Focus your English learning on the most
frequently used adverbs. Learn just the
100 adverbs you need for everyday life.
One of the usual mistakes when learning
a foreign language is that the student
has no priorities. All the unknown

adverbs get the same attention.

Actually, to communicate you only need
100 adverbs in any language. These
adverbs are the most frequently used
and can be defined using an algorithm
that provides the ranking. In this book
you'll find the list. This book will provide
you with the 100 adverbs you have to
learn first to get around when traveling
or interacting with English speaking
people. The phrases are presented in a
very simple fashion. No complications.

adjectives. It shows how they work together to form sentences and ideas, and how misuse of grammar can lead to serious misunderstandings. Nouns take on plural or singular meaning. Verbs take on past, present, and future tenses. The meaning of what we say depends on the correct word choices that we make. Of course, nouns and verbs are modified by adjectives and adverbs for greater descriptive value. Using all of the words at our disposal in the correct way makes our language sing with taste, color, and texture. English Grammar Lessons also deals with words that are spelled alike or sound alike but must be treated differently in order to avoid confusion. Synonyms and homonyms can confuse and bewilder the best of us. Also, the rules of pronunciation can become

confusing, and the book sets out the major rules that govern pronunciation. In addition to grammar rules, the book shows how good and exciting composition can liven up a bit of prose and keep it from becoming dead and dull. Composition involves using words to create a vivid picture. Each word is like a brushstroke of bright color that paints a unique scene.
