With contributions from many leading critics of horror and supernatural literature and media, the encyclopedia offers entries on leading authors of vampire literature (Bram Stoker, Anne Rice, Stephenie Meyer), on important individual literary works (*Dracula* and *Interview with the*

Vampire), on celebrated vampire films (the many different adaptations of Dracula, the Twilight series, Love at First Bite), and on television shows (Buffy the Vampire Slayer and Angel). It also covers other significant topics pertaining to vampires, such as vampires in world folklore, humorous vampire films, and vampire lifestyle.

Magic may be secret, but it'll kill you anyway. Twenty-eight-year-old mayor's assistant Elizabeth has enough on her plate grieving her father's suicide. She

doesn't need his stash of magical knowledge in the attic. She doesn't need the hidden supernatural subculture of monsters it pulls her into. And she certainly doesn't need hints that her father's madness might have been a smokescreen for something far darker. But uncovering her father's secrets could be the only way Elizabeth can stop a string of suspicious suicides... if the local wizard doesn't rip the memories out of her mind, first. Wizards, right?

SEKHEM APEP is both a recent modern study and magical grimoire exploring 20 years of the darker traditions of Typhonian and Vampyric Magick of the Black Order of the Dragon (BOTD). Destined to be one of the most controversial magickal books of recent

years, SEKHEM APEP unveils the theory and practice of vampyrism and the dark current of Typhonian Thelema from a Luciferian perspective. Presenting the foundation and beginning structure of the BOTD in the early 1990's, including the original manifesto, published for the first time since 1994, techniques and the mental technology of astral vampyrism is clearly presented including the Sigils of the Vampyre Cultus and their meaning. Techniques of feeding and accumulating Astral Energy from the physical body, astral projection and transforming life force according to the goal and desire of the Vampyre Adept, SEKHEM APEP is a gateway to those interested in the darker path of predatory spirituality. The ceremonial rites of the Vampyre are also included,

methods of attaining insight, wisdom and power from an ideology which aligns the perception of the individual with the Laws of Nature, balanced in the concept of survival of the fittest. The Nightside sorceries of Apep, the abyssic teachings of the Egyptian Vampyric Cultus which opens the shadow and predatory spirituality of the recesses of the Duat and Tunnels of Set, building on the structure of the Nightside Magick of Typhonian Thelema and Kenneth Grant. A discussion with author Stephen Sennitt ("Infernal Texts: Nox and Liber Koth") explores the dark magickal traditions he pioneered with a courage to present the Left Hand Path when few would accept it. A very controversial and previously secret ritual vampyric working in which Vampyre Adepts on specific dates and

times in 2010 conducted astral projection and Black Mirror rituals entitled 'Carrefour-Niantiel Working'. Illustrated with the haunting and death-inspired art of Karl N.E. (one of the original founders of the BOTD) and Kitti Solymosi, SEKHEM APEP will both shock and shatter the boundaries of forbidden and darksome magick and predatory spirituality.

The Psychic Vampire Codex is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. Father Sebastiaan, a fellow vampire writes in the foreword that Michelle Belanger's system "introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light, and it also helped those outside our community to view us differently. No longer were we parasites or predators . . . we could use our inborn abilities to help people heal."

Psychic vampires are people who prey on the vital, human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In The Psychic Vampire Codex, Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The Psychic Vampire Codex explodes all preconceptions and myths about who and what psychic vampires really are

and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world.

What is a grimoire? The word has a familiar ring to many people, particularly as a consequence of such popular television dramas as Buffy the Vampire Slayer and Charmed. But few people are sure exactly what it means. Put simply, grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia.

At their most benign, they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil. But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and, worst of all, to call up and make a pact with the Devil. Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day. But the grimoire represents much more than just magic. To understand the history of grimoires is to understand the spread of Christianity, the development of early science, the cultural influence of the print revolution, the growth of literacy, the impact of colonialism, and the expansion of western cultures across

the oceans. As this book richly demonstrates, the history of grimoires illuminates many of the most important developments in European history over the last two thousand years.

The first of D.H. Thorne's smaller Grimoires, this book details his practices of Infernal Vampiric Magick, complete with his explanation of what Vampirism is, and how to apply that knowledge in both ritual practice, and Energy manipulation. There are many books illustrating the fantastic and fictional nature of Vampirism. However, there are very few that properly, rationally, and unapologetically focus on its sinister left-hand path magickal applications. In "The Infernal Vampire Handbook," D.H. Thorne explores the metaphysical

plausibility of what Vampirism is, how it works, and what a Vampire really is. He instructs the reader on essential practices, rituals, and even vampiric initiatory rites with the Sanguine Mother, Lilith. All of this is from the perspective of a man who was part of the cultural awakening of the vampire subculture that took place in the 1990s. The era when the Vampire was established as more than a myth, but a kind of Otherkin. Dare to explore this book to learn how one need not even be a "Vampire" to use these elegant and practical techniques. To begin feeding upon the life force of others. To learn ways to initiate yourself with the Sanguine Mother, and execute vampiric astral attacks, and much more. This book has something for the newly

awakened vampire, the curious, and the experienced esoteric truth seeker alike. Magick and Immortals Weiser Books AKHKHARU - Vampyre Magick is a truly grimoire of forbidden, guiding and inspiring the aspirant towards the heretical and considerably 'secretive' initiatory rites formulated from the Black Order of the Dragon, beginning in the mid-1990's. Vampyre Magick is founded on the core and foundation of Luciferian Philosophy, with a decidedly deep alignment of the daimonic totality of predatory spirituality. The formulation of Vampyre Magick is founded on the essence behind the mythological vampire: Life Force (QI) is the reality behind the symbol of blood: Energy is formulated by thoughts, moods, focus, beliefs, outlook and so supports or

diminishes the living body. Sorcerous detachment from the physical body, shaping the Body of Shadow and transitioning from the mental realm to the astral plane, this involves the alignment with demonic and predatory spirits and deities, including Lamastu, Lilith, and the Udug-hul. Balance is existent within the two-fold experience of initiation, the aspirant becomes aware of the occurrence of the mind, including philosophical beliefs, gradually enhances and accumulates insight and power which is a gate-opening subtlety towards a metaphysical framework of the control and accumulation of the energy so generated by the thoughts and perception of consciousness. The rational and disciplined calculation of the Black Adept, shaping and conquering

earthly life so visualized with Vampyric Awareness (the transformation from the mundane to the predatory mastery of energy via the meditative and will-to-power unity of Will-Desire-Belief) elevates the Vampyre Magickian towards the hidden levels of liminal experience. Akhkharu guides the aspirant with beginning steps: philosophic transformation, self-mastery, and the strengthening of will; the techniques of feeding and draining energy (Life Force) from the living by unnoticeable techniques. Initiation into the Nightside, the alchemy which manipulates fantasy, imagination, will, desire and belief to attain power and liberation by the "drinking" of energy. The initiatory path of the Gates of the Qlippoth and Vampyre teachings are unveiled, gaining

the path to Infernal Apotheosis, Baptized as a Vampyre Magickian whose potential has now glimpsed the anti-cosmic liberation of chaos and the abyss. These
