 Business Result Second Edition offers business professionals more communication and language practice than ever before, so they develop business English skills to use immediately. Relevant, personalized practice for people at work
 With Business Result Second Edition, students practise language that is relevant to their work context, so they can use what they learn in real work situations. NEW Talking Point discussion lessons are based on an interesting business concept, process or approach that is relatable for any student in any business profession. The personalized Talking Point tasks allow students to apply the concept to their own working contexts, and provide the opportunity to use language from the unit. NEW Viewpoints integrate video into the lesson to bring business English to life - and build communication skills for business. Each video lesson relates to content in the units and builds up to a communicative task. NEW Language Points provide explicit focus on the meaning and form of the target language applied in a business context. EXTENDED Practically Speaking sections help students put language to use immediately. In every unit, Practically Speaking

relates clearly to the unit content, and includes input, analysis and practice. Easily adapt Business Result Second Edition to fit your teaching context
 The IMPROVED modular structure of Business Result Second Edition means it can be easily adapted to fit your teaching context. Each section within a unit works in a modular way- they can be completed as standalone activities according to your needs. You can choose lessons that are most relevant for your students. The Teacher's Book provides support for using the course flexibly in 1 to 1 lessons and with pre-work students. For those working through the book in order, continuity is maintained throughout the book to provide natural progression. Enrich your lessons with ready-to-go resources to pick up and teach in class
 NEW photocopiable worksheets for each unit provide more practice for the main sections of each unit: Working with Words, Language at Work and Business Communication. NEW online resources for teachers include Viewpoint video files to stream or download, audio files to stream or download, sample emails for each unit, downloadable business cards, and progress tests. Help students advance their career through progress tracking and assessment support
 Clear Outcomes - 'you can' statements help students monitor their own progress, and downloadable progress tests enable you to track students' progress in language skills and speaking skills.
 NEW Online Practice provides extra interactive practice activities with instant feedback on answers and automatic grading, allowing students to independently review their learning. Online Practice allows you to easily track and report on your students' progress, keeping you up-to-date with your students' learning.
 Downloadable progress tests for every unit enable you to assess students' progress, and identify student weaknesses and strengths.

 The Business
 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning
 In Ditch That Textbook, teacher

and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

This coursebook is designed primarily for accounting and management students who are taking English practicum in STIESIA Surabaya. The materials are concerning to business and workplace contexts. Thus, various language skills and topics are developed to enhance student's English language proficiency. In particular, various vocabularies, phrases, texts, talks, and conversations for business purposes are presented to delineate student's comprehension as well as to advance student's communication skills with colleagues, superiors, clients, customers, and other parties at work. In this book, each unit is organized into four language skills: reading skill, listening skill, speaking skill, and listening practice tests. Moreover, this book involves various English expressions that business people commonly use at work in the section of language skills. These can help students in practicing real English usage in the office.

English as a Global Language MacMillan

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Business Result Pre-Intermediate Teachers Book+Dvd Pack SAGE

A celebration of Italian food that is fresh, delicious, and unpretentious with 120 quick and easy recipes to elevate weeknight meals into no-fuss feasts.

Before she was a Food Network star and bestselling cookbook author, Nigella found her way to Florence, where she learned to cook like an Italian.

With beautiful color photographs to inspire, Nigellissima has all the hallmarks of traditional Italian fare in its faithfulness to the freshest ingredients and simplest methods. From pasta and meat to fish, vegetables, and, of course, dolci, there is something for every mood, season, and occasion: Curly-Edged Pasta with Lamb Ragu; Spaghettoni with Lemon and Garlic Breadcrumbs; Meatzza, a meatball mixture pressed into a pan and finished with traditional Margherita ingredients; and Baby Eggplant with Oregano and Red Onion. Never an afterthought, Nigella's low-maintenance "sweet things" include Instant Chocolate-Orange Mousse; light, doughnut-like Sambuca Kisses; and One-Step No-Churn Coffee Ice Cream, to name just a few. Nigella believes that every ingredient must earn its place in a recipe, and she gives tips and techniques for making the most of your time in the kitchen. She guides you to stocking your pantry with a few supermarket ingredients and shows you how to make the most of them for spontaneous meals that taste boldly Italian. Nigellissima is a love letter to the pleasures of cooking—and eating—the way Italians do. With a nod to the traditional but in Nigella's trademark style, here are recipes that excite the imagination without stressing the cook.

This book describes the principles and techniques needed to analyze data that form a multiway contingency table. Wickens discusses the description of association in such data using log-linear and log-multiplicative models and defines how the presence of association is tested using hypotheses of independence and quasi-independence. The application of the procedures to real data is then detailed. This volume does not presuppose prior experience or knowledge of statistics beyond basic courses in fundamentals of probability and statistical inference. It serves as an ideal reference for professionals or as a textbook for graduate or advanced undergraduate students involved in statistics in the social sciences.
