A key challenge in the  
first-year composition

course is to inspire  
students as readers  
and to spark the kind  
of thoughtful classroom  
discussion that leads to  
solid academic writing.  
As series editor of "The  
Best American Essays"  
Robert Atwan  
constantly scours a  
wide range of print and

online periodicals, bringing to "America Now" an unrivaled awareness of the best writing on today's hottest issues. To make these issues especially relevant for students, Atwan also explores hundreds of campus newspapers on the Internet to find the best student writing on current topics. These models by their peers from across the country show students that they, too, can share ideas through their own discussion and writing.

Literature W. W. Norton & Company  
This collection of essays amply demonstrates the wide range of the poet's interests and includes essays on poetry, politics, and literature and his memoir of life in Leningrad

In this bold book, Samuel Cohen asserts the literary and historical importance of the period between the fall of the Berlin wall and that of the Twin Towers in New York.

With refreshing clarity, he examines six 1990s novels and two post-9/11 novels that explore the impact of the end of the Cold War: Pynchon's *Mason & Dixon*, Roth's *American Pastoral*, Morrison's *Paradise*,

O'Brien's *In the Lake of the Woods*, Didion's *The Last Thing He Wanted*, Eugenides's *Middlesex*, Lethem's *Fortress of Solitude*, and DeLillo's *Underworld*. Cohen emphasizes how these works reconnect the past to a present that is ironically keen on denying that connection. Exploring the ways ideas about paradise and pastoral, difference and exclusion, innocence and righteousness, triumph and trauma deform the stories Americans tell themselves about their nation's past, *After the End of History* challenges us to reconsider these works in a new light, offering fresh, insightful readings of what are destined to be classic works of literature. At

the same time, Cohen enters into the theoretical discussion about postmodern historical understanding. Throwing his hat in the ring with force and style, he confronts not only Francis Fukuyama's triumphalist response to the fall of the Soviet Union but also the other literary and political "end of history" claims put forth by such theorists as Fredric Jameson and Walter Benn Michaels. In a straightforward, affecting style, *After the End of History* offers us a new vision for the capabilities and confines of contemporary fiction.

**Chuck Klosterman IV**  
Da Capo Press  
Beyond black and white, native and alien, lies a vast and fertile

field of human experience. It is here that Eric Liu, former speechwriter for President Clinton and noted political commentator, invites us to explore. In these compellingly candid essays, Liu reflects on his life as a second-generation Chinese American and reveals the shifting frames of ethnic identity. Finding himself unable to read a Chinese memorial book about his father's life, he looks critically at the cost of his own assimilation. But he casts an equally questioning eye on the effort to sustain vast racial categories like "Asian American." And as he surveys the rising anxiety about China's influence, Liu illuminates the space that Asians have always occupied in the

American imagination. Reminiscent of the work of James Baldwin and its unwavering honesty, *The Accidental Asian* introduces a powerful and elegant voice into the discussion of what it means to be an American.
