As You Are TrineDay
SOCIOLOGY: FAMILY &
RELATIONSHIPS. NO
MORE GAMES. IT'S TIME
FOR THE TRUTH. Neil
Strauss made a name for
himself advocating
freedom, sex and
opportunity as the author
of *The Game*. Then he
met the woman who
forced him to question
everything. Neil's search
for answers took him from
Viagra-laden free-love
orgies to sex addiction
clinics, from cutting-edge
science labs to modern-
day harems, and, most
terrifying of all, to his own
mother. What he
discovered changed
everything he knew about
love, sex, relationships
and, ultimately, himself.
The Truth may have the
same effect on you.
Conversation Casanova
North Atlantic Books
Love, dating and
relationships is a subject
that is the ultimate
double-edged sword of
existence. It can bring you
tremendous joy or untold
misery. After 15 years of
misery, I decided to make
a change: I went out in
the world in search of
answers. After reading
every book I could

possibly get my hands on,
going to male
empowerment seminars,
approaching and
accosting thousands of
women, spending over
10,000 on self-
improvement courses and
communication courses, I
have found the ultimate
correlation between
science and
attraction...That
correlation is involving the
energy exchange of Direct
Current (a battery) and
Alternating current. In my
book I break down each
and every thing that I
have realized over the
past 15 years of self-
discovery. The ultimate
goal of my book is: to help
you become infinitely
happy with YOURSELF,
thus allowing you to
naturally attract the
perfect romantic partner
into your life. If you're
looking for a way to pick
up girls at the bar or if
you're looking to meet
your soul mate, this book
will help. But, be warned,
if you're just looking for a
surface-level experience
then you will likely think
very differently after
reading it. After being a
therapist for many years, I
realized that dating, sex
and a relationships is the
area that people have the
most stuck attention.
They are looking for help
and there was not very

much clear and helpful
information. Most
information out there is all
about "systems" and
button-pushing, not about
real, beautiful
connection. I hope to
change that. I hope you
use my book to achieve
everything you have ever
wanted in your life and to
better connect with and
become YOU.

Guide to Getting it On!

Discover What Women
Want in a Man and How
They Secretly Test You
For it If you pay close
enough attention to what
really attracts women,
you'll find that what
women want is a man
with a backbone. Women
want to be with a man
who knows how to take
the lead and make
decisions; one who has
strong personal
boundaries and knows
how to love her like...a
man. Unfortunately, a lot
of men have difficulty
accepting the truth that
many women prefer to be
with a man who isn't
afraid to stand up to
them, who challenges
them, and who refuses to
be pushed around by
women (or anything else
for that matter). This is
especially true of women
who seek a more
traditional male-female

gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through

Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your

wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Scroll to the top of the page and select the 'buy button' now. Hard Times Create Strong Men William Morrow You've been in that zone where socializing, both platonic and romantic, comes easy -- but most of

the time you're not there. Around the women who intimidate you most you struggle to think of what to say, sabotage yourself in ways you don't fully understand, and feel confused about when and how to express your sexuality. You worry that you'll have to settle for someone who you're not all that excited to be with (if you're lucky enough to find anyone) and/or face a messy divorce when it inevitably doesn't work out. That's why I wrote this book. I've coached men on improving their social and dating lives for over a decade, charging thousands of dollars for a weekend program, appearing on national news outlets, and amassing millions of views on youtube. I have a success rate with my clients that puts the rest of the industry to shame, and this book represents the very best of what I teach. I want to make this knowledge available now because I know what it's like to feel as though you'll have to settle for whatever comes along... like the women you really want to be with are speaking a different language. I wrote this book because I wish I had it back in middle school. This isn't a collection of

pickup lines or tricks. Let's face it - if those worked, you wouldn't be reading this right now. Simply put, this book teaches you to be that person you are when you're "in the zone" all the time. It's about stripping away all the things that are keeping you from being naturally attractive. You've always known that, "just be yourself," was good advice, otherwise it wouldn't be repeated so often. This is the book that finally explains how to do it. In this book you're going to learn: - How to eliminate "rejection" - Why the words you say don't really matter - The action to take that will always get you "in the zone" - How to identify the women that really want you to approach them - Understanding what flirting means, and how to become a master at it - What to text if she doesn't respond - How to know exactly when she wants you to make the move - What to say to start a conversation in any situation - How to make conversations with people who intimidate you flow as smoothly as chats with your best friends - How to get her to contribute equally to the conversation so you don't

do most of the talking and run out of things to say - How to easily overcome awkward silences - The secret to being funny - How to move an interaction forward sexually without ever worrying about being called "inappropriate" or "creepy" - How to get a phone number that turns into a date 90% of the time - How to ensure your dates are charged with sexual tension rather than ending in an awkward kiss attempt - The way sexual attraction actually works, and why the lessons you've learned your entire life are wrong - How to turn a friendship into something more - How to build a social circle so you'll always have a "wingman" or someone to hang out with - How to always look great, even if you're shopping on a budget - How to scream confidence with your body language instead of insecurity - The difference between "He was ok" and "He's awesome" - How to develop yourself into the man who naturally attracts the woman (or women) you really want Don't expect anything overly-complicated. You'll find yourself saying, "it can't be this easy," more than once - only to discover that you're the

one who's been making it difficult the entire time. Disclaimer: The language I use throughout this book represents men communicating with women because that's what I've successfully taught hundreds of guys to do. My advice, however, applies to anyone, man or woman, who's looking to improve their platonic and romantic communication with anyone else. Armed with The Layguide's wisdom, men will no longer fear rejection and will have the poise, power and skills to attract any woman. Stop for a moment and reflect. What is it you strive for in life? To have great sex, whenever you want, with the woman of your dreams. What if you could skip through the struggle and go straight to the prize? As the soon-to-be-published *The Game* testifies, this is a guide that guarantees success. This book will show you how to do that, too. For more than a decade, Tony Clink has read books, talked with friends and strangers, and searched the Internet looking for the best and most interesting ideas on picking up women. He's tried and tested them all, finding out which ones were duds and which ones

really worked, and traded his personal secrets with like-minded players around the world. And, of course, he's had lots and lots of amazing interaction with women, from steamy one night (or one hour) stands to his current two-year relationship with 'the most wonderful woman in the world'. Unlike other seduction guides, *The Layguide* is strictly no experience required. Even if you've never spoken to a woman in your life, Clink shows you step-by-step how to become the confident, successful 'lay man' you've always wanted to be. And if you're an experienced seducer, it will take you to heights of success you never thought possible.

The Layguide Harmony YOUR CLIENTS CAN LEGALLY KILL YOU...

Human beings spend a vast majority of their life doing two things: sleeping and working. These two areas, if messed up in some way, won't allow

you to live a good life. This book addresses the latter (and most likely, eventually, covers the first one as well). Bad clients or customers at your business can destroy not just your work life but also your personal life. That horrific client causes you massive stress and you come home and, without you even totally knowing it, you take it out on your family, friends, pets, etc. You can even develop sickness and your health can start to slip. The people around you need to be aggressively filtered and watched because the closer they are, the more they affect you (for better or worse). You have worked very hard to learn your trade or your skill-set. Why do you need to beg for clients? Why do you need to be treated poorly? Do you need them more or do they need you more? Here are the main points I want you to realize about your job or business: 1. All the "marketing" sharks floating around you and your business are looking to get paid, sneak under the radar long enough, and get out. Chances are they have no idea how to market or sell what you do. You've probably been burned before and you will get burned again. This

book will prevent that. 2. Marketing and sales are considered two different subjects. **THEY ARE NOT.** These two subjects are married and there is actually a step that goes in-between them that has to be in. If you don't do all 3 steps, you will continue to beg for your client's money and you will be a slave. You learn about all 3 aspects in this book. 3. All the garbage you have been told about "closing techniques," sales drills, etc have always seemed wrong or strange. **THEY ARE.** When you are honest and create an attraction system to actually bring in the kind of people you want to work with, there are no head-games, no emotional wrestling, no painful headaches and no looking at your bank account balance in terror. This book will show you exactly how to do this and how to set it up so that your clients respect you and your time and are excited to pay you and get started. 4. Price resistance can only exist in a situation where the prospect is not enlightened. People that have doubts or insecurities complain about price. This book will help you to create trust and stability for your prospects and clients so

that you do not need to handle price resistance ever again. You are a skilled technician. There are a million books out there on sales and marketing. It seems like a lot of work and you just "don't have the time" to do it. I will show you how you can actually make more money, dramatically reduce your stress and work **LESS** after this is all said-and-done. What is in this book applies also to staff and personnel: how to attract them and how to hire the right people. Marketing and sales, boiled down into one word, is simply **ATTRACTION.** If you attract the right people who are looking for what you have, there should not be much arguing or difficulty in having them around. So quit being a slave to your clients. Break your chains and regain your sanity. Regain your love for your work and allow that love to spread through your family, friends, etc. Make your work into a stronghold of your life where, no matter what else is going on, your work can be your anchor when times are tough. Work can be so wonderful that you actually feel good and refreshed after a 10-hour day. **THIS IS**

THE WAY WORK SHOULD BE. I dumped every ounce of knowledge I have on this subject into this book. I wrote it with the purpose of delivering to you, the reader, the maximum amount of value in the minimum amount of time with the minimum amount of big words or difficult concepts. I really want you to be able to gain this information easily so that you can use it right away. I care about you. Do well.
