of its approach to the
words of men and women
who heard Muhammad
speak and witnessed the
events of his life. Martin
Lings has an unusual gift
for narrative. He has
adopted a style which is
at once extremely
readable and reflects both

the simplicity and
grandeur of the story. The
result is a book which will
be read with equal
enjoyment by those
already familiar with
Muhammad's life and
those coming to it for the
first time. Muhammad: His
Life Based to the Earliest
Sources was given an
award by the government
of Pakistan, and selected
as the best biography of
the Prophet in English at
the National Seerat

Conference in Islamabad in 1983.

Foundations of Topology Pearson College Division Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially

among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. In the *Footsteps of the Prophet* is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait of a

man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal

punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again -- an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new

understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.

The Fifth Edition of *A History of the Roman People* continues to

provide a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Late Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated

separately so that students can easily grasp key concepts and ideas. *OGT Reading* Cambridge University Press Introductory courses in Islam in universities and colleges often concentrate on the development of Islamic institutions in the classical period. Before embarking on such a

course, would-be students would benefit from (1) a discussion of the problems raised by Western perceptions of Islam; (2) a brief panoramic account of Islamic history down to the present; (3) a sympathetic description of Islam as a living faith. All three are provided in this

work. General readers, and those who have already embarked on the study of Islam, require a reference work which furnishes them with technical matters such as the structure of Arabic names and the various ways of transliterating Arabic. Their needs are also catered to here.
