Travels Through Tribal Europe Crown

The nineteenth century was the heyday of travel, with Britons continually reassessing their own culture in relation to not only the colonized but also other Europeans, especially the ones that they encountered on the southern and eastern peripheries of the continent. Offering illustrative case studies, Katarina Gephardt shows how specific rhetorical strategies used in contemporary travel writing produced popular fictional representations of continental Europe in the works of Ann Radcliffe, Lord Byron, Charles Dickens, and Bram Stoker. She examines a wide range of autobiographical and fictional travel narratives

to demonstrate that the imaginative geographies underpinning British ideas of Europe emerged from the spaces between fact and fiction. Adding texture to her study are her analyses of the visual dimensions of cross-cultural representation and of the role of evolving technologies in defining a shared set of rhetorical strategies. Gephardt argues that British writers envisioned their country simultaneously as distinct from the Continent and as a part of Europe, anticipating the contradictory British discourse around European integration that involves both fear that the European super-state will violate British sovereignty and a desire to play a more central role in the European Union.

From the First World War to the waning days of the Cold War, a poignant exploration on what it means to be European at the end of the twentieth-century. Geert Mak crisscrosses Europe from Verdun to Berlin, Saint Petersburg to Srebrenica in search of evidence and witnesses of the last hundred years of Europe. Using his skills as an acclaimed journalist, Mak locates the smaller, personal stories within the epic arc of history—talking to a former ticket-taker at the gates of the Birkenau concentration camp or noting the neat rows of tiny shoes in the abandoned nursery school in the shadow of Chernobyl. His unique approach makes the reader an eyewitness to a half-forgotten past, full of unknown peculiarities,

sudden insights and touching encounters. Sweeping in scale, but intimate in detail, Europe is a masterpiece.

"Remarkable: a book about borders that makes the reader feel sumptuously free."

—Peter Pomerantsev In this extraordinary work of narrative reportage, Kapka Kassabova returns to Bulgaria, from where she emigrated as a girl twenty-five years previously, to explore the border it shares with Turkey and Greece. When she was a child, the

border zone was rumored to be an easier crossing point into the West than the Berlin Wall, and it swarmed with soldiers and spies. On holidays in the "Red Riviera" on the Black Sea, she remembers playing on the beach only miles from a bristling electrified fence whose barbs pointed inward toward the enemy: the citizens of the totalitarian regime. Kassabova discovers a place that has been shaped by successive forces of history: the Soviet and Ottoman empires, and, older still, myth and legend. Her exquisite portraits of fire walkers, smugglers, treasure hunters, botanists, and border guards populate the book. There are also the ragged men and women who have walked across Turkey from Syria and Iraq. But there seem to be nonhuman forces at work here too: This densely forested landscape is rich with curative springs and Thracian tombs, and the tug of the ancient world, of circular time and animism, is never far off. *Border* is a scintillating, immersive travel narrative that is also a shadow history of the Cold War, a sideways look at the migration crisis troubling

Europe, and a deep, witchy descent into interior and exterior geographies.

Rick Steves Francis Tapon yearned for a European adventure, but Western Europe seemed too tame and passé. So he traveled for 3 years visiting every Eastern European country—all 25 of them. *The Hidden Europe* cleverly mixes insightful facts with hilarious personal anecdotes. It's profound, yet light. Francis Tapon is a sharp observer who helps you distinguish a Latvian from a Lithuanian, while not confusing Slovenia with Slovakia. You'll also learn: - Why Baltic people are human squirrels.- When and why Poland disappeared from Europe.- Why

Czechoslovakia and Yugoslavia broke up.- Why Hungarians are really Martians.- How Slovenians learn languages so quickly.- Why the Balkans is so screwed up.- Why there's much more to Romania than Dracula.- Which Moldovan tradition saves marriages.- What the future holds for Belarus, Ukraine, Russia.- Why communism was a dream . . . and a nightmare.You'll understand a side of Europe that is still mysterious and misunderstood even 20 years after the fall of the Soviet Union. Francis Tapon is an ideal guide in a book that will become a classic travel narrative.

Twice in this century, Germany initiated wars of unimagined terror and destruction. In both cases, defense of the "Prussian" realm, the German homeland, was the perceived and vilified perpetrator. Few today understand with any precision what "Prussia" means, either geographically or nationalistically, but neither would they deny the psychic resonance of the single word. To most, it means unbridled aggression, the image of the goose-stepping Junker. But what was once Prussia is now a significant portion of Eastern Europe, a contested homeland first won by Christian knights of the Teutonic Order. For centuries thereafter its terrain has been crisscrossed by war and partitioned by barbed wire. In its final catastrophe of 1945, nearly two million German

refugees fled the region as Russian armies broke the eastern front, perhaps the greatest dislocation of a civilian population at any time during World War II. With the Berlin Wall now a memory and the Soviet Union in a state of collapse, this remains a geography in shambles. Modern travelers can now, for the first time in decades, see and ponder for themselves what Prussia really was and now is. James Charles Roy and Amos Elon, two writers noted for their inquisitive natures, have gone to search through the rubble themselves. They intermingle present-day observations with moving vignettes from the German and Prussian past, sketching a portrait of the Europe we know today. The story is spiced with interviews and reminiscences, unforgettable in their sadness, of people looking back at a life now gone, a life full of turmoil and heartache, memories both fond and tragic. The final result: a far deeper understanding of the tattered lands of today's Eastern Europe.

Journey through Poland, Ukraine, Slovenia, and

other places neglected by tourists, with “an accomplished stylist with an eye for telling detail” (Irvine Welsh). Andrzej Stasiuk is a restless and indefatigable traveler. By car, train, bus, and ferry, he goes from his native Poland to Slovakia, Hungary, Romania, Slovenia, Albania, Moldova, and Ukraine—to small towns and villages with strangely evocative names. “The heart of my Europe,” he tells us, “beats in Sokolów Podlaski and in Huși. It does not beat in Vienna.” In Comrat, a funeral procession moves slowly down the main street, the open coffin on a pickup truck, an old woman dressed in black brushing away the flies above the face of the deceased. In Soroca, he locates a baroque-Byzantine-Tatar-Turkish encampment, to meet Gypsies. And all the way to Babadag, between the Baltic Coast and the Black Sea, Stasiuk indulges his curiosity and his love for the forgotten places and people of Europe. “There isn’t quite a name for the region that holds the Polish writer Andrzej Stasiuk in thrall. The general drift is from ‘the land of King Ubu to the land of Count Dracula’, Poland to

Romania. . . . Its nucleus is the landlocked centre of Central Europe; its protoplasm spreads like an amoeba through the Balkans. It cannot be convincingly mapped. . . . As travel writing, this is unconventional, but as literature profoundly authentic.” —The Independent (UK) “A mesmerizing, not-to-be-missed trek through a little-visited region of the world.” —Kirkus Reviews “A eulogy for the old Europe, the Europe both in and out of time, the Europe now lost in the folds of the map.” —The Guardian (UK)

Your Complete Guide to Planning a Cultural Hiking Adventure Rick Steves

“Kingdom of Shadows must be called a spy novel, but it transcends genre, as did some Graham Greene and Eric Ambler classics.”—The Washington Post Paris, 1938. As Europe edges toward war, Nicholas Morath, an urbane former cavalry officer, spends his days working at the small advertising agency he owns and his nights in the bohemian circles of his Argentine mistress. But Morath has been recruited by his uncle, Count Janos Polanyi, a diplomat in the Hungarian legation, for

operations against Hitler’s Germany. It is Morath who does Polanyi’s clandestine work, moving between the beach cafés of Juan-les-Pins and the forests of Ruthenia, from Czech fortresses in the Sudetenland to the private gardens of the déclassé royalty in Budapest. The web Polanyi spins for Morath is deep and complex and pits him against German intelligence officers, NKVD renegades, and Croat assassins in a shadow war of treachery and uncertain loyalties, a war that Hungary cannot afford to lose. Alan Furst is frequently compared with Eric Ambler, Graham Greene, and John le Carré, but *Kingdom of Shadows* is distinctive and entirely original. It is Furst at his very best. Praise for *Kingdom of Shadows* “*Kingdom of Shadows* offers a realm of glamour and peril that are seamlessly intertwined and seem to arise effortlessly from the author’s consciousness.”—Janet Maslin, *The New York Times* “Subtly spun, sensitive to nuances, generous with contemporary detail and information discreetly conveyed. . . . It’s hard to overestimate *Kingdom of*

Shadows.”—Eugen Weber, Los Angeles Times “A triumph: evocative, heartfelt, knowing and witty.”—Robert J. Hughes, The Wall Street Journal “Imagine discovering an unscreened espionage thriller from the late 1930s, a classic black-and-white movie that captures the murky allegiances and moral ambiguity of Europe on the brink of war. . . . Nothing can be like watching Casablanca for the first time, but Furst comes closer than anyone has in years.”—Walter Shapiro, Time
