The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the

monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning

of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own. *Yingwen/Zhongwen. The Oxford-Duden Pictorial French and English Dictionary, Second Edition identifies over 28,000 objects by means of numbered Based on the premise that pictures can more clearly convey certain

kinds of information, this handy reference presents a list of vocabulary relating to a subject together with a picture illustrating that subject. Each double-page spread links the words by number to the picture situation drawn from everyday life. This Second Edition has been revised and updated to reflect over 1,500 new items of vocabulary relating to such diverse fields as photography, typesetting, personal computers, telecommunications, and transport. An essential reference for general readers, students, translators, travelers, and business people, the Oxford-Duden Pictorial French and English Dictionary, Second Edition, serves as an invaluable supplement to any French-English or English-French dictionary.
