[Basic Statistics for Business and Economics](#) Wiley Global  
 Education

Corporations Law: In Principle, 10th edition, continues its tradition  
 of being one of the most easy to understand texts on corporate  
 law in Australia. Since the last edition, there have been many  
 significant developments in both legislation and case law as a  
 result of a range of government reviews and administrative  
 changes.

**Understanding Canadian Business** Simon & Schuster  
 Introduction to Business covers the scope and sequence of most  
 introductory business courses. The book provides detailed  
 explanations in the context of core themes such as customer  
 satisfaction, ethics, entrepreneurship, global business, and  
 managing change. Introduction to Business includes hundreds of  
 current business examples from a range of industries and  
 geographic locations, which feature a variety of individuals. The  
 outcome is a balanced approach to the theory and application of  
 business concepts, with attention to the knowledge and skills

necessary for student success in this course and beyond.  
*Business Communication: In Person, In Print, Online* McGraw Hill  
 Understanding Business Global Edition by Nickels, McHugh, and  
 McHugh has been the number one textbook in the introduction to  
 business market for several editions for three reasons: (1) The  
 commitment and dedication of an author team that teaches this  
 course and believes in the importance and power of this learning  
 experience, (2) we listen to our customers, and (3) the quality of  
 our supplements package. We consistently look to the experts –  
 full-time faculty members, adjunct instructors, and of course  
 students – to drive the decisions we make about the text itself  
 and the ancillary package. Through focus groups, symposia, as  
 well as extensive reviewing of both text and key ancillaries, we  
 have heard the stories of more than 600 professors and their  
 insights and experiences are evident on every page of the  
 revision and in every supplement. As teachers of the course and  
 users of their own materials, the author team is dedicated to the  
 principles of excellence in business education. From providing the  
 richest most current topical coverage to using dynamic pedagogy  
 that puts students in touch with today's real business issues, to  
 creating groundbreaking and market-defining ancillary items for  
 professors and students alike, Understanding Business leads the

way.

Understanding Business McGraw-Hill Education

Baye's Managerial Economics and Business Strategy is one of the best-selling managerial economics textbooks. It is the first textbook to blend tools from intermediate microeconomics, game theory, and industrial organization for a managerial economics text. Baye is known for its balanced coverage of traditional and modern topics, and the fourth edition continues to offer the diverse managerial economics marketplace a flexible and up-to-date textbook. Baye offers coverage of frontier research in his new chapter on advanced topics. The Fourth Edition also offers completely new problem material, data, and much more.

Business Foundations: A Changing World Academic Press

Learn business communications your way with

Lehman/DuFrene/Walker's BCOM, 10E from 4LTR Press. This inviting, easy-reference book guides you through mastering today's business communication concepts and skills. Visually engaging, brief chapters offer numerous learning features and helpful study tools like Chapter Review Cards that consolidate review material into a ready-made study tool. You choose the format that best suits your learning preferences. BCOM, 10E is perfect if you prefer to use the printed book as your primary learning tool and reference resource for refining your business communication skills. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*The Universe's Coolest and Most Informative Book about Sex for Adults of All Ages* Project Management Institute

Understanding Business has long been the market leader because we listen to instructors and students. With this eleventh edition we are proud to offer a platinum experience, that: Improves Student Performance—Understanding Business puts students at the center. It's the only learning program on the market to offer proven adaptive technology that increases grades by a full letter through Connect® Business, and the only program to offer the first and only adaptive eBook ever, SmartBook. Enhances your Teaching—The authors are dedicated to supporting your teaching and your student's learning, which is why they listen to YOU and develop resources based on YOUR suggestions and course needs. This is the only author-team on the market that carefully review each and every resource to ensure cohesion. Accessible to All—This learning program has moved toward tighter compliance with the Web Content Accessibility Guidelines, and provides students the opportunity to learn regardless of learning style or disability. What's more, it earns a perfect score of 100 points possible by Quality Matters, an independent organization that reviews and certifies the quality of online courses and online components. Choose a platinum experience. Choose Understanding Business.

*Ethical Theory and Business* Taylor & Francis

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

*Mathematics for Business* Pearson Higher Ed

This title was first published in 2000: The author's masterly exposition of the principles and practice of project management has been pre-eminent in its field for four decades. It was among the very few early books to treat project management holistically, rather than as a collection of separate techniques. It thus explains the entire project management process in great detail, demonstrating techniques ranging from the simplest of charts to sophisticated computer applications. Everything is reinforced

throughout with case examples and diagrams. The text has been completely restructured and largely rewritten for this ninth edition, so that the sequence now follows even more closely the life-cycle of a typical project from its earliest definition to final close-out. Case examples and diagrams have all been reviewed, updated, augmented or replaced.

*An Overview of the Essentials* RosettaBooks, LLC

BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E

offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today's social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*BCOM* Routledge

PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide &- Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide: •Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.); •Provides an entire section devoted to tailoring the development approach and processes; •Includes an expanded list of models, methods, and artifacts; •Focuses on not just delivering project outputs but also enabling outcomes; and • Integrates with PMI standards+™ for information and standards application content based on project type, development approach, and industry sector.

**Corporations Law** Cengage Learning

This thoroughly revised edition of Mooney, Knox, and Schacht's text uses a theoretically balanced, student-centered approach to provide a comprehensive exploration of social problems. UNDERSTANDING SOCIAL PROBLEMS, Tenth Edition, progresses from a micro to macro level of analysis, focusing first on problems related to health care, drugs and alcohols, families, and crime, and then broadening to the larger issues of poverty and inequality, population growth, aging, environmental problems, and conflict around the world. The social problem in each chapter is framed in a global as well as a U.S. context. In addition, the three major theoretical perspectives are applied to the problem under discussion, and its consequences -- as well as alternative solutions -- are explored. Pedagogical features such as The Human Side and Self and Society enable students to grasp how social problems affect the lives of individuals and apply their understanding of social problems to their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

BUS 101, Middlesex County College Routledge

The seventh edition of this text continues to provide solid, practical, and current coverage of the mathematical topics students must master to attain success in business today. The text begins with a review of basic mathematics and goes on to introduce key business topics in algebra-based context. A new

section in Chapter 1 on problem solving (Section 1.1) helps students become better critical thinkers, meanwhile reviewing basic skills. Optional scientific calculator boxes are integrated throughout, and financial calculator boxes are now presented in later chapters to help students become more comfortable with technology as they enter the business world. The text continues to incorporate applications to a wide variety of careers so that students from all disciplines can relate to the material. A real-world application has been added to every chapter opener.

**Management 9e** McGraw-Hill Higher Education

Addresses law and employment decisions with a management perspective. This text explains how to approach and manage legal employment decisions, and outlines the specific legal framework in which management decisions are made.

**Global Business Today** Addison Wesley Longman

Charles Hill's *Global Business Today*, 4e (GBT) has become an established text in the International Business market for its excellent but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in *Global Business Today*, 4e through a variety of real world examples and cases from small, medium, and large companies throughout the world

**Contemporary Decision Making** McGraw-Hill/Irwin

*BUSINESS AND SOCIETY* employs a stakeholder management framework. This framework emphasizes a business's social, legal, political, and ethical responsibilities to both external and internal groups that have a stake, or interest, in that business. It is a fundamental goal of the course that students really get that responsible business decision makers strive to balance and protect the interests of various stakeholders--investors, employees, community, environment, etc. An emphasis is also placed on the fact that one needs to understand that business situations will continually arise that will truly test one's values and ethics. *BUSINESS AND SOCIETY* not only exposes students to diverse and important stakeholder and ethical frameworks for considering and protecting stakeholder interests, through its use of cases and other real-world applications, this text enhances the precision with which students think about and practice ethical decision making. Opportunities to apply stakeholder and ethical systems to specific business problems abound, and questions are provided with all cases and applications to focus student reasoning, ensuring excellent preparation for class discussions.

**Operations and Supply Chain Management** McGraw-Hill/Irwin

This book provides an overview of human development and includes the relationship between motor development and cognitive and social development. It explores factors affecting development, including effects of early stimulation and deprivation. The book addresses assessment in motor development.

*Guide to Getting it On!* Cengage Learning

No one understands the music industry--from the technology, to the legalities, to the new industry practices--better than veteran music lawyer Donald Passman. In this completely revised and updated seventh edition of *All You Need To Know About the Music Business*, which the Los Angeles Times called "the industry bible" and which has sold hundreds of thousands of copies, Passman offers executives and artists, experts and novices alike the essential information they need not only to survive in these

volatile and exciting times, but also to thrive. Drawing on his unique, up-to-the-minute experience as one of the most trusted advisors in the business, Passman offers advice concerning: - The Copyright Royalty Board's latest decisions regarding online transmissions. - The developing new customs concerning new technologies such as streaming on demand, ringtones, and digital downloads. Passman also gives guidance on other fundamental issues such as how to: - Select and hire a winning team of advisors--personal and business managers, agents, and attorneys--and structure their commissions, percentages, and fees in a way that will protect you and maximize these relationships. - Master the big picture and the finer points of record deals. - Navigate the ins and outs of songwriting, music publishing, and copyright law. - Maximize concert touring and merchandising deals. Almost everyone in the music business, from musicians and songwriters to entertainment lawyers and record company executives, are scrambling to sort out what is going to happen next, and Passman is right in the thick of these changes. Here is a book for anyone interested in a music career: a comprehensive and crucial guide to making it in one of the world's most dynamic industries.

*Loose-Leaf Edition Understanding Business* Cambridge University Press

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Visually engaging, enticing and current examples with an overall focus on business. *Business Law* continues to be the most engaging text for readers by featuring a visually appealing format with enticing and current examples while maintaining its focus on business. Readers will learn business law, ethics, and the legal environment in a way that will encourage them to ask questions and go beyond basic memorization.

*Contemporary Strategy Analysis Text Only* Wiley

Russell and Taylor's *Operations and Supply Chain Management*, 9th Edition is designed to teach students how to analyze processes, ensure quality, create value, and manage the flow of information and products, while creating value along the supply chain in a global environment. Russell and Taylor explain and clearly demonstrate the skills needed to be a successful operations manager. Most importantly, *Operations Management*, 9th Edition makes the quantitative topics easy for students to understand and the mathematical applications less intimidating. Appropriate for students preparing for careers across functional areas of the business environment, this text provides foundational understanding of both qualitative and quantitative operations management processes.

*The Core* McGraw-Hill/Irwin

Packed with 2013 and 2014 cases, *FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES*, 10e covers core business law topics like contracts and sales in a concise paperback. Summarized cases integrated throughout the text illustrate key points of law without unnecessary detail. Intended for the one-term course focused primarily on contracts and sales, the text condenses the latest legal topics--including cyberlaw, health-care, financial reform, and more--for quick comprehension. An entire chapter is devoted to Internet Law, Social Media, and Privacy. Current, abbreviated, and affordable, *FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES*, 10e provides an easy-to-understand alternative to traditional Business Law texts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
